IS A DECLARATION OF WAR

Congress Declares Spain Must at Once Evacuate Cuba.

The Measure Now With the President, Who Will Act at Once.

Ultimatum to Be Sent to Madrid, Demanding Prompt Compliance.

Congress Finally Agrees by Striking Out the Independence Clause--Spain Will Be Given a Day or Two to Reply--Refusal Will Be Followed by Hostilities on the Part of the United States.

WASHINGTON, April 19.—The joint resolution adopted by congress early this morning is now in the hands of the president.

Whether the chief executive has yet attached to the fateful document the signature that shall render it a practical declaration of war against Spain is not known.

He is preparing an ultimatum to the Spanish government and this will be signed simultaneously with the resolution.

The resolutions were signed at 12:06 this afternoon by Speaker Reed. They were at once carried to the senate, where, at 12:30 they were signed by Vice President Hobart. At 1:06 the resolutions were returned to the house and at 1:15 they were dispatched to the white house, where they were delivered to the president at 1:30.

It is believed that the president has already put his signature to the document, though announcement of his approval will not be made until tomorrow owing to the fact that the house has adjourned.

A BRIEF SESSION.

House Meets and Hears From Grosvenor and Then Adjourns.

WASHINGTON, April 19.—Proceedings were very dull and slow in congress today. The house early adjourned after a personal explanation by Grosvenor that he in a recent speech had intended no reflection on the loyalty of democrats or populists. He said the south would be foremost in the war at hand.

In the senate Allen offered a resolution recognizing Cuban independence and declaring that the United States would insist Cuba should not be responsible for any debt of Spain. He and Butler discussed it and then the senate took up the sundry civil bill.

A COUNCIL OF WAR.

President McKinley and His Cabinet Hold a Long Conference.

WASHINGTON, April 19.—Soon after the president's signatures is affixed to the joint resolution which everyone here expects is the prelude to war, Mr. McKinley will notify the Spanish government that he has signed the resolution and that its provisions require that Spain shall immediately withdraw her land and naval forces from Cuba and surrender her sovereignty over the island. His notification likewise will state the United States expects a prompt compliance with its term.

The time within which Spain will be required to make answer to this ultimatum will be determined upon at today's cabinet meeting, but it is not unlikely that twenty-four or forty-eight hours will be the time limit. It is not improbable that this final message to the queen regent may be communicated through Senor Polo, the Spanish minister, although this point also will be left to the decision of the cabinet.

Under any conditions it is thought that an advance movement of our naval forces will be delayed not more than two or three days at the longest.

Every one connected with the administration realizes that war is to be expected as the result of our ultimatum, and from this time forth the president and the members of his cabinet, it is said, will act as a unit in the execution of a most vigorous policy.

The president did not reach his office this morning until 10 o'clock. Everything about the executive mansion presented its usual quiet appearance. There were very few callers, and those were not admitted to see the president.

The cabinet began to assemble a little before 11 o'clock. Secretary Alger and Secretary Bliss were the first to arrive and were soon followed by the others.

Chairman Dingley, of the house ways and means committee, had a few minutes' conference with the president. It is believed that a war revenue bill has already been prepared even to the least important details and will be presented at once to the house as soon as hostilities actually begin.

It is thought that the secretary of the treasury will be authorized to issue a popular subscription to a loan of probably $100,000,000.

The public will be reached through postmasters, who will post notices in their offices giving all of the details which the general puplic would be interested in knowing. The subscriptions to the loan as a rule would be made by means of postoffice money orders or certified checks. The secretary, it is thought, will authorize an additional issue of $400,000,000 in 3 per cent. coin bonds running for a period of twenty years.

Although these are said to be the main features of the proposition the full details have not yet been worked out, and in the discussion of the measure by the committee it is not unlikely that important changes may be made even in the general plan.

At 11:30 o'clock Attorney General Griggs left the cabinet room to meet an engagement at the supreme court. Up to that time the question of an ultimatum had not been brought up. Secretary Gage had occupied the most of the half hour in the presentation of his views on the finances.

The cabinet was in session about an hour and a half. At 12:30 an adjournment was taken until 3:30, after a decision was reached to prepare an ultimatum to Spain. The ultimatum and the Cuban resolutions are to be signed simultaneously. Soon after the sessions closed the president and Secretary Bliss took a walk through the white house grounds. Although the official copy of the joint resolution was not before the meeting the copy, as it appeared in the congressional record, was read and discussed.

There was a difference of opinion as to the length of time that should be given to the Spaniards within which to reply to our pre-emptory demands for an evacuation of the island of Cuba. One or two of the members thought that twenty-four hours would be sufficient, while a number of others suggested forty-eight hours. The president, however, was of the opinion that we would not be in a position immediately to force our demands even at the end of forty-eight hours, and in view of that fact he thought that at least three days would not be too long a time to permit Spain to have for decision.

It was not with a view to giving Spain any particular consideration that he favored a longer time, but in his opinion it would take that time to put our army and navy forces in position to strike a decisive blow. The question, however, was left open for further consideration at this afternoon's session. The complex wording of the resolution, it is said will make it a matter of some difficulty to frame an ultimatum that will cover the points of the resolution in a satisfactory manner, and it may be late tonight before a satisfactory document can be decided upon.

It was understood that the resolution would not be signed, whenever received, until the ultimatum is also ready for signature, the purpose being that the two may be made one act. As the cortes meets tomorrow it is probable that the ultimatum will be sent in time to be placed before that body on its assembling. It is not thought, however, that any effort will be made to have it reach Madrid at any particular hour.

The Cuban resolution finally reached the white house at 1:30 o'clock with the signatures of Vice President Hobart and Speaker Reed attached. It was in charge of Representative Hager, of Iowa, chairman of the house committee on enrolled bills, who was accompanied by Representative Overstreet, of Indiana. The resolution was taken into Secretary Porter's office and thence to the president. The president did not sign the bill in the presence of the bearers, 'as they hoped he would do.

When informed that the house had adjourned until tomorrow at noon, Mr. McKinley said that being the case he would not have an opportunity to announce his action before that time. The committee was not with the president more than three minutes.

The cabinet meeting, it was learned during the afternoon, practically settled the question as to how many volunteers shall be called for to supplement the regular army in their operations in Cuba, the conclusion being arrived at that the president shall call for 80,000 men of the national militia.

Secretary Alger after this decision was reached, repaired to the war department and sent for Major General Miles and Adjutant-General Corbin. A conference lasting nearly an hour was had as to the means to be employed to give effect to the decision of the president and the cabinet. Considerable progress was made in outlining the plan to be followed, but owing to the complexity of the subject all the details could not be arranged at the first conference.

It is purposed to utilize this additional force in conformity to the terms of the bill submitted today to congress by Secretary Alger through Senator Hawley. According to the decision therein laid down, presuming the bill to be enacted into a law, the president would first apply to congress for the special permission required in this case to call for volunteers. The men thus secured, whether attached to the first organized militia or not, would technically pass into the service of the United States.

This would be necessary probably in order to escape a violation of the prohibition against sending the state militia out of the country. The additional men would still, however, be actually volunteers, and only in name part of the regular establishment. The law requires that in a call for troops the number required must be disiributed according to population among the several states.

In anticipation of this call the department officials have prepared a table showing the number of men that would be required from each state according to the apportionment of the last census.

It was said by Secretary Alger, after the conference, that the matter had not yet advanced far enough to make it possible to send to congress today a message from the president asking for the authority to issue a call for volunteers.

LONG NIGHT SESSION.

How the Cuban Resolutions Were Finally Passed by Congress.

WASHINGTON, April 19.—After one of the hardest fought battles between the two houses, known in many years, congress at a late hour this morning came to an agreement upon the most momentous question it has dealt with in the third of a century. The Cuban resolution was passed. Its provisions mean the expulsion of Spain from the island of Cuba by the armed forces of the United States. There were many roll calls in both houses and each body held tenaciously for its own resolution. The conferees had great difficulty in agreeing. The first conference showed a determination on the part of the house not to yield a single point, and it was only after a long consultation with the house leaders that they agreed to allow the little words "are and" in the first section of the senate resolution, which declares that the people of Cuba are and of right ought to be free and independent.

The resolution as finally adopted is that reported from the senate committee on foreign relations, with the addition of the fourth section known as the Teller amendment, disclaiming any intention on the part of the United States to acquire Cuba.

RESOLUTION AS ADOPTED.

The resolution as agreed upon in conference and passed by both branches of congress is that originally adopted by the senate with the clause recognizing Cuban independence stricken out. The resolution follows:

"Resolved, by the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

A NIGHT STRUGGLE.

The struggle which began at noon in the house by the amendment of the senate resolution lasted all night. Mr. Dingley's motion, made late in the afternoon, asking for a conference with the senate, prevailed. Messrs. Adams, of Penn-

[CONTINUED ON FOURTH PAGE.]

A CALL FOR TROOPS.

Eighty Thousand Men Will Be Asked For.

They Will Be Taken From the State Militia.

The Call Will Not Be Made for Several Days.

The United States Regulars Are Moving From All Points to the Big Camps in the South.

WASHINGTON, April 19.—The war department today practically decided that its first call to arms will be for 80,000 men, to be taken from the militia of the several states. There are some complications in the matter which it will take a little time to adjust and which will prevent the issuance of a call to the army for two or three days and may delay it even a little longer.

TROOPS ON THE MOVE.

All Branches of the Regular Service Started South.

WASHINGTON, April 19.—The three branches of the regular army, infantry, cavalry and artillery, began its movement toward the mobilizing points in the south from all parts of the United States today. The four points to which the army moves are Chickamauga battlefield, Tampa, New Orleans and Mobile. As soon as reaching those places they will go into camp.

Advance agents of the departments have preceded the troops and made all necessary arrangements for their comfort and convenience. The troops carry thirty days' rations and a number of rounds of ammunition. Telegrams received at the war department today indicate that a large proportion of the army will be on its way south before nightfall.

FROM FORT SHERIDAN.

The Dispatch of Troops to the South Has Begun.

CHICAGO, April 19.—The troops at Fort Sheridan, who have been ready to start since Saturday, were to leave for the south today at noon. It had been expected that they would march through the city, but General Brooke, commander of this department, would not permit this. The troops are to go over the Belt line to the Illinois Central and Pennsylvania tracks, the former to take Battery A, Second artillery, and a squad of cavalry to Chickamauga park, and the latter the Fourth infantry to Louisville.

On account of the somewhat limited trackage accommodations at Fort Sheridan, it was decided later that only the Fourth regiment of infantry, who go to Tampa, Fla., would leave today. Battery A, second artillery and the company of cavalry will require considerable time for the loading of their horses, guns, etc., and will not leave until tomorrow for the Chickamauga camping ground. Major General Brooke, who will command the forces at Chickamauga, will leave tonight over the Chicago and Eastern Illinois. He will be accompanied by his staff, Captain Richards, Sixteenth infantry; First Lieutenant Dean, Fourteenth infantry; Second Lieutenant McKenna, Fifteenth infantry; Colonel Sheridan, assistant adjutant general, and Lieutenant Colonel Hartsuff, deputy surgeon general.

A larger number of men will be left at Fort Sheridan than at any post in the department of the lakes. A department prison is located at Fort Sheridan, and as at the present time an unusual number of long time prisoners are in confinement there, a larger force will be left to guard them than would otherwise be the case. General Wade and his staff, formerly in command of the department of the Dakotas, arrived in Chicago today from St. Paul on his way to Tampa, where he will take command of the light artillery and cavalry.

CAMP GROUND SELECTED.

Preparations for the Rendezvous of Soldiers at Mobile.

MOBILE, Ala., April 19.—General Coppinger and staff reached here this morning on the private car of the vice president of the Missouri Pacific. The camp ground has been selected four miles from the city in the healthiest portion of the county. Rising ground, well drained and watered, with a railroad, street car and telegraph facilities, comprising six hundred acres of pine land. General Coppinger, who inspected the site, is perfectly satisfied with Major Pond's choice. The first troops will arrive here tonight.

GREETED BY ALGER.

Secretary of War Reviews the Sixth Cavalry En Route to Chickamauga.

WASHINGTON, April 19.—Troops A, E, G and H, of the Sixth cavalry from Fort Myer, passed through the city early this morning to the railroad station on their way to Chickamauga. They passed in review before Secretary Alger and General Miles and were greeted by crowds along the streets. The station was a scene of bustling activity during the hours necessary to load the cars. At 9:30 o'clock Secretary Alger, accompanied by his wife and daughter, arrived in a carriage. The secretary shook hands with officers and soldiers. After spending some time in this way he drove to the war department while the troops continued their preparations for departure.

BUYS SEVEN YACHTS.

Navy Department Acquires Several New Auxiliary Craft.

WASHINGTON, April 19.—The navy department today authorized the purchase of seven yachts for the auxiliary navy. Most of them are from persons living around New York and Boston. The names of the vessels are as follows: Thespia, Restless, Hlawari, Viking, Ituna Hiawatha and Aurevoir.

WAR FEVER IN KANSAS.

Great Public Demonstration Marks Departure of Fort Leavenworth Troops.

LEAVENWORTH, Kas., April 19.—The troops at Fort Leavenworth, who have been ready to move for a week, made their start today. They composed the twentieth infantry, which will go to Mobile, and four troops of the sixth regiment of cavalry, bound for Tampa, Fla. The troops go to St. Louis via. the Missouri Pacific, then south over the Illinois Central. Nearly the entire population was at the Fort depot to witness the departure. Business in the city was deserted, schools had been dismissed and factory hands released. Whistles blew and bells rang all over the city. The entire body of soldiers at the national home had come over on street cars with the home band and took part in the demonstration.

TROUBLE GETTING CARS.

Difficulty of Obtaining Transportation Delays Troops.

ST. LOUIS, April 19.—Owing to the inability of the Louisville and Nashville railroad company to get cars, the Third cavalry was not able to leave for Chickamauga last night as expected. Sufficient cars were obtained today from Louisville and that command expects to get away before night. The Missouri Pacific and Iron Mountain will move the Eleventh infantry tonight. Eight companies of the twenty-second infantry, Col. Chas. A. Wickoff, commanding, are expected to arrive this afternoon from Fort Crook, near Omaha, for the south. The First and Second cavalry and eight companies of the Twentieth infantry will also pass through St. Louis from the west to their newly assigned posts within the next few days.

WANT ANNEXATION.

Spanish in Cuba Look Toward the United States.

The Wealthier Classes Have Faith in This Government--Affairs Quiet in Havana.

(Correspondence of the Associated Press.)

HAVANA, April 19, via Vera Cruiz, Mexico.—In the midst of the complicated political situation, one fact stands out clearly and stubbornly, and that is that the better class of people, particularly among the Spanish residents here, grow daily more and more in favor of the annexation of Cuba to the United States as being the only safe solution of the crisis and as the only plan which will guarantee the safety of their persons and the integrity of their interests.

So far as autonomy is concerned, the official of the colonial government have already committed so many mistakes that, should autonomy last a year longer, the people would be so thoroughly convinced of its impotency that they would rebel against it.

The work of fortifying the coasts of Cuba, from Spain's standpoint, is progressing rapidly and effectively. The planting of torpedoes has been progressing with a certain amount of activity, considering the resources at the disposal of the Spanish engineers and military authorities generally.

The insurgents maintain the stand which they have all along held, namely, that they will not accept anything short of independence.

The Spanish officers and patriots of Spain pretend to have received the news of the armistice with feelings of perfect disgust, but they appear to be gradually awakening to the fact that matters are reaching a point which indicates that their stay in Cuba is likely to be of very short duration. At the clubs the officers are already talking about getting ready to leave, and are discussing their future prospects in Spain, where their pay is considerably less than it is here and are reflecting upon the fact that promotion will be very slow when the war in Cuba is over.

In the provinces a feeling of alarm prevails among the better classes and families which can afford to do so are chartering vessels to get away.

Dr. Congosto, the secretary general of Cuba, engaged in an altercation with Senor Corso, a reporter of the staff of the Union Constitutional, in the office of the censor, Senor Mendez, on yesterday. Subsequently Senor Corsos sent a challenge to Dr. Congosto, who accepted. The meeting has not yet taken place.

Dr. J. W. Thompson, dentist, has decided to again locate in Fort Wayne and has leased his old quarters on East Wayne street.

THE END OF LIFE.

Two Prominent Citizens Called to Rest.

William Horstman Died at An Early Hour Today.

J. H. Grimme, the Merchant Tailor, Passes Away.

Both Men Had Resided in Fort Wayne More Than a Quarter of a Century--Other Deaths and Funerals.

In its selection of victims the angel of death is no respector of persons. The young and the old, the rich and the poor, the prominent and lowly citizen must finally all yield to death's embrace.

This morning, at 6:30 o'clock, at his home, No. 121 Grant avenue, occurred the death of Wilhelm Horstman, aged fifty-three years, five months and two days. He had been ill with gastritis and Bright's disease and his condition had been serious only a short time. Mr. Horstman was born in Prussia, Germany, but came to Fort Wayne about twenty-six years ago and for many years past has been following the vocation of a street contractor and sewer builder, he having done much of the city's work. Foursons and four daughters survive him, as follows: Gustave H. Horstman, Maria Ehlerding, of Adams county; Louise Eix, who lives on the Leo road: William, jr., Herman, Otto, Augusta and Emma. One sister resides in Wisconsin, but all the other relatives are still in Germany. The funeral will occur Friday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Latheran church, Rev. Lange officiating.

GRIMME.

Monday afternoon at 5 o'clock occurred the death of John H. Grimme, the well known merchant tailor, at his home, No. 82 Brackenridge street. Mr. Grimme had been confined to his home only about ten days. One year ago he suffered a paralytic stroke and ever since has been ailing. Ten days ago he had another attack of paralysis and his constitution could not withstand the shock.

Mr. Grimme was an old and highly respected citizen of Fort Wayne, having long been connected with the business interests of the city and county. He was born in Hanover, Germany, and emigrated to this country at the age of seventeen years. He lived in New York city for about three years, during which time he learned the tailoring trade. He moved to Pittsburg, and later to Cleveland, remaining only a short time in each place. He then moved to Dayton, Ky., where he lived for thirty years. In 1871 he moved to this city where he has since resided. He was at his death aged seventy-five years, eight months. Upon coming to Fort Wayne Mr. Grimme opened a tailoring establishment on West Wayne street, where the Louis Mohr building now stands. By hard and constant labor he built up a large business there. During the war he served his country, being a soldier in the union forces of Kentucky.

In 1845, he was married to Miss Adelaide Rekers. Three years ago they celebrated their golden wedding. Besides his wife, five children survive their father. They are: John C. and Gerhard B. Grimme, Mrs. F. A. Petgen, Mrs. Louis H. Gocke and A. J. Kellar.

The funeral will take place at 9 o'clock Thursday morning from the St. Paul's Catholic church. One of the requests of the deceased was that there should be no floral offerings at his funeral.

NERRHOOD.

The death of Georgia A. Nerrhood, aged seven years, occurred yesterday afternoon at the home of her parents, 103 High street, the cause of death being pneumonia. Her father is Mathias Nerrhood, who is an employe of the Pape factory. The funeral will be held Wednesday afternoon, at 1 o'clock, from the residence, and at 2 o'clock from Christ's Lutheran church.

MOREHOUSE.

The Seattle Post-Intelligencer of April 13, contained the following account of the death of a former Fort Wayne citizen:

Horace B. Morehouse, who for the past three years has been connected with the advertising department of the Post-Intelligencer, died yesterday morning at his residence on First avenue. Mr. Morehouse was taken sick five weeks ago with a complication of troubles. He was a native of Dayton, O., and forty-five years of age. Mr. Morehouse came to Seattle in March, 1889, and engaged in business. Before coming here he was in business at Fort Wayne, Ind. During the last two years the Daily Telegraph was in existence he was the advertising manager. In 1895 he became a member of the Post-Intelligencer businesss department force, and as advertising solicitor was well and favorably known to the business men of Seattle. An upright, conscientious man, he made many friends with those whom he came in contact. His duties to his employers were discharged faithfully, conscientiously and intelligently. His chief characteristic was his industry, not less than his honesty. His place will not be easy to fill. He leaves a wife and one child, a boy of nine years, besides his mother and stepfather, Mr. and Mrs. N. Young.

The funeral will take place today at 2 o'clock from Bonney and Stewart's chapel, and the services will be private. Interment will be at Lake View cemetery.

RUSSELL.

William Russell, the father of Mrs. S. F. Bowser, Mrs. A. Z. Polhamus and John T. Russell, of this city, and Mrs. I. S. Walker, William J. Russell and George H. Russell, of Grand Rapids, died yesterday at Grand Rapids, where he has made his home for several years past. The remains arrived at noon today over the Grand Rapids and Indiana road, and the funeral will be held from the residence of A. Z. Polhamus, 261 East Creighton avenue, tomorrow at 10 o'clock a. m., Rev. L. L. Henson officiating, assisted by Rev. N. L. Stanbaugh.

MEYER.

The funeral of Arthur Meyer will occur Wednesday afternoon at 2 o'clock from the home of the parents, No. 138 Harrison street.

OUR MAIL CARRIERS.

See Them in Gross & Pellen's Window.

The Miner Studio Has Surpassed Its Former Efforts in High Art Work.

In the north show window of the Gross & Pellens drug store, corner of Wayne and Calhoun streets, is a display that is attracting more than the usual amount of attention from passers-by. It is a group of all the mail carriers of the city and is the work of the popular Miner studio, 23 West Wayne street. In the center is the picture of W. D. Page, the present postmaster of Fort Wayne, surrounded by the force of carriers and handsome interior views of the postoffice. At the top of the frame is a group of the former postmasters of the city. At the lower corners are mail carriers' sacks filled with letters, and at the sides are lamp posts on which are the regulation mail boxes. At the top in each corner are railway mail sacks, the whole making a wonderfully effective picture.

The Miner studio is justly famous for this kind of work as well as everything else pertaining to the photographic art. The pictures are all finished in the popular platina finish, in which Mr. Miner has no equal in the state.

The Miner studio makes a specialty of confirmation pictures and is prepared to take them day or night. Having the greatest battery of electric lights for night work in the country, an invention of Mr. Miners and favorably passed upon by all the leading artists of the United States.

ON HALF PAY.

National Express Company Issues a Patriotic Order.

All Employes Who Enlist in the Army Will Receive Half Pay and Be Reinstated at the Close of War.

L. P. Hulburd, local agent of the National Express company, today received a letter from J. A. Vickers, the superintendent, informing him that all employes of the company who are members of the national guard and who enlist in the government service will receive half pay from the express company during their service in the army and will be reinstated in their old positions at the close of the enlistment term. Mr. Hulburd, who is also agent for the American Express company, says he expects to receive similar news from that company in a few days. During the war of the rebellion the American Express company paid all men who enlisted while they were in its employ full pay during their entire service in the army and at its close reinstated them in the company's service. Such patriotism is commendable and will be appreciated by the American people.

ORDERED AT ONCE.

New Warships in Foreign Waters Commanded to Come at Once.

FALMOUTH, April 19.—The United States cruiser Topeka, formerly the Diogenes, has received urgent orders to sail immediately for the United States, without waiting for the United States torpedo boat Somers, which is being repaired here.

THE ERICSON DAMAGED.

KEY WEST, Fla., April 19.—The United States torpedo boat Ericcson met with an accident at 3 o'clock this morning. She was patroling about off Sand Key, in the gulf, when she collided with the station pilot boat Hero. The damage to the Ericcson was not serious.

ONLY NATIONAL GUARD

Will Be Given an Opportunity to Volunteer at This Time.

WASHINGTON, April 19.—It is stated at the war department this afternoon that only the national guard will be given opportunity to volunteer at this time. The president will reserve the right to appoint all staff and field officers, while the governors of states will designate regimental officers, as was done in 1861.

Mrs. Lizbeth Van Nuye; expert in Facial Massage and care of the Complexion, is at the New Aveline Hotel Tuesday, Wednesday and Thursday of this week. Consultation free. Hours, 9:00 a. m. to 5:00 p. m. 19-2t

SPAIN IS FOR WAR.

Prefers to Fight Rather Than Yield.

War Regarded as Now Altogether Inevitable.

Queen's Speech at Opening of Cortes.

Her Words Will Be Firm, Patriotic and Satisfactory to All Spaniard--War News From Abroad.

MADRID, April 19—2:30 P. M.—The terms of the speech which the queen regent will deliver at the opening of the cortes tomorrow are jealously guarded, but it is said that the speech will prove firm, convincing and satisfactory to the national sentiments.

It is claimed here that perfect unanimity prevails in Spain to face war rather than yield to the demands of the United States.

NOW EXPECT WAR.

A Conflict is Believed to Be Unavoidable.

MADRID, April 19, 1 p. m.—The general belief here is that the joint resolution of congress makes war between Spain and the United States inevitable.

The correspondent of the Associated Press was the first person to take the news of the action of congress to the United States minister, General Stewart L. Woodford, and the minister of the colonies, Senor Morel, and the minister for foreign affairs, Senor Gullon.

The premier, Senor Sagasta, had had a conference with the queen regent this morning.

MEDIATION IS USELESS.

BERLIN, April 19.—The German foreign office declares that Dr. Von Holleben, the ambassador of Germany at Washington, instead of joining in renewed representations to the United States, is urging ambassadors to stop their attempts at mediation, as they are useless.

DREIBUND HAS A PROPOSAL.

LONDON, April 19.—It is reported that the Dreibund or triple alliance, composed of Germany, Austria and Italy, acting upon the suggestion of Italy, has proposed to the powers a plebescite, under which the population of Cuba should be allowed to vote for the form of government under which they shall live.

CRUISERS AT CAPE VERDE ISLANDS.

ST. VINCENT, Cape Verde Islands, April 19.—The first-class Spanish cruisers Vizcaya and O'quenda, last reported at Porto Rico, arrived here at noon today, to reinforce the Spanish fleet in these waters.

BANISHING AMERICANS.

Naturalized Citizens of Porto Rico Being Driven Out.

ST. THOMAS, West Indies, April 19.—Advices received here from Porto Rico today show there is agitation there with the object of forcing naturalized Americans to declare themselves and leave the island.

Further reports have also been received here of the excitement following the departure of the American consuls, and it is said that many people are ready to leave the island at the first opportunity.

The Spanish authorities have ordered 80,000 rations for the troops at Porto Rico.

The elections which took place on April 10 resulted, as prearranged, in a liberal victory.

SPAIN'S GRIEVANCES.

Holds the United States Responsible for Provoking War.

MADRID, April 19.—4:15 P. M.—On the receipt of a dispatch from the Spanish minister at Washington, Senor Polo Y Bernabe, giving the result of yesterday's voting in congress, the minister of foreign affairs, Senor Gullon, forwarded to all Spanish ambassadors a memorandum to submit to the foreign governments, setting forth the grievances of Spain, showing all Spain has done to avoid war, and saying the responsibility for war rests entirely upon the United States.

POLO STILL HERE.

Spanish Minister Has Not Left Washington, Though Ready to Go.

WASHINGTON, April 19.—The Spanish minister was still at his post in Washington at noon today. It is well understood that he has quite definite instructions but he will not make these known though it is quite evident he has no purpose of leaving Washington today. It is understood that as soon as he received official notice of the fact that the Cuban resolution is a law he will not await further formalities on the part of the United States, such as giving him pasports, etc., but will himself take the initiative toward departure. He communicated the action of congress to his government immediately both houses had passed the resolution but is absolutely silent as to the instructions cabled him in reply.

W. S. Putnam, of Rochester, Ind., is in Fort Wayne on business today.

THE concert of the powers has a barrel organ finale.

THE line has again tightened about Spain. It is now war or submission.

IT has been decided that Cuba is free. The next thing in order is to make this a matter of international record.

TO TREAT coal as contraband of war is to give Spain a deadly punch in the solar plexus. The United States won't be touched. We've got coal to burn over here.

IF the dead heroes of the Maine could hear some of the execrable songs that are being sung about them they would think there is no great glory in the martyrdom of the patriot.

IT is said that the government will adopt General Grant's campaign in Cuba. We would have been spared all this trouble if General Grant had adopted his plans himself.

CONGRESS devoted a week to what might have been done in half a day. The passion to talk is a world-wide disease, but it develops its greatest malignance in the senate of the United States.

THE barroom, says a writer, makes a poor bank. You deposit your money—and lose it. Your time—and lose it. Your character—and lose it. Your health—and lose it. Your strength—and lose it. Your manly independence—and lose it. Your self-control—and lose it. Your home comfort—and lose it. Your wife's happiness—and lose it. Your own soul—and lose it.

A WESTERN paper recently invited the surviving Union and Confederate officers to give an account of the bravest act observed by each during the civil war. Colonel Thomas W. Higginson said that, at a dinner at Beaufort, S. C., where whine flowed freely and ribald jests were bandied, Dr. Miner, a slight, boyish fellow who did not drink, was told that he could not go until he had drunk a toast, told a story, or sung a song. He replied: "I can not sing, but I will give you a toast, although I must drink it in water. It is 'Our Mothers.'" The men were so affected and ashamed that some took him by the hand and thanked him for displaying courage greater than that required to walk up to the mouth of a cannon.

THE malignant perversity of the types has put THE SENTINEL under obligation to offer its most humble apology to Rev. T. DeWitt Talmage. In yesterday's issue the news article noting the presence of the distinguished preacher in Fort Wayne said, in connection with his proposed military service, that he "has long been fired with marital ardor." The eminent divine's recent happy union with the charming Mrs. Talmage makes such an observation entirely unprovoked. However, it should be stated that two little letters, inoffensive enough when in their proper positions, became transposed. The word intended was "martial," not "marital."

TEACH the girls how to work. It has been truly said that the poorest girls in the world are those not taught to work. There are thousands of them. Rich parents have petted them, and they have been taught to despise labor and to depend upon others for a living, and are perfectly helpless. The most forlorn women belong to this class. Every daughter should learn to earn her own living, the rich as well as the poor. The wheel of fortune rolls swiftly around; the rich are likely to become poor, and the poor rich. Skill added to labor is no disadvantage to the rich, and is indispensable to the poor. Well-to-do girls should learn to work. No reform is more imperative than this.

THE natural resources of Cuba are infinite, it may be said, in variety. Of her area only 10 per cent. is under cultivation, 7 per cent. is not reclaimed and 4 per cent. is under forests. Great tracts of the island are practically unexplored. She had in 1894 a population of a little more than 1,500,000. Of these nearly one-third have been starved to death during the present war. Cuba could support in plenty a population of 10,000,000. Her forests are stocked with the finest wood in the world—wood, several species of which are as hard as iron, turning the edge of the ax and remaining imperishable under water. There are found woods invaluable for the dye industry, ebony, cedar, fustic, lancewood, mahogany, rosewood, jocuma, acana and many others. There are fifty varieties of palm. Her fruits are valuable and little cultivated. Her climate is admirably suited for the olive, and so fertile is the soil and in such constant mood of jollity is Mother Nature that she needs not to be tickled with the hoe to laugh with a harvest, for bananas will grow without cultivation, and like the orange, the lemon and the pineapple, are indigenous. That Cuba has made so little progress in the development of her marvelous resources is due to the curse of Spanish rule and the natural indolence that is characteristic of peoples of the tropics. When the island is free, as it soon will be, American and British capital will find a rich field for investment and development, and Cuba will become a land of wonderful richness and riches.

Spain Must Yield or Fight.

After weeks of diplomatic evasion, wrangling and deception, Spain is again brought sharply face to face with the same inexorable situation.

She must strike her flag in the western hemisphere or see it hauled down by hostile hands.

Spain must yield or fight.

Through their deputed lawmakers the seventy millions of people of the United States have declared that the oppressed and starving thousands in Cuba are of right free and independent. Spain herself must promptly so declare, or within a few hours the strong arm of this nation will be put forth to enforce the high degree of liberty.

Spain must herself elect the issue. If she chooses to evacuate Cuba peaceably, well and good. If she prefers the arbitrament of armed conflict, if it will be a balm to her arrogance to see the remnants of her once vast power in this hemisphere riven and destroyed by the thunderbolts of war, so be it.

No power on the planet can secure to her the longer maintenance of her sway in Cuba. No human agency save her own discretion can avert the impending disasters of an overwhelmingly unequal contest. Her power is shattered, her rule is doomed, and it remains only to complete the final scene of the four centuries of bloody tragedy with which she has crimsoned the history of the western world.

With rifle volley and cannon blast the last dread vestiges of her unholy rule will soon be swept away. This republic, standing as "the sentinel of liberty in the western hemisphere," is firm in its determination, unfaltering in its patriotism, and armed for the conflict.

War can yet be averted and all who think aright will hope that it may. But there is a solitary condition. Cuba must be free.

Spain must yield or fight.

Art Beuke, of the Meyer Bros. & Co.'s drug store, was riding his wheel on the Goshen road, Sunday, and in attempting to coast down a hill, he took a header, and cut a deep gash in his chin, necessitating the taking of several stitches to close the wound.

NO ILL-FEELING.

Regular Army and Militia Regard Each Other Amicably.

Adjutant General Corbin Denies That There is Jealousy and Says Cordial Feelings Exist.

WASHINGTON, April 19.—The attention of Adjutant-General Corbin, of the army, having been called to certain publications stating that ill-feeling existed between the regular army and the national guard of the several states he stated that, so far as he was informed, the report had no foundation; in fact so far as he could ascertain, or was advised, only the most cordial relations existed and every effort to retain these relations was being fostered and put forth by officers in authority in the war department.

In answer to numerous inquiries as to the manner and the number of troops that may, in the near future, be called into active service, the general stated that it was absolutely impossible for him to give any definite information; that the president doubtless, in any call he might make for troops, would specify the number and character to give each state a representation in proportion to its population. Whether the national guard can be called into service as such is a question about which there is a difference of opinion.

It can be stated, however, that the war department recognizes the fact that the national guard is largely composed of excellent military material, and within the limitations of the law every effort will be made to secure this fine material for any active service that the government may have for troops outside of the regular army.

Numerous inquiries and applications have been made for the appointment of commissioned officers of volunteers. It is quite definitely determined that the war department will deal only with the governors of states, and when the regiments are offered for muster these officers will be mustered in as appointed by the governor.

READY FOR WAR.

The United States Prepared for Operations.

No More Foreign Warships Will be Purchased—Camp Equipage Engaging Attention.

WASHINGTON, April 19.—The bulk of preparations for action are about completed and the work is now reduced to perfecting details. The army is being mobilized and all that remains is to insure the prompt supply of all classes of equipment, and as was stated at the navy department today, the market has been gleaned of available vessels and it now comes to manning them and perfecting methods of communication and co-operation. The O'Higgins was the last desirable ship of any size in sight and it has been authoritatively announced that all hope of getting her has been abandoned.

General Greely, in charge of telegraph and telephone communication between seacoast fortifications, announces that this work is in a gratifying state of forwardness.

Superintendent Kimball, of the life saving service, has conferred with Assistant Secretary Roosevelt on employing the men of the coast service in a regularly organized system of reporting war vessels sighted at points remote from ordinary ports of entry. Such a system will be a valuable adjunct to the regular observation service.

A novel departure in naval practice is the formation of a marine battalion which will accompany the North Atlantic squadron and be used in landing operations.

The quartermaster generals department of the army is rushing work on the forts and tent equipage. Ordinarily Philadelphia gets these contracts but recently the war department has contracted for making them at St. Louis, New York and Chicago also. Quite a consignment of tents have been alloted to the militia of the states under the act of congress.

THE NEWSWRITERS.

War Department Will Take Care of the Correspondents.

WASHINGTON, April 19.—Assistant Secretary of War Meiklejohn is giving consideration to the arrangements for newspaper men with the invading army in Cuba. He has not yet formulated more than a very general plan.

It is recognized in the war department that the correspondents must be provided for, and it is proposed to attach them to the army in some capacity. This will give them the facilities for transportation and provide them with certain material. They will be permitted to mess with the officers, sharing with the latter the personal expenses of the camp.

They are not likely to have official surveillance beyond the obvious control the commanding general would have over those attached, even in a personal capacity, to his command or his fleet.

They will be permitted to come and go as they please in most instances, and will be enabled to write and file dispatches at will. There is some talk of exercising a censorship over matter sent out from Cuba, as matter of a confidential nature and reports of disasters would naturally embarrass the government and interfere with the success of operations on the island.

The artists on some of the illustrated papers have put in their applications, and representatives of some of the European papers have been to Washington for that purpose.

TO SERVE UNITED STATES.

Many British Officers are Applying for Employment.

LONDON, April 19.—The American embassy here is very busy attending to the applications of those who are desirous of serving in the United States army and navy in the event of war with Spain. Among the applicants are several British commissioned officers, most of whom are on half pay. A majority of them have been attached to infantry regiments, but some of them represent crack cavalry regiments. Five officers from outside of Great Britain have also applied for employment.

MAKING FLAGS.

Busy With Rush Orders for "Old Glory."

Thousands of "Star Spangled Banners" Are Being Made by Deft Hands in New York.

NEW YORK, April 19.—Day and night men, women and girls, urged to increased effort by impending war, are putting together for the United States navy the emblems that will flutter defiance in the face of the enemy of the nation. They are making flags at the New York navy yard in Brooklyn, and they are making them as strong as the hearts and the nerves of the men who will fight while life is left in defense of "Old Glory." Many of the operators have been long in this branch of the service. James Crimmins, the foreman, has held his place ever since the department has been established, more than thirty years. Several of the star sewers have been at their work for twenty years, and many of the stripe sewers almost as long.

The last touches to the flags are given by an old sailor, who, with three sharp knives, some strong thread and a coil of rope beside him on the bench, and with a peculiar thimble on his hand, attaches the flag to its rope, taking thirty stitches to each fastening. His stitch is a long sailor's knot warranted never to break or give way. No matter how busy he is he never allows anyone to take his place or even assist him in this work. Since the flags of the navy will have to rough it in all seas and under all conditions of weather, the bunting is thoroughly tested before being made up.

The white cotton cloth from which the stars are cut is folded into about twenty thicknesses. The pattern is then marked on it and cut out with a sharp knife or a hammer and chisel. Each flag has to have ninety stars (forty-five on each side), and these are sewed firmly in place on the blue field by experienced sewing women. Formerly Ben Butler had a monopoly in supplying the nation with bunting, but now the government buys where it can find the cheapest and best material each year.

IRELAND HOLDS OUT HOPE.

Archbishop Cables the Pope That There Is a Chance for Peace.

LONDON, April 19.—The Rome correspondent of the Daily Mail, telegraphing Monday, says:

"Archbishop Ireland cabled to the pope today, saying he had great hopes that his efforts for the preservation of peace would be crowned with success. The archbishop complains that the greatest obstacle in his path is the violent language used in Roman Catholic organs in Europe against America.

"I learn that the powers are now discussing the advisability of offering their pacific mediation in the controversy between Spain and the United States on the basis of Spain ultimately relinquishing her sovereignty over Cuba, but receiving due compensation."

The Fort Wayne Grand Fraternity will give a social at the hall of the Maccabees this evening.

Mother's Friend

is a liniment for expectant mothers to use externally. It softens the muscles and causes them to expand without discomfort. If used during most of the period of pregnancy there will be no morning sickness, no rising breasts, no headache. When baby is born there will be little pain, no danger, and labor will be short and easy. $1 a bottle at druggists.

Send for a FREE copy of our illustrated book about MOTHER'S FRIEND.

TWO GREAT SCIENTIFIC MEN.

What They Have Done and are Doing for the World, and What They Have to Say About Warner's Safe Cure.

PROF. S. A. LATTIMORE, The Chemist.

These are two great men. One is Prof. Lewis Swift, the astronomer, who has discovered more comets than any man who ever lived before upon the earth. The other is Prof. S. A. Lattimore, Vice-President of the University of Rochester, Professor of Chemistry and Analyst of Foods and Medicines of the New York State Board of Health.

Both these great men are careful observers and deeply interested in everything that can in any way help people to longer life and more happiness. Hence it comes that after careful observation they unhesitatingly endorse a popular preparation.

Professor Lattimore says:

"I know the formula of Warner's Safe Cure. I have investigated the processes of its manufacure, which are conducted with extreme care and according to the best methods. I have taken from the laboratory samples of all the articles used in the preparation of Safe Cure, as well as the medicine into which they enter. I have also purchased from different druggists Warner's Safe Cure and upon examination I find it entirely free from poisonous and deleterious substances."

Professor Swift in conversation said: "I have known of Warner's Safe Cure for years, and I know of what great help it has been to large numbers of people who have used it. Many of these persons have felt that they cannot do without it. These things prove that it undoubtedly merits the high confidence it enjoys."

Take the advice of the best and most reliable people.

Use only that which has been tested thoroughly and endorsed by the highest authorities in the land.

Warner's Safe Cure stands upon a plane by itself.

It is in every sense scientifically superior.

It cures the acids and rheums which are in the blood of every person after going through the strain of a winter.

How?

By driving these poisons from from the body through the kidneys.

It stops headaches by checking their cause.

It checks neuralgia and rheumatism by destroying the uric acid which causes rheumatism.

It keeps you in good health!

PROF. LEWIS SWIFT, The Astronomer.

PROPOSED ARMY.

Movement to Furnish 200,000 Soldiers Immediately.

The Plan Contemplates Reinforcing the Regulars by Calling Out the Militia and 60,000 Volunteers.

WASHINGTON, April 19.—Plans are being formulated in congress involving the placing of about 200,000 soldiers, in round numbers, at the disposal of the government within a very short time after the Cuban resolutions are approved by the president. The calculation is based on the following figures covered in plans already in effect or in contemplation, viz: Standing army 27,000; by call for volunteers 60,000; by calling out state militia 75,000 or 100,000; by army reorganization bill 5,000.

Leaving aside the present regular army force, the second and fourth items are practically settled on in committee, while the third, as to state militia, is being actively canvassed, and while there are differing views, they are expected to crystalize into an authorization to call out the number stated. The bill drawn by Representative Hull, chairman of the military committee, authorizes the president to call for something like 60,000 volunteers, to be drawn through the various states.

While this method obviates the legal technicalities involved in the services of state militia organizations per se, it is likely the volunteers thus obtained through quotas furnished by the respective state and territorial governors will come from within state militia ranks. In the house committee on militia a plan to effectually put a large number of the militia at the disposal of the president is being formulated.

Some think one hundred thousand excessive, but Chairman Marsh and others regard the figure as conservative in the view that the resolutions evidently mean war. The president, as now suggested by Representative Marsh, can call out the militia at any time and congress follow up the executive action by legislative enactment providing for their mustering into the United States service.

At the same time the army reorganization bill recently recommitted by the house is being carefully pruned by the military affairs committee to meet objections. It is proposed to extend the army organization to a three battallion war formation, and to increase the batteries of artillery to 200 men each. This measure, it is claimed, may bring 5,000 more men into the regular service to be added to the present 27,000 regular troops.

PHOTOGRAPH BATTLES.

Proposes to Make Lifelike Pictures of War Engagements.

WASHINGTON, April 19.—Extraordinary arrangements are understood to be under way for balloon photography. Within two or three days W. J. Rouse, one of the most expert photographers in the United States, has arrived in Washington with a new apparatus which has created a sensation among military experts.

Today he exhibited his new telescope-camera in operation, and it brought a set of chimneys at an actual distance of two-thirds of a mile, within an ordinary 100-yard photographic range. Every detail of the bricks, and even the tiniest interstices in the mortar were plainly shown on the developed photographic plate.

Mr. Rouse will ascend in a balloon from near Havana or some other convenient point in case of a naval engagement, and will be able at an elevation of 2,800 to 3,000 feet to photograph at a range of four miles.

He has already made photographs from balloons at a range of more than three miles, and one of his photographs of an aeronaut in a balloon at an elevation of 4,200 feet, taken from the ground, shows a perfect and easily recognizable portrait.

James H. Wallace, a prominent young man of this city, will leave this evening for Oklahoma, where he has made application to teach. Mr. Wallace is a graduate of the South Bend high school and his friends will wish him success in his new western home.

Sion S. Bass post will give a bean soup social at their hall, No. 80 Calhoun street, April 20.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit—What the Players Are Doing.

Lucky it was that Manager O'Meara ordered the players to report on April 5. They were all able to get in two weeks of good hard work and escape the necessity of exposing themselves to the unpleasant weather we are now having. Every player, with the possible exception of Babb and Fitch, is in good condition and ready for the season to begin. Yesterday and today the team has been practicing new signals and tomorrow if the weather is favorable they will go to the park, the gates will be locked and private signal practice will be the work of the afternoon. There will be no more games until the opening of the season at Dayton next Monday.

BELDEN WILL GO HOME.

Dr. C. E. Barnett states that Ira Belden's condition is such that he will be unable to play for at least a month. He is considerably weakened and at times becomes violent. It is a good humored violence, however, and is caused, probably, by the medicine which he is compelled to take. It is necessary to keep watch at his bed and Manager O'Meara details ball players to this duty. It has been decided to send him to Cleveland and relatives have been written to come after the sick ball player.

NOTES.

The Shamrocks will play at South Bend Sunday.

"Chic" Stahl lined out a three-bagger Monday.

Anson umpired a game at South Bend Monday and there was never a kick.

The Inter-State season opens next Monday. Fort Wayne will be at Dayton.

Swaim has gone to Oil City, Pa., to join Guy Hecker's team. He left this morning.

The Fort Wayne outfield, until Belden recovers, will be Cooke, left; Hickey, center; O'Meara, right.

Charles Zimmer has recommended an infielder named Sheehan to Manager O'Meara. With Fitch in good trim he will not be needed.

A Youngstown special says Manager Geer has decided to keep only thirteen players on the salary list, including four pitchers and two catchers.

Hartman is playing second base for Toledo until Erve Beck joins the team. When Beck comes on from Hot Springs Hartman will resume his old place in right.

Dayton seems to have a phenomenal pitcher in young Daugherty. He let Indianapolis down with one hit in Saturday's game. Daugherty hails from New York.

The Shakespeare Literary club will play any team in the city. Address J. Zerbauch, captain, No. 75 Baker street.

Campbell will do the catching for the team so long as he keeps up to the high standard he has set this spring in practice. O'Meara and Hickey will always be on hand to help him in case of accident.

The Shakespeare Literary club defeated the South Side Athletic club Sunday, by a score of 5 to 3. Batteries for Shakespeare Literary club, Zerbauch and Connelly; for South Side Athletic club, Mulharen and Kavanaugh. The feature of the game was the batting of McKendry and Mannix.

Miss Cora Dawkins, medical nurse, is at her rooms at the Y. W. C. A. for a few days. Miss Dawkins nursed David Spencer through his last illness and since his death has had scarcely any rest.

"Beauty and Power."

The secret of a woman's power is in her complete womanliness, both physical and mental. This does not mean perfection of outline nor regularity of features. It does not mean wit, nor talents nor accomplishments. It means that physical attractiveness that comes from perfect bodily condition and the bright, happy cheerfulness of disposition which only complete health can insure.

A woman with a bright eye, clear complexion, mantling color in the cheeks and buoyant elastic step and manner has a natural attractiveness that no artificial agency can counterfeit.

A woman who is afflicted with the mortifying misfortune of a dull, sallow, pimply complexion or that listless movement and attitude which provokes only disgust and revulsion in the opposite sex, ought to avail herself of the purifying, invigorating power of Dr. Pierce's Golden Medical Discovery, which makes a strong, healthy stomach and digestive organism; purifies the blood and imparts a natural stimulus to the excretory functions; insures healthy weight, clear skin, bright eyes and the animated manner and bearing of perfect health.

A lady living in West Virginia, Miss Anna Callow, of Kyger, Roane Co., writes: "It is with pleasure I write you after using a few bottles of Dr. Pierce's 'Favorite Prescription' and 'Golden Medical Discovery,' and I think them valuable medicines for female troubles and weaknesses. I could hardly go about my work I had such inward weakness and constant misery in the womb. It worried me so that I would give out in walking a short distance. I had a bad cough and my lungs hurt me all the time. I got very thin, my complexion was bad, and my eyes would get so heavy in the evening they seemed stiff in the lids. I could hardly move them. Many persons were alarmed about me, I looked so bad and had such a cough; they were afraid I would go into consumption. I felt so badly every day that I had no life about me. I used only five bottles in all. I shall ever speak its praise of your grand medicines. They are blessings to suffering females."

Another good thing to have in the house is a vial of Dr. Pierce's Pleasant Pellets. They cure biliousness and constipation and never gripe.

It will never happen that you can buy a Purer and More Wholesome article than

IMPERIAL BAKING POWDER

for your health's sake.

HIGH GRADE, REASONABLE PRICE.

And a velvety softness of the skin is invariably obtained by those who use POZZONI'S Complexion Powder.

DISPATCH BOAT.

Associated Press Charters Filibustering Tug Dauntless.

JACKSONVILLE, Fla., April 19.—The famous filibustering tug, Dauntless, is now the dispatch boat of the Associated Press. The United States court has released her upon a bond of $25,000, and she is being provisioned and coaled for her mission in southern seas. She will sail from Jacksonville today with the correspondent of the Associated Press and crew of picked men, knowing every inch of the Florida and Cuban coasts.

The Times Union and Citizen, whose editor carried on the negotiations for her charter, said this morning: "The special correspondent of the Associated Press is now in the city and will take command of the Dauntless. He has been actively engaged completing all arrangements, and today the tug will take on board about sixty tons of coal, besides sufficient provisions to last for the next month. The Dauntless will leave tomorrow, going from here direct to Key West, where other Associated Press correspondents will be taken on board.

THEY ARE DEADLY.

Tests Being Made of a New Explosive Shell for the Government.

PITTSBURG, Pa., April 19.—A new explosive shell, the invention of George W. McMillin, a Chicagoan, is being tested at the Twenty-ninth street works of the Carnegie Steel company, and the result may determine the duration of an encounter with Spanish men-of-war.

It is claimed that they are of a more dangerous nature to the enemy than any other projectile in the navy department. Within the next week they will be forwarded to Sandy Hook testing grounds, where they will be put through the government's most rigid examination.

INSPECTING THE LINE

Consulting Engineer Spencer on His Annual Trip.

Willard Smith Did Not Go Into the Government Service--Affairs of Shop and Rail.

Mr. Spencer, consulting engineer of the Pittsburg, Fort Wayne and Chicago Railway company, is out on his annual inspection of the property and is accompanied on the trip by Chief Engineer Thomas Rodd, of the Pennsylvania company. Their train left Pittsburg this morning and will arrive in this city at 6:30 o'clock this evening. The party will spend the night here and continue the journey in the morning. Mr. Spencer represents the stockholders of the original company and is not in any manner connected with the Pennsylvania company, which is the lessee of the property and has full control of it.

RAILWAY OFFICIAL CHANGES AT LIMA.

A Lima paper contained the following concerning a gentleman who formerly worked on the Nickel Plate and resided in this city: "It is stated on good authority that G. R. Haskell will retire as superintendent of the Detroit and Lima Northern road on May 1, and that he will be succeeded by W. J. Hawkins. W. M. Seegar, for several years general agent of the Lake Erie and Western road here, tendered his resignation two weeks ago and it has just been accepted. His successor will come from Indianapolis, but who he is has not been made public as yet."

LIFE OF AN ENGINE.

The life of locomotives is not as long as is usually believed. Recent comprehensive investigations in England have shown, on the contrary, that locomotives last for only about 500,000 miles on an average. In other words, a modern locomotive, after a run of this length, is so used up that further repairs do not pay. Of course, during the locomotive's life, various parts have to be repaired or renewed repeatedly. The fire boxes, for instance, must be renewed three times, the tires five or six times and the driving axles three to five times.

LINE LOCATED.

A Toledo paper says that the officers and engineers of the Wabash company have located the new line of the company from Montpelier to Toledo. The road will not be built, however, unless the Compton suit results in the loss of the present line.

PERSONAL AND OTHERWISE.

Joseph Haley, Nickel Plate engineer, has gone to Chicago to spend a week with friends.

William Connors, of the Pittsburg machine shop, has purchased a bicycle and now rides to his work.

Samuel Walker has been appointed traveling passenger agent of the Nickel Plate, with headquarters at Chicago.

The traffic agreement between the Grand Rapids and Indiana and the Chicago and West Michigan has terminated.

The Pennsylvania company is doubling its tracks on the Cleveland and Pittsburg division between Newburg and Bedford.

Fireman W. Osteman has been assigned to engine 12 and Fireman John McLaughlin to engine 171 on the Nickel Plate.

Dick Smith, lineman for the Central Union Telephone company, was badly burned, coming in contact with an electric wire.

Charles Meyers, an employe of the Pittsburg shops, is off duty with a lame hand. Yesterday he ran a splinter in the member, inflicting a painful wound.

Michael Ehrman, an employe of the Pittsburg machine shop, is confined to his home in Bloomingdale by a lame back, the result of an accident last Saturday.

Nickel Plate Fireman T. Maughan had the misfortune to mash one of his fingers by a piece of coal dropping upon it last Sunday. He will be off duty a few days.

The little son of Engineer George Stevens is quite sick and that gentleman has been unable to go out on his run on the Nickel Plate on that account for several days.

A new division of the Brotherhood of Locomotive Engineers will be organized at Bellefontaine on Sunday next. It is expected that Grand Chief Arthur will be present.

Engineer J. A. Swartz has returned from Continental, Ohio, where business occupied his attention ten days. He resumed his duties on the Nickel Plate yesterday.

Master Mechanic Samuel Wass, of Rhinesmith & Simonson's factory, is confined to his home. He was taken ill last Sunday while attending the funeral of Mrs. Wass' father at Larwill.

Master Mechanic C. H. Doebler, of the Wabash, attended the meeting of the Western Railway club at Purdue university this afternoon. He is a member of that association and is greatly interested in all its work.

Nickel Plate Brakeman Imbody, who had been off duty on account of the sickness of his wife, reported yesterday. M. Deitrich, also a Nickel Plate brakeman, who had been on the sick list, took his run out yesterday.

Business continues good with all western lines, and rolling stock is seldom as fully employed in the spring months as at present. In fact, complaints are heard of an insufficient number of cars to move business offered.

General Manager Adams, of the Columbus Northwestern, last week let the contract for building three new passenger depots and four new depots, at other points. The passenger depots are to be built at Lewiston, Hopeview and Santa Fe.

W. A. McDowell, the Nickel Plate brakeman who was injured at Leipsic junction Saturday night, has been brought to the city and is now at his home on Elm street. Dr. Dinnen reports the injured man's condition much improved.

W. Y. Cherry, Will Fitzpatrick and H. F. Hilgeman are in Chicago selecting a uniform for the Penna Company Base Ball club, and the team will appear in its new "togs" for the first time at the game with the Fort Wayne club next Saturday.

The Canadian Pacific and the Soo line will place freight and passenger representatives at Pittsburg. This action is creating a stir in Pittsburg railway circles, as usually a demoralization in rates follow the trail of these companies entering new territory.

T. J. Rodabaugh, general foreman of the paint department of the Pittsburg shops, has disposed of his eleven-months-old colt, Director King, to New York parties, receiving therefor $200, which for so young an animal is considered a good price.

A contract was to have been let April 15 for the extension of the Brice line from Akron to New Castle, Pa., but the company has decided to make another survey, making it an air line as near as possible. This delay will probably mean that the extension will not be built this summer.

Willard Smith did not enter the service of the government, although he went to Erie for that purpose. He was anxious to be assigned to the New Orleans, the battleship upon which Philip Hess is now one of the machinists, and failing in that wish, he refused to enlist. Mr. Smith is now working in the Pennsylvania railway shops at Erie.

The Big Four is endeavoring, it is stated, to secure control of the Lafayette belt railway, either by lease or purchase. For three years the Wabash had a contract, which expires May 1, by which it handled the business done over it. The road runs to the fair grounds, which have become a resort of pleasure seekers, a number of excursions last year having been run to it.

PENNSYLVANIA RELIEF DEPARTMENT.

The monthly bulletin of the Pennsylvania Relief department for March has been issued by R. F. Smith, superintendent. It shows that during the month there was distributed in death benefits on account of accident, $3,250; in death benefits from natural causes, $7,750; in disablement benefits from accident, $7,605.70; in disablement benefits on account of sickness, $9,171.60, making a total of $27,777.30 paid out to 1,115 employes, or in case of death to their legal representatives.

DILKE DISCUSSES THE WAR.

Sir Charles Sees Only Defeat for Spain and Says America is Right.

LONDON, April 19.—Sir Charles Dilke, member of parliament, is quoted in an interview on the Spanish-American crisis as expressing the opinion that the two opposing fleets are about evenly balanced, and that therefore the decisive action will be fought at sea.

"If," said Sir Charles, "the Americans win the war will be over. If Spain wins it will be the beginning of a long struggle which must end in the crushing defeat of Spain."

Continuing, Sir Charles ridiculed the idea of the Spaniards shelling cities, pointing out that it would be no advantage to Spain for her to do so.

Sir Charles expressed the opinion that both sides should be allowed access to British coaling stations, allowing twenty-four hours to elapse between the departure of one nation's ships and the arrival of their enemy to coal. He said he anticipated considerable trouble from the chaotic state of international law, announced that his sympathies were with the United States and explained that the United States was quite right in interfering in Cuba, adding, "although I pity the grand old empire of Spain, which is crumbling."

The Rod and Reel Fishing club will give its first grand ball at Randall hall Thursday evening. The proceeds of this affair will be used to erect a club house for members on the banks of the St. Joe river above Robison park.

A GUARANTEE.

To Every Person Suffering From

Catarrah, Catarrhal Deafness, Bronchitis, Asthma, Colds, Coughs and Hay Fever.

"HYOMEI"

The New Australian Dry Air Cure.

The Guaranteed Remedy--The Only Rational Treatment for These Diseases.

Since the introduction of Booths' "Hyomei," some months ago, there has been a complete revolution in the method of treating diseases of the air passages.

Heretofore, but few, if any, regular physicians could be induced to treat these diseases locally, knowing that nature never intended the air passages for the use of sprays, vapors, liquids, douches and atomizers; also that such remedies not only failed to reach all parts affected, but proved in many cases positively dangerous.

Today there are over thirty-six hundred physicians throughout the country who are prescribing Booth's "Hyomei," and have testified to this fact, claiming that it is the first and only rational treatment they have ever known, and that its use is always productive of astonishing results.

IT CURES BY INHALATION.

Catarrh.—In the treatment of this disease "Hyomei" is quick, sure and permanent.

Catarrhal Deafness.—"Hyomei" cures more people of this affliction than all other methods combined.

Coughs and colds are broken up in one night.

Asthma is relieved instantly, and permanently cured by "Hyomei."

GUARANTEE—I will refund the money to all persons purchasing Booth's Pocket Inhaler Outfit anywhere in the United States, during 1897, who will say that "Hyomei" has done them no good, on condition that they apply direct to the head office, 23 East Twentieth street, New York City.
(Signed)
R. T. BOOTH.

"HYOMEI" CURES BY INHALATION.

It is nature's own remedy carried to all parts of the head, throat and lungs by the air you breathe. It can be taken at all times and in any place.

There is no danger, no risk. Your money is refunded if it fails to relieve.

"Hyomei" Inhaler outfit, $1.00. Extra bottles "Hyomei," 50c. "Hyomei" Balm, a wonderful healer, 25c. Sold by all druggists, or sent by mail on recept of priee.

THE R. T. BOOTH Co.,
Suite 20-21, Auditorium Building, Chicago, Ill. Home Office, 23 East 20th St., New York.

CRESPO KILLED.

Former President of Venezuela Reported Killed in Battle.

NEW YORK, April 19.—A special cablegram (copywrighted) from Caracas, Venezuela, to the Evening World, says that President Joquin Crespo, of Venezuela, was killed in battle, by the leader of the rebel forces, last Friday.

WASHINGTON, April 18.—Up to 3 o'clock no word had come to Senor Andrade, the Venezuelan minister here, of the killing of Ex-President Crespo by rebels. The minister's brother, General Andrade, is now president of Venezuela having succeeded Crespo. The minister thought it strange he had received no advices, but said there had been fighting in the part of Venezuela in which General Crespo was last reported.

DIES BY HIS OWN HAND.

Thomas Carey Felton is Identified as the Strange Suicide.

BOSTON, Mass., April 19.—The identity of the patient at the Massachusetts general hospital who shot himself last Tuesday night, the facts of which case were suppressed by the officials, have been established. He was Thomas Carey Felton, aged forty-three, a resident of New York and the son of Cornelius Felton, who was president of Harvard university from 1860 to 1862, when he died.

Mr. Felton has been an invalid for years and came here to be treated two weeks ago.

WOMEN WOULD GO TO WAR.

They Organize a Company in Western Nebraska.

CHADRON, Neb., April 19.—Some of the enthusiastic Chadron women held a meeting here last night and organized a cavalry company, which they have tendered to Governor Holcomb in case of war with Spain. The members are accomplished horsewomen and "dead shots," and they say they will go to Cuba and fight the dons if given a chance.

SENATOR WALTHALL DYING.

The Mississippi Statesman Rapidly Sinking Under Disease.

WASHINGTON, April 19.—Senator Walthall, of Mississippi, who has been critically ill for several days, is not expected to survive during the day. His physician announced this morning that there was not one chance in a thousand for his recovery.

AFFECTED BY WAR OUTLOOK

A Great Slump Occurs in Spanish Bonds--American Securities Dull.

LONDON, April 19.—American securities on the stock exchange today opened, dull and lower. After the opening prices steadied somewhat, but at 12:30 o'clock the market again turned weak.

Spanish 4's opened 38¾ and further declined to 38, a net loss of 3⅛ as compared with yesterday's quotations.

PARIS, April 19.—Spanish 4's are quoted on the bourse today at 39, a loss of 2⅝ from yesterday's final price.

BOARD OF WORKS.

Routine Business at Yesterday Meeting.

Remonstrance Against the Paving of High and Holman Streets--Communication From Council.

The board of works yesterday received communications from City Clerk Monning announcing that the city council had passed resolutions requesting the commissioners to build a bridge over the Maumee river at Walton avenue and called attention to the fact that the time had expired which the Consolidated street railway was to be allowed to place fenders on street cars. Clerk Schmidt was instructed to notify the commissioners and the street railway of the action of the city dads.

A remonstrance against the proposed paving of High street was received and placed on file. Property owners there say a pavement would work no benefit unless a sewer is constructed along the street first. The remonstrators will be heard next Thursday evening.

A remonstrance against the proposed paving of Holman street with asphalt was also received. Only two resident property owners had signed their names to it.

The Home Telephone company was granted permission to lay an additional conduit for underground wires on Calhoun street, from Superior to Lewis, and on Main street, from Court to Maiden Lane, and in the alley between Main and Columbia, from Clinton to Barr. The company was also granted permission to erect an iron pole on Calhoun street, between Washington and Jefferson.

A remonstrance against paving the alley between Wayne and Washington streets, from Calhoun to Harrison, was received and placed on file. The following resolutions were confirmed:

For grading South Wayne avenue, from Home avenue to Organ avenue, and for building sidewalks on both sides of the street; for grading and building sidewalks on both sides of Wildwood avenue, from South Wayne to Fairfield; grading and building sidewalks on both sides of Kinnaird avenue, from South Wayne to Fairfield; grading and building sidewalks on Packard, from Fairfield to South Wayne; grading and building sidewalks on both sides of Cottage avenue, from South Wayne avenue to Indiana avenue; building a sewer in the alley between Fletcher avenue and Walton avenue, from Penn street to Alliger street.

Two of the above resolutions were amended, taking off a portion of South Wayne avenue, and providing for sidewalks on one side only of Wildwood avenue.

A GOOD MAGAZINE.

"Success," a Periodical that Will be Helpful to All Who Read It.

This is not a paid notice. We desire to recommend to every reader of THE SENTINEL the magazine called "Success." It is the most helpful magazine published and should find a place in every home. It was only started last January, but has already a circulation of more than 50,000 readers. It tells each month how people made a success of life. If you cannot get it at our city book stores or news stands, order it from the publishers, Success company, Cooper Union, New York city. The price is only $1 per year.

Jake's Luck.

Jakie Meyer, the popular violinist, who for many years has played to the delight of large audiences at the Temple, will shortly leave for London, Eng., to claim his rights to $50,000 bequeathed him by the late Lord Meyer, of London. His many friends regret his departure, for they will miss his beaming countenance, which may assume a sort of dignity when he returns.

Might Be Gratified.

He—What is he singing? She—Let Me Like a Soldier Fall. He—If I only had a gun!—Pick-Me-Up.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

ROYAL

is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER CO., NEW YORK.

CALL FOR MEN.

Captain Curtis Will Strengthen the Artillery.

Issues Orders That Fifty Recruits Will be Taken Into the Service at Once.

INDIANAPOLIS, April 19.—One of the most important results of the visit to Washington of General McKee and Captain Curtis which came to light last night is the discovery of the fact that the Indianapolis light artillery has been ordered to muster in fifty new men at once and increase its membership from 103 to 153. This was announced last night at the barracks and the recruiting officers began today examining and receiving the new men. There is still a large reserve list and the increase ordered will greatly rejoice some of the men, who thought they were shut out.

It was also announced last night that the Indianapolis light artillery would be expected to take the field at once, and the members must hold themselves in readiness to go at a moment's notice.

Nobody has any idea how many men will be ordered by the general government from Indiana at the outbreak of hostilities if war comes. It will depend entirely upon the time of year, the weather in certain quarters and other contingencies which cannot be anticipated. One regiment may be wanted at once and four may be ordered at the start. No one knows. It is believed that even General McKee does not know this, nor has he any idea. The war department hasn't settled the matter as yet.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Address, F. J. CHENEY & CO., Toledo, O

Fort Wayne, Ind.
Not in Office Wed. and Thurs.

The Successful Remedy for NASAL CATARRH

must be non-irritating, easy of application, and one that will by its own action reach the inflamed and diseased surfaces.

ELY'S CREAM BALM combines the important requisites of quick action and specific curative powers with perfect safety to the patient. This agreeable remedy has mastered catarrh as nothing else has, and both physicians and patients freely concede this fact. All druggists cheerfully acknowledge that in it the acme of Pharmaceutical skill has been reached. The most distressing symptoms quickly yield to it. In acute cases the Balm imparts almost instant relief.

By Absorption.

Catarrhal sufferers should remember that Ely's Cream Balm is the only catarrh remedy which is quickly and thoroughly absorbed by the diseased membrane. It does not dry up the secretions, but changes them to a limpid and odorless condition, and finally to a natural and healthy character.

The Balm can be found at any drug store, or by sending 50 cents to Ely Brothers, 56 Warren St., New York, it will be mailed.

Full directions with each package.

Cream Balm opens and cleanses the nasal passages, allays inflammation, thereby stopping pain in the head, heals and protects the membrane and restores the senses of taste and smell. The Balm is applied directly into the nostrils.

Miss Myrtle Mangan returned this morning from Huntington, where she had been the guest of C. A. Hill and daughter.

Mrs. Henry Freistroffer is convalescent, after a very serious and painful operation performed by Dr. K. K. Wheelock.

Mrs. Carrie Jeffers, of Cambridge, Ohio, is in the city, the guest of Mr. and Mrs. E. C. Hill, of 123 East Main street, for a month.

Mr. and Mrs. W. H. Niblick returned yesterday to her home in Decatur. They were the guests of Mr. and Mrs. Brink over Sunday.

Miss Gilliam, who was called to this city by the illness of her sister, Mrs. L. E. Rock, returned yesterday to her home in West Virginia.

Miss Isabel Strong and her sister, who have been visiting Mr. and Mrs. George Potter, of West Wayne street, returned to Cleveland yesterday.

Dr. S. H. Havice will leave Fort Wayne for Philadelphia next week, where he will take a special course in the eye, ear, nose and throat. He will be gone six months.

Mr. and Mrs. J. B. Mallers, of Chicago, are guests of Mr. and Mrs. H. Ritchie, of the Randall. Mr. Mallers is an extensive fruit grower, owning a large orange grove in California.

Visiting newspaper men who were in Fort Wayne yesterday, were E. W. Miner, of the Garrett Herald; H. L. Askew, of the Avilla News, and V. A. Geiger, of the Churubusco Truth.

The Catholic ladies of the north side will hold a meeting at the home of the Misses Nagles, No. 3 First street. All the Catholic ladies of the north side are cordially invited to attend the meeting.

Mr. and Mrs. Walter Thompson entertained at pedro Sunday afternoon, at their home, in Hesse Cassel. At 5 o'clock a delightful supper was served. The guests were Mr. and Mrs. James Thompson, May Thompson, William Braun, Minnie Braun, Nettie Braun, Sophie Braun, Mr. and Mrs. Levi Bird, Ed Christian Ed Trautman and Morton Holman. The guests stayed till a late hour.

The last conference of Friendly Visitors of the Associated Charities, prior to the annual meeting, will be held in room 8, City hall, Wednesday, April 29, at 3:30 p. m. Miss Emma Eckles will present the penny provident fund, a feature which it is desired to extend very greatly during the summer months. The presence of every visitor and every one interested in the work is greatly desired.

At the home of Mrs. Bertha Wayne, on West Butler street, there was a surprise party last evening, the occasion being in celebration of the sixteenth birthday anniversary of Miss Wayne. The evening was spent in music, games and dancing and at a late hour the guests were treated to a delicious luncheon. Then the young friends of the pretty hostess returned to their homes, all declaring that they were well pleased with the evening's entertainment.

Mr. and Mrs. J. D. Webb, of Warsaw, were in the city today.

Mr. and Mrs. A. B. Trentman returned from New York city yesterday.

D. Hirsch, of Chicago, is the guest of Mr. and Mrs. A. Mergentheim.

Born, to Mr. and Mrs. Ernest Rump, of South Wayne street—a daughter.

Miss May Buckley, of Auburn, is visiting Miss Emma Blodkamp, of Bass street.

Mrs. I. Deucet, of Toledo, is the guest of the family of P. Passino, on Jane street.

All of the Lutheran schools in the city will open tomorrow, after the Easter vacation.

Miss Celia Graffe will be the hostess for the Wednesday Afternoon Pedro club, this week.

Miss Agnes Seabrease entertained the Wednesday Evening Whist club at her home last evening.

Miss Minnie Honick has returned from Bluffton, where she was the guest of Miss Lizzie Rhodes.

Mrs. James Alberts, of Toledo, is the guest of her sister, Mrs. Holsworth, of West Wayne street.

Rev. and Mrs. Talmage were the guests of Mr. and Mrs. J. H. Bass, for dinner, on Sunday evening.

Mrs. Henry Zollinger, of West Superior street, entertained a number of her friends at a tea last evening.

Miss Anna Yager, who was the guest of friends in this city for a few days, has returned to her home in Decatur.

A farewell reception will be given for Rev. and Mrs. Boggs, Friday evening, in the parlors of the Third Presbyterian church.

J. O. Brown has been granted a permit to remodel the dwelling house at No. 155 West Washington street. The improvement will cost $800.

Franklin F. Pontzius, formerly of battery A, Fifth regiment, U. S. A., is in the city and will locate here. He formerly resided in Columbia City.

J. D. Edwards, J. F. Mann, Richard N. Erwin and others, of Decatur, Ind., are in the city to attend the state convention of Hibernians.

Mr. and Mrs. Frank Iten and their daughter left today for Indianapolis, where they will reside in the future. The are traveling overland in a buggy.

There were eighty-six applicants for government positions examined yesterday. Fully two-thirds were seeking employment in the railway mail service.

Owing to sickness there will be no meeting of the Ladies Aid society of the Bethel church at the home of Mrs. George F. Bandtel, No. 358 East Wayne street, tomorrow afternoon.

Daniel Broderick and P. M. McCarty, of Huntington, are in attendance upon the state convention of Hibernians. Mr. McCarty is the democratic candidate for marshal of the Lime City.

The tea to be given by Mrs. C. M. Comparet to the Ladies of the Maccabee Hive No. 6 will be postponed until Wednesday, April 27, from 2 until 5 p. m. Everyone is expected to bring a thimble.

Patrick Ryan last evening for the Catholic Knights of America, paid over to the heirs of the late P. S. O'Rourke, the sum of $2,000, the amount of insurance Mr. O'Rourke carried in the Knights.

The engagement of Miss May Erickson, of this city, to a prominent business man of Philadelphia, has been announced. The young lady will leave for her future home next week. Good wishes of her many friends will follow her.

The First A. O. U. W. band gave its last progressive pedro and dance of the season last evening at A. O. U. W. hall. These affairs during the winter have been well attended, and members of the band have made each occasion enjoyable for those who attended. Some money was realized.

City Civil Engineer Randall has received a letter from Henry Gannett, geographer of the United States Geographical survey of the department of the interior, returning thanks for favors. In this letter Mr. Gannett says that he has taken the elevation of the Pennsylvania depot in Fort Wayne and finds it 775 feet above the sea level.

Huntington News-Democrat: "Mrs. H. S. Wells was in Fort Wayne today attending the funeral of a daughter of Mr. and Mrs. Kampe. The child was a namesake of Mrs. Wells.—Miss Lizzie Hiser, of Luther, Ind., was in the city Saturday en route to her home from Fort Wayne, where she has just completed a ten weeks' course in the Fort Wayne Conservatory of Music. Miss Hiser is quite accomplished in music and expects to form a class at her home."

Tomorrow night at the Sons of Columbus hall, and under the auspices of that society, there will be an entertainment, of which Hon. S. B. McManus, of Lagrange county, will be the chief dispenser. Dr. McManus is known far and wide as the "quaint Indiana poet," and he will recite some of his productions that have proved the greatest favorites. Mr. McManus recites his verses with the same natural and dramatic qualities that so conspicuously mark James Whitcomb Riley's efforts, and he is believed by his friends to be no mean rival of the Hoosier Poet. Mr. McManus will compel enjoyment on the part of all who attend

Miss Bertha Young is ill.

W. B. Brown, of Auburn, is in the city today.

Miss Mary Morton is confined to her room by illness.

Miss Minnie Coater, of 57 West Williams street, is very ill.

N. T. Mills, of Bluffton, registered at the New Aveline over night.

Miss Lida Snelker, of New Haven, was a visitor in the city yesterday.

Miss Belle Fiies has returned from Hanover, where she was the guest of friends.

Miss Emma Michaels, of Chicago, is the guest of Mrs. John Steiss, at 48 Scott avenue.

Henry Fruit, an employe of the Diether Lumber company, is seriously ill with grip.

Mrs. D. Thomas, accompanied by Miss Grace Wilding, has returned to her home in Elkhart.

Mrs. N. J. Davis, the south side hair dresser, who has been ill for a short time, is convalescing.

The Ladies' auxiliary of the R. R. Y. M. C. A. have postponed their meeting until Thursday, May 5.

Miss Ellen Spencer, who was the guest of Miss Emma Jenkinson for a few days, returned to her home in Indianapolis yesterday.

The police arrested six boys at the old Methodist college at 2:30 this afternoon. For several weeks boys have congregated at the college and their actions there have been very annoying to the neighbors. The matter was laid before Superintendent Gorsline and he decided to break up the meetings and with this end in view the raid was made this afternoon.

Captain Stoll, of the Pennsylvania company, received word from his officers at Lima, Ohio, last night that two boys had run away from their homes in that city and that they had headed for this city. Their names are Loney Edminston and Guy Bowdle. They are about 16 years old and are riding bicycles. Before they left home they told some companions that they were going to Denver. The father of one of the boys arrived in the city last night and has been making a search for the lads. They may have taken another route between here and Lima.

WEARING THE GREEN

State Convention A. O. H. is in Session.

Almost One Hundred Delegates Are in Attendance--Convention Called to Order at Noon.

The state convention of the A. O. H. convened in Library hall at noon today. There are seventy or more delegates in attendance, all county presidents except four having reported. The convention was called to order by John W. O'Hara, state president, who offered prayer in the absence of priests. Mayor Henry P. Scherer then in a neat and appropriate address welcomed the visiting delegates to the city. President O'Hara responded in his inimitable manner. The convention proceeded to business and a committee on credentials, composed of the several county presidents, was appointed. Adjournment was taken until 3 o'clock this afternoon, at which time the committee on credentials will make its report.

Besides the delegates to the convention there are a number of visitors, including about twenty-five priests. At 8:30 tomorrow morning the Hibernians will meet at Library hall and march to St. Patrick's Catholic church, where Bishop Rademacher will pontificate. After mass there will be a parade, weather permitting. The parade will occur about 11:30.

Tomorrow evening a grand banquet will be tendered at Library hall. Hon. Will P. Breen, of this city, will be toastmaster. Election of officers will be held tomorrow afternoon and the convention will not be prolonged until Thursday.

Hibernian headquarters are at the Randall hotel, which hotel has been decorated in green and the national colors in honor to the delegates.

Timothy—April, $2.87½.

AN ACT OF WAR.

Spain to So Regard the Signing of the Resolutions.

LONDON, April 19.—The afternoon newspapers here today unanimously express the opinion that if President McKinley signs the joint resolution of congress it will preclude the possibility of peace. The papers also think it probable that when the demands of the United States are transmitted to Spain the latter will regard them as an act of war, without waiting for further action upon the part of the United States.

MUST COME HOME.

Military Attaches at Foreign Courts Ordered to Return.

BERLIN, April 19—The United States military attache at Vienna, Lieutenant J. L. Chamberlain, and the United States military attache at St. Petersburg, Lieutenant Arsnon, have been called home.

Go hear the "Farmer Poet" at Sons of Columbus hall tomorrow evening. Admission 25c 19t2

IS A DECLARATION OF WAR.

[CONTINUED FROM FIRST PAGE.]

sylvania; Heatwole, of Minnesota, and Dinsmore, of Arkansas, were appointed conferees for the house. The house then took a recess until 8 o'clock.

The senate wrestled with the proposal for a conference, finally consenting. The chair appointed Messrs. Davis, of Minnesota; Foraker, of Ohio, and Moran, of Alabama, as the senate's conferees. The senate then took a recess.

At 8 o'clock the senate again met and listened to the report of the disagreement of the conferees.

Until past midnight there seemed little hope of an agreement. At 1:10 a. m. the conference reached an agreement upon restoration of the words "are and" in the first paragraph, and eliminating the Turpie amendment recognizing the independence of the Cuban republic.

The house receded from its amendment striking out the words at 1:15, and at 1:15 the senate receded from its amendment recognizing independence.

Thus the house forced the senate to surrender upon the main point of contention and the resolution, which is practically a declaration of war against the government of Spain, was ready for the signatures which make it a law.

During the several recesses taken by the house while waiting for the reports of the conferees the members put in the time singing patriotic songs. "Dixie," "The Star Spangled Banner," "Red, White and Blue," "The Battle Hymn of the Republic," and an improvised parody, "We'll Hang General Weyler on a Sour Apple Tree," awoke the echoes in the hall of representatives as strong-lunged statesmen warmed up to the spirit of the hour.

A few minutes before 2 o'clock the house and senate adjourned until the regular hour of meeting today.

COURT NEWS.

John J. Garrett Brought Back From Iowa--Items of Interest in the Courts.

Deputy Sheriff Gladieux returned at 3:15 this afternoon over the Nickel Plate railway with John J. Garrett, who is defendant in paternity proceedings commenced by Alice Maxfield. The young people live in Cedarville. Garrett had gone to Iowa.

Stenger & Wight were this afternoon awarded the stone work on bridges to be built at Flat Rock, Monroe township, and over Indian creek on the Aboite township line.

William Minnich, a resident of Hoagland, called Deputies Stout and Witte to his home today on a wild goose chase. He thought he had been robbed of $35, but learned after the officers left Fort Wayne that his sister had hidden it away from thieves.

In the divorce case of Eliza Weimer vs. James A. Weimer, Judge Dawson granted defendant a divorce on cross-complaint.

Lyda McCrory commences divorce proceedings against George McCrory, the ex-policeman, alleging cruel treatment. P. B. Colerick is attorney for plaintiff.

The last will and testament of Lawrence Ambruster was today filled for probate. He bequeaths $50 each to George and Ignatus Meyer, sons of his first wife who reside in France. To St Peter's Catholic church he bequeaths $200, Anna B. Smith, his fiancee, is appointed executrix and is bequeathed $300. To the grand children, John Aubrey, jr., Chas. Aubrey and Louis Aubrey a $2,000 life insurance policy in the C. B. L. is bequeathed share and share alike. The home of deceased is also left to the grandchildren. John Aubrey, the son-in-law is left $200 to be expended for gravestones at the grave of his wife, deceased's daughter.

POLO WILL GO.

Spanish Minister to Depart When Cuban Resolutions Are Law.

WASHINGTON, April 19.—Spanish Minister Polo will begin his departure from the United States as soon as notified that the Cuban resolutions are a law.

A Fancy for Old Hats.

The inhabitants of the Nicobar islands, a group in the Indian ocean, have an extraordinary fancy for old hats, and a regular trade in such cast-off headgear is carried on between Calcutta and Nicobar, the much-desired headpieces being paid for in cocoanuts. A tall chimney-pot is the favorite among the Nicobarians, and the acme of fashion is considered to be a high white hat with a black hat-band. This is worth from 50 to 60 cocoanuts and is worn by the Nicobarian dandy when he goes out fishing, the rest of his attire consisting solely of a waistcoat.

WANTED.
Sewing and apprentice girls at 373 Calhoun street.

All lovers of music and humor should not miss seeing and hearing the sightless brother and sister, John and Mary McCay, at Library hall next Thursday night. Their program is a lengthy one, and is full of variety and interest. It embraces selections from Verdi and Gottschalk arranged for the piano. Vocal duetts, soprano solos, baritone solos, standard and popular. Besides the musical part of the program, some impersonations will be rendered by John McCay. His cleverness in this line is really remarkable since he has never seen a human being act. Judging from the manner in which these artists pleased their audience here over two years ago, they will surely be greeted by a crowded house. Admission 25 and 35c. Seats on sale at A. C. Aurentz's. Children, 15c.

Bicycle Experts!

Examine the Racycle Pacemaker and the Racycle Special at the Racycle headquarters, opposite Masonic Temple, 84 Clinton.

WM. O'CONNELL,
18 6 Manager.

Hon. S. B. McManus, the "Farmer Poet," should be heard by all who can possibly be at Sons of Columbus hall tomorrow evening. 19t2

Don't forget the Rod and Reel Fishing Clubs's ball at Randall hall Thursday evening, April 21.

We are better prepared than ever to do your carpet work. The Zimmer Carpet Cleaning Co. Phone, 496.

BICYCLE SUIT. 50c.

For 50c we can supply you with that which takes the place of bicycle trousers and golf hose. "The Knicker Top," for 50c, converts your trousers into knickerbockers and your socks into golf stockings, thus making a complete bicycle outfit out of your business clothes. The "Knicker Top" saves the cost of bicycle trousers and golf hose; saves lots of trouble and looks as well and answers every purpose of a complete bicycle suit. Cost, 50c. For sale only by
19t2 SAM, PETE & MAX.

Do You Wear Clothes?

Your attention is respectfully called to the fact that the large and well-known concern styled Pixley & Co., Fort Wayne, Ind., will have an expert cutter to take measures free of charge for suits, pants and overcoats. He will also have samples of the goods in full pants lengths, so that you can easily see what the goods look like.

Suits to order, $12.00 and upwards.

Pants to order, $3.25 and upwards.

We will show the largest and most complete line of woolens ever put on the market, so that if you contemplate making a purchase elsewhere, don't do so until you have seen our line. This sale takes place on Tuesday and Wednesday, April 19th and 20th. Don't forget the date and place. Our motto—"No fit, no sale." 18t2

Don't forget the Rod and Reel Fishing club's ball at Randall hall Thursday evening, April 21.

Hon. S. B. McManus will read some of his productions at Sons of Columbus hall, (Lau block,) tomorrow night. 19t2

If Sneak Thief will return the book of trading stamps taken from 90 Calhoun street he can keep the small change and other items appropriated and no questions asked. If not returned within twenty-four hours he will be prosecuted, as he was seen and recognized.

L. O. HULL.

Don't miss the great gymnastic entertainment at the Masonic Temple Friday evening, April 22d, under the auspices of the Fort Wayne Turn-Verein. It will be the greatest entertainment of the kind ever given in Fort Wayne. Eighty ladies, gentlemen and boys will take part. A pretty feature will be the dedication of a new United States flag presented by the ladies. Admission, 25 cents; reserved seats, 50 cents. Tickets for sale by all members.

Neat and nobby are the patterns, and a perfect fit guaranteed, in our spring suits. G. Schmidt, Merchant Tailor, 70 E. Main street. 11tf

IS A DECLARATION OF WAR

Congress Declares Spain Must at Once Evacuate Cuba.

The Measure Now With the President, Who Will Act at Once.

Ultimatum to Be Sent to Madrid, Demanding Prompt Compliance.

Congress Finally Agrees by Striking Out the Independence Clause--Spain Will Be Given a Day or Two to Reply--Refusal Will Be Followed by Hostilities on the Part of the United States.

WASHINGTON, April 19.—The joint resolution adopted by congress early this morning is now in the hands of the president.

Whether the chief executive has yet attached to the fateful document the signature that shall render it a practical declaration of war against Spain is not known.

He is preparing an ultimatum to the Spanish government and this will be signed simultaneously with the resolution.

The resolutions were signed at 12:06 this afternoon by Speaker Reed. They were at once carried to the senate, where, at 12:30 they were signed by Vice President Hobart. At 1:06 the resolutions were returned to the house and at 1:15 they were dispatched to the white house, where they were delivered to the president at 1:30.

It is believed that the president has already put his signature to the document, though announcement of his approval will not be made until tomorrow owing to the fact that the house has adjourned.

A BRIEF SESSION.

House Meets and Hears From Grosvenor and Then Adjourns.

WASHINGTON, April 19.—Proceedings were very dull and slow in congress today. The house early adjourned after a personal explanation by Grosvenor that he in a recent speech had intended no reflection on the loyalty of democrats or populists. He said the south would be foremost in the war at hand.

In the senate Allen offered a resolution recognizing Cuban independence and declaring that the United States would insist Cuba should not be responsible for any debt of Spain. He and Butler discussed it and then the senate took up the sundry civil bill.

A COUNCIL OF WAR.

President McKinley and His Cabinet Hold a Long Conference.

WASHINGTON, April 19.—Soon after the president's signatures is affixed to the joint resolution which everyone here expects is the prelude to war, Mr. McKinley will notify the Spanish government that he has signed the resolution and that its provisions require that Spain shall immediately withdraw her land and naval forces from Cuba and surrender her sovereignty over the island. His notification likewise will state the United States expects a prompt compliance with its term.

The time within which Spain will be required to make answer to this ultimatum will be determined upon at today's cabinet meeting, but it is not unlikely that twenty-four or forty-eight hours will be the time limit. It is not improbable that this final message to the queen regent may be communicated through Senor Polo, the Spanish minister, although this point also will be left to the decision of the cabinet.

Under any conditions it is thought that an advance movement of our naval forces will be delayed not more than two or three days at the longest.

Every one connected with the administration realizes that war is to be expected as the result of our ultimatum, and from this time forth the president and the members of his cabinet, it is said, will act as a unit in the execution of a most vigorous policy.

The president did not reach his office this morning until 10 o'clock. Everything about the executive mansion presented its usual quiet appearance. There were very few callers, and those were not admitted to see the president.

The cabinet began to assemble a little before 11 o'clock. Secretary Alger and Secretary Bliss were the first to arrive and were soon followed by the others.

Chairman Dingley, of the house ways and means committee, had a few minutes' conference with the president. It is believed that a war revenue bill has already been prepared even to the least important details and will be presented at once to the house as soon as hostilities actually begin.

It is thought that the secretary of the treasury will be authorized to issue a popular subscription to a loan of probably $100,000,000.

The public will be reached through postmasters, who will post notices in their offices giving all of the details which the general public would be interested in knowing. The subscriptions to the loan as a rule would be made by means of postoffice money orders or certified checks. The secretary, it is thought, will authorize an additional issue of $400,000,000 in 3 per cent. coin bonds running for a period of twenty years.

Although these are said to be the main features of the proposition the full details have not yet been worked out, and in the discussion of the measure by the committee it is not unlikely that important changes may be made even in the general plan.

At 11:30 o'clock Attorney General Griggs left the cabinet room to meet an engagement at the supreme court. Up to that time the question of an ultimatum had not been brought up. Secretary Gage had occupied the most of the half hour in the presentation of his views on the finances.

The cabinet was in session about an hour and a half. At 12:30 an adjournment was taken until 3:30, after a decision was reached to prepare an ultimatum to Spain. The ultimatum and the Cuban resolutions are to be signed simultaneously. Soon after the sessions closed the president and Secretary Bliss took a walk through the white house grounds. Although the official copy of the joint resolution was not before the meeting the copy, as it appeared in the congressional record, was read and discussed.

There was a difference of opinion as to the length of time that should be given to the Spaniards within which to reply to our pre emptory demands for an evacuation of the island of Cuba. One or two of the members thought that twenty-four hours would be sufficient, while a number of others suggested forty-eight hours. The president, however, was of the opinion that we would not be in a position immediately to force our demands even at the end of forty-eight hours, and in view of that fact he thought that at least three days would not be too long a time to permit Spain to have for decision.

It was not with a view to giving Spain any particular consideration that he favored a longer time, but in his opinion it would take that time to put our army and navy forces in position to strike a decisive blow. The question, however, was left open for further consideration at this afternoon's session. The complex wording of the resolution, it is said will make it a matter of some difficulty to frame an ultimatum that will cover the points of the resolution in a satisfactory manner, and it may be late tonight before a satisfactory document can be decided upon.

It was understood that the resolution would not be signed, whenever received, until the ultimatum is also ready for signature, the purpose being that the two may be made one act. As the cortes meets tomorrow it is probable that the ultimatum will be sent in time to be placed before that body on its assembling. It is not thought, however, that any effort will be made to have it reach Madrid at any particular hour.

The Cuban resolution finally reached the white house at 1:30 o'clock with the signatures of Vice President Hobart and Speaker Reed attached. It was in charge of Representative Hager, of Iowa, chairman of the house committee on enrolled bills, who was accompanied by Representative Overstreet, of Indiana. The resolution was taken into Secretary Porter's office and thence to the president. The president did not sign the bill in the presence of the bearers, as they hoped he would do.

When informed that the house had adjourned until tomorrow at noon, Mr. McKinley said that being the case he would not have an opportunity to announce his action before that time. The committee was not with the president more than three minutes

The cabinet meeting, it was learned during the afternoon, practically settled the question as to how many volunteers shall be called for to supplement the regular army in their operations in Cuba, the conclusion being arrived at that the president shall call for 80,000 men of the national militia.

Secretary Alger after this decision was reached, repaired to the war department and sent for Major General Miles and Adjutant-General Corbin. A conference lasting nearly an hour was had as to the means to be employed to give effect to the decision of the president and the cabinet. Considerable progress was made in outlining the plan to be followed, but owing to the complexity of the subject all the details could not be arranged at the first conference.

It is purposed to utilize this additional force in conformity to the terms of the bill submitted today to congress by Secretary Alger through Senator Hawley. According to the decision therein laid down, presuming the bill to be enacted into a law, the president would first apply to congress for the special permission required in this case to call for volunteers. The men thus secured, whether attached to the first organized militia or not, would technically pass into the service of the United States.

This would be necessary probably in order to escape a violation of the prohibition against sending the state militia out of the country. The additional men would still, however, be actually volunteers, and only in name part of the regular establishment. The law requires that in a call for troops the number required must be distributed according to population among the several states.

In anticipation of this call the department officials have prepared a table showing the number of men that would be required from each state according to the apportionment of the last census.

It was said by Secretary Alger, after the conference, that the matter had not yet advanced far enough to make it possible to send to congress today a message from the president asking for the authority to issue a call for volunteers.

LONG NIGHT SESSION.

How the Cuban Resolutions Were Finally Passed by Congress.

WASHINGTON, April 19.—After one of the hardest fought battles between the two houses, known in many years, congress at a late hour this morning came to an agreement upon the most momentous question it has dealt with in the third of a century. The Cuban resolution was passed. Its provisions mean the expulsion of Spain from the island of Cuba by the armed forces of the United States. There were many roll calls in both houses and each body held tenaciously for its own resolution. The conferees had great difficulty in agreeing. The first conference showed a determination on the part of the house not to yield a single point, and it was only after a long consultation with the house leaders that they agreed to allow the little words "are and" in the first section of the senate resolution, which declares that the people of Cuba are and of right ought to be free and independent.

The resolution as finally adopted is that reported from the senate committee on foreign relations, with the addition of the fourth section known as the Teller amendment, disclaiming any intention on the part of the United States to acquire Cuba.

RESOLUTION AS ADOPTED.

The resolution as agreed upon in conference and passed by both branches of congress is that originally adopted by the senate with the clause recognizing Cuban independence stricken out. The resolution follows:

"Resolved, by the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

A NIGHT STRUGGLE.

The struggle which began at noon in the house by the amendment of the senate resolution lasted all night. Mr. Dingley's motion, made late in the afternoon, asking for a conference with the senate, prevailed. Messrs. Adams, of Penn-

[CONTINUED ON FOURTH PAGE.]

A CALL FOR TROOPS.

Eighty Thousand Men Will Be Asked For.

They Will Be Taken From the State Militia.

The Call Will Not Be Made for Several Days.

The United States Regulars Are Moving From All Points to the Big Camps in the South.

WASHINGTON, April 19.—The war department today practically decided that its first call to arms will be for 80,000 men, to be taken from the militia of the several states. There are some complications in the matter which it will take a little time to adjust and which will prevent the issuance of a call to the army for two or three days and may delay it even a little longer.

TROOPS ON THE MOVE.

All Branches of the Regular Service Started South.

WASHINGTON, April 19.—The three branches of the regular army, infantry, cavalry and artillery, began its movement toward the mobilizing points in the south from all parts of the United States today. The four points to which the army moves are Chickamauga battlefield, Tampa, New Orleans and Mobile. As soon as reaching those places they will go into camp.

Advance agents of the departments have preceded the troops and made all necessary arrangements for their comfort and convenience. The troops carry thirty days' rations and a number of rounds of ammunition. Telegrams received at the war department today indicate that a large proportion of the army will be on its way south before nightfall.

FROM FORT SHERIDAN.

The Dispatch of Troops to the South Has Begun.

CHICAGO, April 19.—The troops at Fort Sheridan, who have been ready to start since Saturday, were to leave for the south today at noon. It had been expected that they would march through the city, but General Brooke, commander of this department, would not permit this. The troops are to go over the Belt line to the Illinois Central and Pennsylvania tracks, the former to take Battery A, Second artillery, and a squad of cavalry to Chickamauga park, and the latter the Fourth infantry to Louisville.

On account of the somewhat limited trackage accommodations at Fort Sheridan, it was decided later that only the Fourth regiment of infantry, who go to Tampa, Fla., would leave today. Battery A, second artillery and the company of cavalry will require considerable time for the loading of their horses, guns, etc., and will not leave until tomorrow for the Chickamauga camping ground. Major General Brooke, who will command the forces at Chickamauga, will leave tonight over the Chicago and Eastern Illinois. He will be accompanied by his staff, Captain Richards, Sixteenth infantry; First Lieutenant Dean, Fourteenth infantry; Second Lieutenant McKenna, Fifteenth infantry; Colonel Sheridan, assistant adjutant general, and Lieutenant Colonel Hartsuff, deputy surgeon general.

A larger number of men will be left at Fort Sheridan than at any post in the department of the lakes. A department prison is located at Fort Sheridan, and as at the present time an unusual number of long time prisoners are in confinement there, a larger force will be left to guard them than would otherwise be the case. General Wade and his staff, formerly in command of the department of the Dakotas, arrived in Chicago today from St. Paul on his way to Tampa, where he will take command of the light artillery and cavalry.

CAMP GROUND SELECTED.

Preparations for the Rendezvous of Soldiers at Mobile.

MOBILE, Ala., April 19.—General Coppinger and staff reached here this morning on the private car of the vice president of the Missouri Pacific. The camp ground has been selected four miles from the city in the healthiest portion of the county. Rising ground, well drained and watered, with a railroad, street car and telegraph facilities, comprising six hundred acres of pine land. General Coppinger, who inspected the site, is perfectly satisfied with Major Pond's choice. The first troops will arrive here tonight.

GREETED BY ALGER.

Secretary of War Reviews the Sixth Cavalry En Route to Chickamauga.

WASHINGTON, April 19.—Troops A, E, G and H, of the Sixth cavalry from Fort Myer, passed through the city early this morning to the railroad station on their way to Chickamauga. They passed in review before Secretary Alger and General Miles and were greeted by crowds along the streets. The station was a scene of bustling activity during the hours necessary to load the cars. At 9:30 o'clock Secretary Alger, accompanied by his wife and daughter, arrived in a carriage. The secretary shook hands with officers and soldiers. After spending some time in this way he drove to the war department while the troops continued their preparations for departure.

BUYS SEVEN YACHTS.

Navy Department Acquires Several New Auxiliary Craft.

WASHINGTON, April 19.—The navy department today authorized the purchase of seven yachts for the auxiliary navy. Most of them are from persons living around New York and Boston. The names of the vessels are as follows: Thespia, Restless, Illawari, Viking, Ituna Hiawatha and Aurevoir.

WAR FEVER IN KANSAS.

Great Public Demonstration Marks Departure of Fort Leavenworth Troops.

LEAVENWORTH, Kas., April 19.—The troops at Fort Leavenworth who have been ready to move for a week, made their start today. They composed the twentieth infantry, which will go to Mobile, and four troops of the sixth regiment of cavalry, bound for Tampa, Fla. The troops go to St. Louis via the Missouri Pacific, then south over the Illinois Central. Nearly the entire population was at the Fort depot to witness the departure. Business in the city was deserted, schools had been dismissed and factory hands released. Whistles blew and bells rang all over the city. The entire body of soldiers at the national home had come over on street cars with the home band and took part in the demonstration.

TROUBLE GETTING CARS.

Difficulty of Obtaining Transportation Delays Troops.

ST. LOUIS, April 19.—Owing to the inability of the Louisville and Nashville railroad company to get cars, the Third cavalry was not able to leave for Chickamauga last night as expected. Sufficient cars were obtained today from Louisville and that command expects to get away before night. The Missouri Pacific and Iron Mountain will move the Eleventh infantry tonight. Eight companies of the twenty second infantry, Col. Chas. A. Wickoff, commanding, are expected to arrive this afternoon from Fort Crook, near Omaha, for the south. The First and Second cavalry and eight companies of the Twentieth infantry will also pass through St. Louis from the west to their newly assigned posts within the next few days.

WANT ANNEXATION.

Spanish in Cuba Look Toward the United States.

The Wealthier Classes Have Faith in This Government--Affairs Quiet in Havana.

Correspondence of the Associated Press.

HAVANA, April 19, via Vera Cruz, Mexico.—In the midst of the complicated political situation, one fact stands out clearly and stubbornly, and that is that the better class of people, particularly among the Spanish residents here, grow daily more and more in favor of the annexation of Cuba to the United States as being the only safe solution of the crisis and as the only plan which will guarantee the safety of their persons and the integrity of their interests.

So far as autonomy is concerned, the official of the colonial government have already committed so many mistakes that, should autonomy last a year longer, the people would be so thoroughly convinced of its impotency that they would rebel against it.

The work of fortifying the coasts of Cuba, from Spain's standpoint, is progressing rapidly and effectively. The planting of torpedoes has been progressing with a certain amount of activity, considering the resources at the disposal of the Spanish engineers and military authorities generally.

The insurgents maintain the stand which they have all along held, namely, that they will not accept anything short of independence.

The Spanish officers and patriots of Spain pretend to have received the news of the armistice with feelings of perfect disgust, but they appear to be gradually awakening to the fact that matters are reaching a point which indicates that their stay in Cuba is likely to be of very short duration. At the clubs the officers are already talking about getting ready to leave, and are discussing their future prospects in Spain, where their pay is considerably less than it is here and are reflecting upon the fact that promotion will be very slow when the war in Cuba is over.

In the provinces a feeling of alarm prevails among the better classes and families which can afford to do so are chartering vessels to get away.

Dr. Congosto, the secretary general of Cuba, engaged in an altercation with Senor Corso, a reporter of the staff of the Union Constitutional, in the office of the censor, Senor Mendez, on yesterday. Subsequently Senor Corsos sent a challenge to Dr Congosto, who accepted. The meeting has not yet taken place.

Dr. J. W. Thompson, dentist, has decided to again locate in Fort Wayne and has lease l his old quarters on East Wayne street.

THE END OF LIFE.

Two Prominent Citizens Called to Rest.

William Horstman Died at An Early Hour Today.

J. H. Grimme, the Merchant Tailor, Passes Away.

Both Men Had Resided in Fort Wayne More Than a Quarter of a Century--Other Deaths and Funerals.

In its selection of victims the angel of death is no respector of persons. The young and the old the rich and the poor, the prominent and lowly citizen must finally all yield to death's embrace.

This morning, at 6:30 o'clock, at his home No. 124 Grant avenue, occurred the death of Wilhelm Horstman, aged fifty three years, five months and two days. He had been ill with gastritis and Bright's disease and his condition had been serious only a short time. Mr. Horstman was born in Prussia, Germany, but came to Fort Wayne about twenty-six years ago and for many years past has been following the vocation of a street contractor and sewer builder, he having done much of the city's work. Four sons and four daughters survive him, as follows: Gustave H. Horstman, Maria Ehlerding, of Adams county; Louise Eix, who lives on the Leo road; William, jr., Herman, Otto, Augusta and Emma. One sister resides in Wisconsin, but all the other relatives are still in Germany. The funeral will occur Friday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church, Rev. Lange officiating.

GRIMME.

Monday afternoon at 5 o'clock occurred the death of John H. Grimme, the well known merchant tailor, at his home, No. 82 Brackenridge street. Mr Grimme had been confined to his home only about ten days. One year ago he suffered a paralytic stroke and ever since has been ailing. Ten days ago he had another attack of paralysis and his constitution could not withstand the shock.

Mr. Grimme was an old and highly respected citizen of Fort Wayne, having long been connected with the business interests of the city and county. He was born in Hanover, Germany, and emigrated to this country at the age of seventeen years. He lived in New York city for about three years, during which time he learned the tailoring trade. He moved to Pittsburg, and later to Cleveland, remaining only a short time in each place. He then moved to Dayton, Ky., where he lived for thirty years. In 1871, he moved to this city where he has since resided. He was at his death aged seventy five years, eight months. Upon coming to Fort Wayne Mr. Grimme opened a tailoring establishment on West Wayne street, where the Louis Mohr building now stands. By hard and constant labor he built up a large business there. During the war he served his country, being a soldier in the union forces of Kentucky.

In 1845, he was married to Miss Adelaide Rekers. Three years ago they celebrated their golden wedding. Besides his wife, five children survive their father. They are John C. and Gerhard B. Grimme, Mrs. F. A. Petgen, Mrs. Louis H. Gooke and A. J. Kellar.

The funeral will take place at 9 o'clock Thursday morning from the St. Paul's Catholic church. One of the requests of the deceased was that there should be no floral offerings at his funeral.

NERRHOOD.

The death of Georgia A. Nerrhood, aged seven years, occurred yesterday afternoon at the home of her parents, 106 High street, the cause of death being pneumonia. Her father is Mathias Nerrhood, who is an employe of the Pape factory. The funeral will be held Wednesday afternoon, at 1 o'clock, from the residence, and at 2 o'clock from Christ's Lutheran church.

MOREHOUSE.

The Seattle Post-Intelligencer of April 13, contained the following account of the death of a former Fort Wayne citizen:

Horace B. Morehouse, who for the past three years has been connected with the advertising department of the Post-Intelligencer, died yesterday morning at his residence on First avenue. Mr Morehouse was taken sick five weeks ago with a complication of troubles. He was a native of Dayton, O., and forty-five years of age. Mr. Morehouse came to Seattle in March, 1889, and engaged in business. Before coming here he was in business at Fort Wayne, Ind. During the last two years the Daily Telegraph was in existence he was the advertising manager. In 1895 he became a member of the Post-Intelligencer business department force, and as advertising solicitor was well and favorably known to the business men of Seattle. An upright, conscientious man, he made many friends with those with whom he came in contact. His duties to his employers were discharged faithfully, conscientiously and intelligently. His chief characteristic was his industry, not less than his honesty. His place will not be easy to fill. He leaves a wife and one child, a boy of nine years, besides his mother and stepfather, Mr. and Mrs. N. Young.

The funeral will take place today at 2 o'clock from Bonney and Stewart's chapel, and the services will be private. Interment will be at Lake View cemetery.

RUSSELL.

William Russell, the father of Mrs. S. F. Bowser, Mrs. A. Z. Polhamus and John T. Russell, of this city, and Mrs. I. S. Walker, William J. Russell and George H. Russell, of Grand Rapids, died yesterday at Grand Rapids, where he has made his home for several years past. The remains arrived at noon today over the Grand Rapids and Indiana road, and the funeral will be held from the residence of A. Z. Polhamus, 261 East Creighton avenue, tomorrow at 10 o'clock a. m., Rev. I. L. Hoffeon officiating, assisted by Rev. N. L. Stanbaugh.

MEYER.

The funeral of Arthur Meyer will occur Wednesday afternoon at 2 o'clock from the home of the parents, No. 138 Harrison street.

OUR MAIL CARRIERS.

See Them in Gross & Pellen's Window.

The Miner Studio Has Surpassed Its Former Efforts in High Art Work.

In the north show window of the Gross & Pellens drug store, corner of Wayne and Calhoun streets, is a display that is attracting more than the usual amount of attention from passers-by. It is a group of all the mail carriers of the city and is the work of the popular Miner studio, 23 West Wayne street. In the center is the picture of W. D. Page, the present postmaster of Fort Wayne, surrounded by the force of carriers and handsome interior views of the postoffice. At the top of the frame is a group of the former postmasters of the city. At the lower corners are mail carriers' sacks filled with letters, and at the sides are lamp posts on which are the regulation mail boxes. At the top in each corner are railway mail sacks, the whole making a wonderfully effective picture.

The Miner studio is justly famous for this kind of work as well as everything else pertaining to the photographic art. The pictures are all finished in the popular platina finish, in which Mr. Miner has no equal in the state.

The Miner studio makes a specialty of confirmation pictures and is prepared to take them day or night. Having the greatest battery of electric lights for night work in the country, an invention of Mr. Miners and favorably passed upon by all the leading artists of the United States.

ON HALF PAY.

National Express Company Issues a Patriotic Order.

All Employes Who Enlist in the Army Will Receive Half Pay and Be Reinstated at the Close of War.

L. P. Hulburd, local agent of the National Express company, today received a letter from J. A. Vickers, the superintendent, informing him that all employes of the company who are members of the national guard and who enlist in the government service will receive half pay from the express company during their service in the army and will be reinstated in their old positions at the close of the enlistment term. Mr. Hulburd, who is also agent for the American Express company, says he expects to receive similar news from that company in a few days. During the war of the rebellion the American Express company paid all men who enlisted while they were in its employ full pay during their entire service in the army and at its close reinstated them in the company's service. Such patriotism is commendable and will be appreciated by the American people.

ORDERED AT ONCE.

New Warships in Foreign Waters Commanded to Come at Once.

FALMOUTH, April 19.—The United States cruiser Topeka, formerly the Diogenes, has received urgent orders to sail immediately for the United States, without waiting for the United States torpedo boat Somers, which is being repaired here.

THE ERICSSON DAMAGED.

KEY WEST, Fla., April 19.—The United States torpedo boat Ericsson met with an accident at 3 o'clock this morning. She was patroling about off Sand Key, in the gulf, when she collided with the station pilot boat Hero. The damage to the Ericsson was not serious.

ONLY NATIONAL GUARD

Will Be Given an Opportunity to Volunteer at This Time.

WASHINGTON, April 19.—It is stated at the war department this afternoon that only the national guard will be given opportunity to volunteer at this time. The president will reserve the right to appoint all staff and field officers, while the governors of states will designate regimental officers, as was done in 1861.

Mrs. Lizbeth Van Nuye; expert in Facial Massage and care of the Complexion, is at the New Avelino Hotel Tuesday, Wednesday and Thursday of this week. Consultation free. Hours, 9:00 a. m. to 5:00 p. m. 19-2t

SPAIN IS FOR WAR.

Prefers to Fight Rather Than Yield.

War Regarded as Now Altogether Inevitable.

Queen's Speech at Opening of Cortes.

Her Words Will Be Firm, Patriotic and Satisfactory to All Spaniards--War News From Abroad.

MADRID, April 19—2:30 P. M.—The terms of the speech which the queen regent will deliver at the opening of the cortes tomorrow are jealously guarded, but it is said that the speech will prove firm, convincing and satisfactory to the national sentiments.

It is claimed here that perfect unanimity prevails in Spain to face war rather than yield to the demands of the United States.

NOW EXPECT WAR.

A Conflict Is Believed to Be Unavoidable.

MADRID, April 19, 1 p. m.—The general belief here is that the joint resolution of congress makes war between Spain and the United States inevitable.

The correspondent of the Associated Press was the first person to take the news of the action of congress to the United States minister, General Stewart L. Woodford, and the minister of the colonies, Senor Morel, and the minister for foreign affairs, Senor Gullon.

The premier, Senor Sagasta, had had a conference with the queen regent this morning.

MEDIATION IS USELESS.

BERLIN, April 19.—The German foreign office declares that Dr. Von Holleben, the ambassador of Germany at Washington, instead of joining in renewed representations to the United States, is urging ambassadors to stop their attempts at mediation, as they are useless.

DREIBUND HAS A PROPOSAL.

LONDON, April 19.—It is reported that the Dreibund or triple alliance, composed of Germany, Austria and Italy, acting upon the suggestion of Italy, has proposed to the powers a plebescite, under which the population of Cuba should be allowed to vote for the form of government under which they shall live.

CRUISERS AT CAPE VERDI ISLANDS.

ST. VINCENT, Cape Verde Islands, April 19.—The first-class Spanish cruisers Vizcaya and Oquenda, last reported at Porto Rico, arrived here at noon today, to reinforce the Spanish fleet in these waters.

BANISHING AMERICANS.

Naturalized Citizens of Porto Rico Being Driven Out.

ST. THOMAS, West Indies, April 19.—Advices received here from Porto Rico today show there is agitation there with the object of forcing naturalized Americans to declare themselves and leave the island.

Further reports have also been received here of the excitement following the departure of the American consuls, and it is said that many people are ready to leave the island at the first opportunity.

The Spanish authorities have ordered 80,000 rations for the troops at Porto Rico.

The elections which took place on April 10 resulted, as prearranged, in a liberal victory.

SPAIN'S GRIEVANCES.

Holds the United States Responsible for Provoking War.

MADRID, April 19.—4:15 P. M.—On the receipt of a dispatch from the Spanish minister at Washington, Senor Polo Y Bernabe, giving the result of yesterday's voting in congress, the minister of foreign affairs, Senor Gullon, forwarded to all Spanish ambassadors a memorandum to submit to the foreign governments, setting forth the grievances of Spain, showing all Spain has done to avoid war, and saying the responsibility for war rests entirely upon the United States.

POLO STILL HERE.

Spanish Minister Has Not Left Washington, Though Ready to Go.

WASHINGTON, April 19.—The Spanish minister was still at his post in Washington at noon today. It is well understood that he has quite definite instructions but he will not make these known though it is quite evident he has no purpose of leaving Washington today. It is understood that as soon as he received official notice of the fact that the Cuban resolution is a law he will not await further formalities on the part of the United States, such as giving him passports, etc., but will himself take the initiative toward departure. He communicated the action of congress to his government immediately both houses had passed the resolution but is absolutely silent as to the instructions cabled him in reply.

W. S. Putnam, of Rochester, Ind., is in Fort Wayne on business today.

Just Tell Them That You Saw

A full line of BABY CABS. There is a certain snap and ginger in the high grade cabs that appeal to the up-to-date customer right away. We show the largest line of carriages and cabs in the city. Come and see us. Long prices.

In connection with Chas. F. Shaw & Co. we have a full line of

$11.50,

and a full line of the new and stylish Cook Cabs at new prices.

THE concert of the powers has a barrel organ finale.

THE line has again tightened about Spain. It is now war or submission.

It has been decided that Cuba is free. The next thing in order is to make this a matter of international record.

TO BEAT coal as contraband of war is to give Spain a deadly punch in the solar plexus. The United States won't be touched. We've got coal to burn over here.

IF the dead heroes of the Maine could hear some of the execrable songs that are being sung about them they would think there is no great glory in the martyrdom of the patriot.

IT is said that the government will adopt General Grant's campaign in Cuba. We would have been spared all this trouble if General Grant had adopted his plans himself.

CONGRESS devoted a week to what might have been done in half a day. The passion to talk is a world-wide disease, but it develops its greatest malignance in the senate of the United States.

THE barroom, says a writer, makes a poor bank. You deposit your money—and lose it. Your time—and lose it. Your character—and lose it. Your health—and lose it. Your strength—and lose it. Your manly independence—and lose it. Your self-control—and lose it. Your home comfort—and lose it. Your wife's happiness—and lose it. Your own soul—and lose it.

A WESTERN paper recently invited the surviving Union and Confederate officers to give an account of the bravest act observed by each during the civil war. Colonel Thomas W. Higginson said that, at a dinner at Beaufort, S. C., where whine flowed freely and ribald jests were bandied, Dr. Miner, a slight, boyish fellow who did not drink, was told that he could not go until he had drunk a toast, told a story, or sung a song. He replied: "I can not sing, but I will give you a toast, although I must drink it in water. It is 'Our Mothers.'" The men were so affected and ashamed that some took him by the hand and thanked him for displaying courage greater than that required to walk up to the mouth of a cannon.

THE malignant perversity of the types has put THE SENTINEL under obligation to offer its most humble apology to Rev. T. DeWitt Talmage. In yesterday's issue the news article noting the presence of the distinguished preacher in Fort Wayne said, in connection with his proposed military service, that he has long been fired with martial ardor. The eminent divine's recent happy union with the charming Mrs. Talmage makes such an observation entirely unprovoked. However, it should be stated that two little letters, inoffensive enough when in their proper positions, became transposed. The word intended was 'martial,' not 'marital.'

TEACH the girls how to work. It has been truly said that the poorest girls in the world are those not taught to work. There are those rich of them. Rich parents have petted them, and they have been taught to despise labor and to depend upon others for a living, and are perfectly helpless. The most forlorn women belong to this class. Every daughter should learn to earn her own living, the rich as well as the poor. The wheel of fortune roll's swiftly around the rich are likely to become poor, and the poor rich. Skill added to labor is no disadvantage to the rich, and is indispensable to the poor. Well-to-do girls should learn to work. No reform is more imperative than this.

THE natural resources of Cuba are infinite, it may be said, in variety. Of her area only 10 per cent. is under cultivation, 7 per cent. is not reclaimed and 4 per cent. is under forests. Great tracts of the island are practically unexplored. She had in 1894 a population of a little more than 1,500,000. Of these nearly one-third have been starved to death during the present war. Cuba could support in plenty a population of 10,000,000. Her forests are stocked with the finest wood in the world—wood, several species of which are as hard as iron, turning the edge of the ax and remaining imperishable under water. There are found woods invaluable for the dye industry, ebony, cedar, fustic, lancewood, mahogany, rosewood, jocums, acana and many others. There are fifty varieties of palm. Her fruits are valuable and little cultivated. Her climate is admirably suited for the olive, and so fertile is the soil and in such constant mood of jollity is Mother Nature that she needs not to be tickled with the hoe to laugh with a harvest, for bananas will grow without cultivation, and like the orange, the lemon and the pineapple, are indigenous. That Cuba has made so little progress in the development of her marvelous resources is due to the curse of Spanish rule and the natural indolence that is characteristic of peoples of the tropics. When the island is free, as it soon will be, American and British capital will find a rich field for investment and development, and Cuba will become a land of wonderful richness and riches.

Spain Must Yield or Fight.

After weeks of diplomatic evasion, wrangling and deception, Spain is again brought sharply face to face with the same inexorable situation.

She must strike her flag in the western hemisphere or see it hauled down by hostile hands.

Spain must yield or fight.

Through their deputed lawmakers the seventy millions of people of the United States have declared that the oppressed and starving thousands in Cuba are of right free and independent. Spain herself must promptly so declare, or within a few hours the strong arm of this nation will be put forth to enforce the high degree of liberty.

Spain must herself elect the issue. If she chooses to evacuate Cuba peaceably, well and good. If she prefers the arbitrament of armed conflict, it it will be a balm to her arrogance to see the remnants of her once vast power in this hemisphere riven and destroyed by the thunderbolts of war, so be it.

No power on the planet can secure to her the longer maintenance of her sway in Cuba. No human agency save her own discretion can avert the impending disasters of an overwhelmingly unequal contest. Her power is shattered, her rule is doomed, and it remains only to complete the final scene of the four centuries of bloody tragedy with which she has crimsoned the history of the western world.

With rifle volley and cannon blast the last dread vestiges of her unholy rule will soon be swept away. This republic, standing as "the sentinel of liberty in the western hemisphere," is firm in its determination, unfaltering in its patriotism, and armed for the conflict.

War can yet be averted and all who think aright will hope that it may. But there is a solitary condition. Cuba must be free.

Spain must yield or fight.

Art Benke, of the Meyer Bros. & Co.'s drug store, was riding his wheel on the Goshen road, Sunday, and in attempting to coast down a hill, he took a header, and cut a deep gash in his chin, necessitating the taking of several stitches to close the wound.

NO ILL-FEELING.

Regular Army and Militia Regard Each Other Amicably.

Adjutant General Corbin Denies That There is Jealousy and Says Cordial Feelings Exist.

WASHINGTON, April 19.—The attention of Adjutant General Corbin, of the army, having been called to certain publications stating that ill feeling existed between the regular army and the national guard of the several states he stated that, so far as he was informed, the report had no foundation, in fact so far as he could ascertain, or was advised, only the most cordial relations existed and every effort to retain these relations was being fostered and put forth by officers in authority in the war department.

In answer to numerous inquiries as to the manner and the number of troops that may, in the near future, be called into active service, the general stated that it was absolutely impossible for him to give any definite information that the president doubtless, in any call he might make for troops, would specify the number and character to give each state a representation in proportion to its population. Whether the national guard can be called into service as such is a question about which there is a difference of opinion.

It can be stated, however, that the war department recognizes the fact that the national guard is largely composed of excellent military material, and within the limitations of the law every effort will be made to secure this fine material for any active service that the government may have for troops outside of the regular army.

Numerous inquiries and applications have been made for the appointment of commissioned officers of volunteers. It is quite definitely determined that the war department will deal only with the governors of states, and when the regiments are offered for muster these officers will be mustered in as appointed by the governor.

READY FOR WAR.

The United States Prepared for Operations.

No More Foreign Warships Will be Purchased—Camp Equipage Engaging Attention.

WASHINGTON, April 19.—The bulk of preparations for action are about completed and the work is now reduced to perfecting details. The army is being mobilized and all that remains is to insure the prompt supply of all classes of equipment, and as was stated at the navy department today, the market has been gleaned of available vessels and it now comes to manning them and perfecting methods of communication and co-operation. The O'Higgins was the last desirable ship of any size in sight and it has been authoritatively announced that all hope of getting her has been abandoned.

General Greely, in charge of telegraph and telephone communication between seacoast fortifications, announces that this work is in a gratifying state of forwardness.

Superintendent Kimball, of the life saving service, has conferred with Assistant Secretary Roosevelt on employing the men of the coast service in a regularly organized system of reporting war vessels sighted at points remote from ordinary ports of entry. Such a system will be a valuable adjunct to the regular observation service.

A novel departure in naval practice is the formation of a marine battalion which will accompany the North Atlantic squadron and be used in landing operations.

The quartermaster generals department of the army is rushing work on the forts and tent equipage. Ordinarily Philadelphia gets these contracts but recently the war department has contracted for making them at St. Louis, New York and Chicago also. Quite a consignment of tents have been alloted to the militia of the states under the act of congress.

THE NEWSWRITERS.

War Department Will Take Care of the Correspondents.

WASHINGTON, April 19.—Assistant Secretary of War Meiklejohn is giving consideration to the arrangements for newspaper men with the invading army in Cuba. He has not yet formulated more than a very general plan.

It is recognized in the war department that the correspondents must be provided for, and it is proposed to attach them to the army in some capacity. This will give them the facilities for transportation and provide them with certain material. They will be permitted to mess with the officers, sharing with the latter the personal expenses of the camp.

They are not likely to have official surveillance beyond the obvious control the commanding general would have over those attached, even in a personal capacity, to his command or his fleet.

They will be permitted to come and go as they please in most instances, and will be enabled to write and file dispatches at will. There is some talk of exercising a censorship over matter sent out from Cuba, as matter of a confidential nature and reports of disasters would naturally embarrass the government and interfere with the success of operations on the island.

The artists on some of the illustrated papers have put in their applications, and representatives of some of the European papers have been to Washington for that purpose.

TO SERVE UNITED STATES.

Many British Officers are Applying for Employment.

LONDON, April 19.—The American embassy here is very busy attending to the applications of those who are desirous of serving in the United States army and navy in the event of war with Spain. Among the applicants are several British commissioned officers, most of whom are on half pay. A majority of them have been attached to infantry regiments, but some of them represent crack cavalry regiments. Five officers from outside of Great Britain have also applied for employment.

MAKING FLAGS.

Busy With Rush Orders for "Old Glory."

Thousands of "Star Spangled Banners" Are Being Made by Deft Hands in New York.

NEW YORK, April 19.—Day and night men, women and girls, urged to increased effort by impending war, are putting together for the United States navy the emblems that will flutter defiance in the face of the enemy of the nation. They are making flags at the New York navy yard in Brooklyn, and they are making them as strong as the hearts and the nerves of the men who will fight while life is left in defense of "Old Glory." Many of the operators have been long in this branch of the service. James Crimmins, the foreman, has held his place ever since the department has been established, more than thirty years. Several of the star sewers have been at their work for twenty years, and many of the stripe sewers almost as long.

The last touches to the flags are given by an old sailor, who, with three sharp knives, some strong thread and a coil of rope beside him on the bench, and with a peculiar thimble on his hand, attaches the flag to its rope, taking thirty stitches to each fastening. His stitch is a long sailor's knot warranted never to break or give way. No matter how busy he is he never allows anyone to take his place or even assist him in this work. Since the flags of the navy will have to rough it in all seas and under all conditions of weather, the bunting is thoroughly tested before being made up.

The white cotton cloth from which the stars are cut is folded into about twenty thicknesses. The pattern is then marked on it and cut out with a sharp knife or a hammer and chisel. Each flag has to have ninety stars (forty-five on each side), and these are sewed firmly in place on the blue field by experienced sewing women. Formerly Ben Butler had a monopoly in supplying the nation with bunting, but now the government buys where it can find the cheapest and best material each year.

IRELAND HOLDS OUT HOPE.

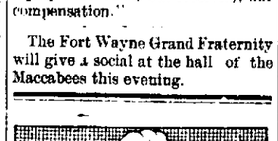
Archbishop Cables the Pope That There Is a Chance for Peace.

LONDON, April 19.—The Rome correspondent of the Daily Mail, telegraphing Monday, says:

"Archbishop Ireland cabled to the pope today, saying he had great hopes that his efforts for the preservation of peace would be crowned with success. The archbishop complains that the greatest obstacle in his path is the violent language used in Roman Catholic organs in Europe against America.

"I learn that the powers are now discussing the advisability of offering their pacific mediation in the controversy between Spain and the United States on the basis of Spain ultimately relinquishing her sovereignty over Cuba, but receiving due compensation."

The Fort Wayne Grand Fraternity will give a social at the hall of the Maccabees this evening.



Mother's Friend

is a liniment for expectant mothers to use externally. It softens the muscles and causes them to expand without discomfort. If used during most of the period of pregnancy there will be no morning sickness, no rising breasts, no headache. When baby is born there will be little pain, no danger, and labor will be short and easy. $1 a bottle at druggists.

Send for a FREE copy of our illustrated book about MOTHER'S FRIEND.

The Bradfield Regulator Co., Atlanta, Ga.

TWO GREAT SCIENTIFIC MEN.

What They Have Done and are Doing for the World, and What They Have to Say About Warner's Safe Cure.

PROF. S. A. LATTIMORE,
The Chemist.

These are two great men. One is Prof. Lewis Swift, the astronomer, who has discovered more comets than any man who ever lived before upon the earth. The other is Prof. S. A. Lattimore, Vice-President of the University of Rochester, Professor of Chemistry and Analyst of Foods and Medicines of the New York State Board of Health.

Both these great men are careful observers and deeply interested in everything that can in any way help people to longer life and more happiness. Hence it comes that after careful observation they unhesitatingly endorse a popular preparation.

Professor Lattimore says:

"I know the formula of Warner's Safe Cure. I have investigated the processes of its manufacure, which are conducted with extreme care and according to the best methods. I have taken from the laboratory samples of all the articles used in the preparation of Safe Cure, as well as the medicine into which they enter. I have also purchased from different druggists Warner's Safe Cure and upon examination I find it entirely free from poisonous and deleterious substances."

Professor Swift in conversation said: "I have known of Warner's Safe Cure for years, and I know of what great help it has been to large numbers of people who have used it. Many of these persons have felt that they cannot do without it. These things prove that it undoubtedly merits the high confidence it enjoys."

Take the advice of the best and most reliable people.

Use only that which has been tested thoroughly and endorsed by the highest authorities in the land.

Warner's Safe Cure stands upon a plane by itself.

It is in every sense scientifically superior.

It cures the acids and rheums which are in the blood of every person after going through the strain of a winter.

How?

By driving these poisons from from the body through the kidneys.

It stops headaches by checking their cause.

It checks neuralgia and rheumatism by destroying the uric acid which causes rheumatism.

It keeps you in good health!

PROF. LEWIS SWIFT,
The Astronomer.

PROPOSED ARMY.

Movement to Furnish 200,000 Soldiers Immediately.

The Plan Contemplates Reinforcing the Regulars by Calling Out the Militia and 60,000 Volunteers.

WASHINGTON, April 19.—Plans are being formulated in congress involving the placing of about 200,000 soldiers, in round numbers, at the disposal of the government within a very short time after the Cuban resolutions are approved by the president. The calculation is based on the following figures covered in plans already in effect or in contemplation, viz: Standing army 27,000; by call for volunteers 60,000; by calling out state militia 75,000 or 100,000; by army reorganization bill 5,000.

Leaving aside the present regular army force, the second and fourth items are practically settled on in committee, while the third, as to state militia, is being actively canvassed, and while there are differing views, they are expected to crystalize into an authorization to call out the number stated. The bill drawn by Representative Hull, chairman of the military committee, authorizes the president to call for something like 60,000 volunteers, to be drawn through the various states.

While this method obviates the legal technicalities involved in the services of state militia organizations per se, it is likely the volunteers thus obtained through quotas furnished by the respective state and territorial governors will come from within state militia ranks. In the house committee on militia a plan to effectually put a large number of the militia at the disposal of the president is being formulated.

Some think one hundred thousand excessive, but Chairman Marsh and others regard the figure as conservative in the view that the resolutions evidently mean war. The president, as now suggested by Representative Marsh, can call out the militia at any time and congress follow up the executive action by legislative enactment providing for their mustering into the United States service.

At the same time the army reorganization bill recently recommitted by the house is being carefully pruned by the military affairs committee to meet objections. It is proposed to extend the army organization to a three battallion war formation, and to increase the batteries of artillery to 200 men each. This measure, it is claimed, may bring 5,000 more men into the regular service to be added to the present 27,000 regular troops.

PHOTOGRAPH BATTLES.

Proposes to Make Lifelike Pictures of War Engagements.

WASHINGTON, April 19.—Extraordinary arrangements are understood to be under way for balloon photography. Within two or three days W. J. Rouse, one of the most expert photographers in the United States, has arrived in Washington with a new apparatus which has created a sensation among military experts.

Today he exhibited his new telescope-camera in operation, and it brought a set of chimneys at an actual distance of two-thirds of a mile, within an ordinary 100-yard photographic range. Every detail of the bricks, and even the tiniest interstices in the mortar were plainly shown on the developed photographic plate.

Mr. Rouse will ascend in a balloon from near Havana or some other convenient point in case of a naval engagement, and will be able at an elevation of 2,800 to 3,000 feet to photograph at a range of four miles.

He has already made photographs from balloons at a range of more than three miles, and one of his photographs of an aeronaut in a balloon at an elevation of 4,200 feet, taken from the ground, shows a perfect and easily recognizable portrait.

James H. Wallace, a prominent young man of this city, will leave this evening for Oklahoma, where he has made application to teach. Mr. Wallace is a graduate of the South Bend high school and his friends will wish him success in his new western home.

Sion S. Bass post will give a bean soup social at their hall, No. 80 Calhoun street, April 20.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit—What the Players Are Doing.

Lucky it was that Manager O'Meara ordered the players to report on April 5. They were all able to get in two weeks of good hard work and escape the necessity of exposing themselves to the unpleasant weather we are now having. Every player, with the possible exception of Babb and Fitch, is in good condition and ready for the season to begin. Yesterday and today the team has been practicing new signals and tomorrow if the weather is favorable they will go to the park, the gates will be locked and private signal practice will be the work of the afternoon. There will be no more games until the opening of the season at Dayton next Monday.

BELDEN WILL GO HOME.

Dr. C. E. Barnett states that Ira Belden's condition is such that he will be unable to play for at least a month. He is considerably weakened and at times becomes violent. It is a good humored violence, however, and is caused, probably, by the medicine which he is compelled to take. It is necessary to keep watch at his bed and Manager O'Meara details ball players to this duty. It has been decided to send him to Cleveland and relatives have been written to come after the sick ball player.

NOTES.

The Shamrocks will play at South Bend Sunday.

"Chic" Stahl lined out a three-bagger Monday.

Anson umpired a game at South Bend Monday and there was never a kick.

The Inter-State season opens next Monday. Fort Wayne will be at Dayton.

Swaim has gone to Oil City, Pa., to join Guy Hecker's team. He left this morning.

The Fort Wayne outfield, until Belden recovers, will be Cooke, left; Hickey, center; O'Meara, right.

Charles Zimmer has recommended an infielder named Sheehan to Manager O'Meara. With Fitch in good trim he will not be needed.

A Youngstown special says Manager Geer has decided to keep only thirteen players on the salary list, including four pitchers and two catchers.

Hartman is playing second base for Toledo until Erve Beck joins the team. When Beck comes on from Hot Springs Hartman will resume his old place in right.

Dayton seems to have a phenomenal pitcher in young Daugherty. He let Indianapolis down with one hit in Saturday's game. Daugherty hails from New York.

The Shakespeare Literary club will play any team in the city. Address J. Zerbauch, captain, No. 75 Baker street.

Campbell will do the catching for the team so long as he keeps up to the high standard he has set this spring in practice. O'Meara and Hickey will always be on hand to help him in case of accident.

The Shakespeare Literary club defeated the South Side Athletic club Sunday, by a score of 5 to 3. Batteries for Shakespeare Literary club, Zerbauch and Connelly; for South Side Athletic club, Mulhaven and Kavanaugh. The feature of the game was the batting of McKendry and Mannix.

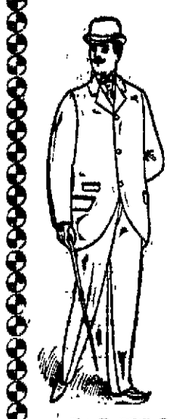
Miss Cora Dawkins, medical nurse, is at her rooms at the Y. W. C. A. for a few days. Miss Dawkins nursed David Spencer through his last illness and since his death has had scarcely any rest.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

SPRING'S GREAT BARGAIN BEGINNINGS.

A Veritable Climax of Price Wonders.

MEN'S CLOTHING BOYS'



We start right at the beginning of the season with the low prices that usually do not come until the season's end, and this, too, with a matchless stock, tremendous in its assortments.

We display ten styles where others show one—immeasurably superior in every way to any other clothing stock in Fort Wayne, and at prices from 15 to 25 per cent less than others ask for equally good, equally dependable, equally stylish garments. Prominent among the many bargains are the following:

MEN'S SUITS.

MEN'S NOBBY AND WELL-WEARING SUITS, made of staunch service giving Wool materials, in the very newest patterns, Workmanship, trimmings and everything about the suits, strictly first-class. Price commencing now **$5.00**

MEN'S BUSINESS SUITS, made from all the well known fabrics in the newest Overplaids, Checks and broken effects, also in the quieter plain designs so very stylish just at present. Exquisitely tailored and trimmed. Price commencing now **$8.00**

MEN'S FINE SUITS, made from high grade domestic woolens, trimmed and tailored throughout with that careful attention that only insures good wear and tasty appearance, a superior assortment—over thirty confined patterns to select from. Price commencing now **$10.00**

MEN'S VERY STYLISH SUITS, garments designed and made to suit the taste of the most fastidious dressers—Suits in the manufacture of which nothing but the very choicest materials were employed, made of the most desirable novelties and plain Suitings. Price commencing now **$12.00**

MEN'S FINEST SUITS, the choicest of the choice, the acme of perfection in clothing ready to wear, all the real nobby cloths, colors and patterns, all the correct, thoroughly up to date styles, in fact, an exact duplicate of the best merchant tailor work. Price commencing now **$15.00**

"Beauty and Power."

The secret of a woman's power is in her complete womanliness, both physical and mental. This does not mean perfection of outline nor regularity of features. It does not mean wit, nor talents nor accomplishments. It means that physical attractiveness that comes from perfect bodily condition and the bright, happy cheerfulness of disposition which only complete health can insure.

A woman with a bright eye, clear complexion, mantling color in the cheeks and buoyant elastic step and manner has a natural attractiveness that no artificial agency can counterfeit.

A woman who is afflicted with the mortifying misfortune of a dull, sallow, pimply complexion or that listless movement and attitude which provokes only disgust and revulsion in the opposite sex, ought to avail herself of the purifying, invigorating power of Dr. Pierce's Golden Medical Discovery, which makes a strong, healthy stomach and digestive organism; purifies the blood and imparts a natural stimulus to the excretory functions; insures healthy weight, clear skin, bright eyes and the animated manner and bearing of perfect health.

A lady living in West Virginia, Miss Anna Callow, of Kyger, Roane Co., writes: "It is with pleasure I write you after using a few bottles of Dr. Pierce's 'Favorite Prescription' and 'Golden Medical Discovery,' and I think them valuable medicines for female troubles and weaknesses. I could hardly go about my work I had such inward weakness and constant misery in the womb. It worried me so that I would give out in walking a short distance. I had a bad cough and my lungs hurt me all the time. I got very thin, my complexion was bad, and my eyes would get so heavy in the evening they seemed stiff in the lids. I could hardly move them. Many persons were alarmed about me. I looked so bad and had such a cough, they were afraid I would go into consumption. I felt as badly every day that I had no life about me. I used only two bottles of all, all shall ever speak in praise of your princely medicines. They are the best to make one healthy."

Another good thing to have in the house is a vial of Dr. Pierce's Pleasant Pellets. They cure biliousness and constipation and never gripe.

IMPERIAL BAKING POWDER

DISPATCH BOAT.

Associated Press Charters Filibustering Tug Dauntless.

JACKSONVILLE, Fla., April 19.—The famous filibustering tug, Dauntless, is now the dispatch boat of the Associated Press. The United States court has released her upon a bond of $25,000, and she is being provisioned and coaled for her mission in southern seas. She will sail from Jacksonville today with the correspondent of the Associated Press and crew of picked men, knowing every inch of the Florida and Cuban coasts.

The Times Union and Citizen, whose editor carried on the negotiations for her charter, said this morning: "The special correspondent of the Associated Press is now in the city and will take command of the Dauntless. He has been actively engaged completing all arrangements, and today the tug will take on board about sixty tons of coal, besides sufficient provisions to last for the next month. The Dauntless will leave tomorrow, going from here direct to Key West, where other Associated Press correspondents will be taken on board.

THEY ARE DEADLY.

Tests Being Made of a New Explosive Shell for the Government.

PITTSBURG, Pa., April 19.—A new explosive shell, the invention of George W. McMillin, a Chicagoan, is being tested at the Twenty-ninth street works of the Carnegie Steel company, and the result may determine the duration of an encounter with Spanish men-of-war.

It is claimed that they are of a more dangerous nature to the enemy than any other projectile in the navy department. Within the next week they will be forwarded to Sandy Hook testing grounds, where they will be put through the government's most rigid examination.

INSPECTING THE LINE

Consulting Engineer Spencer on His Annual Trip.

Willard Smith Did Not Go Into the Government Service—Affairs of Shop and Rail.

Mr. Spencer, consulting engineer of the Pittsburg, Fort Wayne and Chicago Railway company, is out on his annual inspection of the property and is accompanied on the trip by Chief Engineer Thomas Rodd, of the Pennsylvania company. Their train left Pittsburg this morning and will arrive in this city at 6:30 o'clock this evening. The party will spend the night here and continue the journey in the morning. Mr. Spencer represents the stockholders of the original company and is not in any manner connected with the Pennsylvania company, which is the lessee of the property and has full control of it.

RAILWAY OFFICIAL CHANGES AT LIMA.

A Lima paper contained the following concerning a gentleman who formerly worked on the Nickel Plate and resided in this city: "It is stated on good authority that G. R. Haskell will retire as superintendent of the Detroit and Lima Northern road on May 1, and that he will be succeeded by W. J. Hawkins. W. M. Seegar, for several years general agent of the Lake Erie and Western road here, tendered his resignation two weeks ago and it has just been accepted. His successor will come from Indianapolis, but who he is has not been made public as yet."

LIFE OF AN ENGINE.

The life of locomotives is not as long as is usually believed. Recent comprehensive investigations in England have shown, on the contrary, that locomotives last for only about 500,000 miles on an average. In other words, a modern locomotive, after a run of this length, is so used up that further repairs do not pay. Of course, during the locomotive's life, various parts have to be repaired or renewed repeatedly. The fire boxes, for instance, must be renewed three times, the tires five or six times and the driving axles three to five times.

LINE LOCATED.

A Toledo paper says that the officers and engineers of the Wabash company have located the new line of the company from Montpelier to Toledo. The road will not be built, however, unless the Compton suit results in the loss of the present line.

PERSONAL AND OTHERWISE.

Joseph Haley, Nickel Plate engineer, has gone to Chicago to spend a week with friends.

William Connors, of the Pittsburg machine shop, has purchased a bicycle and now rides to his work.

Samuel Walker has been appointed traveling passenger agent of the Nickel Plate, with headquarters at Chicago.

The traffic agreement between the Grand Rapids and Indiana and the Chicago and West Michigan has terminated.

The Pennsylvania company is doubling its tracks on the Cleveland and Pittsburg division between Newburg and Bedford.

Fireman W. Ostoman has been assigned to engine 12 and Fireman John McLaughlin to engine 171 on the Nickel Plate.

Dick Smith, lineman for the Central Union Telephone company, was badly burned, coming in contact with an electric wire.

Charles Meyers, an employe of the Pittsburg shops, is off duty with a lame hand. Yesterday he ran a splinter in the member, inflicting a painful wound.

Michael Ehrman, an employe of the Pittsburg machine shop, is confined to his home in Bloomingdale by a lame back, the result of an accident last Saturday.

Nickel Plate Fireman T. Maughan had the misfortune to mash one of his fingers by a piece of coal dropping upon it last Sunday. He will be off duty a few days.

The little son of Engineer George Stevens is quite sick and that gentleman has been unable to go out on his run on the Nickel Plate on that account for several days.

A new division of the Brotherhood of Locomotive Engineers will be organized at Bellefontaine on Sunday next. It is expected that Grand Chief Arthur will be present.

Engineer J. A. Swartz has returned from Continental, Ohio, where business occupied his attention ten days. He resumed his duties on the Nickel Plate yesterday.

Master Mechanic Samuel Wass, of Rhinesmith & Simonson's factory, is confined to his home. He was taken ill last Sunday while attending the funeral of Mrs. Wass' father at Larwill.

Master Mechanic C. H. Doebler, of the Wabash, attended the meeting of the Western Railway club at Purdue university this afternoon. He is a member of that association and is greatly interested in all its work.

Nickel Plate Brakeman Imbody, who had been off duty on account of the sickness of his wife, reported yesterday. M. Deitrich, also a Nickel Plate brakeman, who had been on the sick list, took his run out yesterday.

Business continues good with all western lines, and rolling stock is seldom as fully employed in the spring months as at present. In fact, complaints are heard of an insufficient number of cars to move business offered.

General Manager Adams, of the Columbus Northwestern, last week let the contract for building three new passenger depots and four new depots, at other points. The passenger depots are to be built at Lewiston, Hopeview and Santa Fe.

W. A. McDowell, the Nickel Plate brakeman who was injured at Leipsic junction Saturday night, has been brought to the city and is now at his home on Elm street. Dr. Dinnen reports the injured man's condition much improved.

W. Y. Cherry, Will Fitzpatrick and H. F. Hilgeman are in Chicago selecting a uniform for the Penna Company Base Ball club, and the team will appear in its new "togs" for the first time at the game with the Fort Wayne club next Saturday.

The Canadian Pacific and the Soo line will place freight and passenger representatives at Pittsburg. This action is creating a stir in Pittsburg railway circles, as usually a demoralization in rates follow the trail of these companies entering new territory.

T. J. Rodabaugh, general foreman of the paint department of the Pittsburg shops, has disposed of his eleven-months-old colt, Director King, to New York parties, receiving therefor $200, which for so young an animal is considered a good price.

A contract was to have been let April 15 for the extension of the Brice line from Akron to New Castle, Pa., but the company has decided to make another survey, making it an air line as near as possible. This delay will probably mean that the extension will not be built this summer.

Willard Smith did not enter the service of the government, although he went to Erie for that purpose. He was anxious to be assigned to the New Orleans, the battleship upon which Philip Hess is now one of the machinists, and failing in that wish, he refused to enlist. Mr. Smith is now working in the Pennsylvania railway shops at Erie.

The Big Four is endeavoring, it is stated, to secure control of the Lafayette belt railway, either by lease or purchase. For three years the Wabash had a contract, which expires May 1, by which it handled the business done over it. The road runs to the fair grounds, which have become a resort of pleasure seekers, a number of excursions last year having been run to it.

PENNSYLVANIA RELIEF DEPARTMENT.

The monthly bulletin of the Pennsylvania Relief department for March has been issued by R. F. Smith, superintendent. It shows that during the month there was distributed in death benefits on account of accident, $3,250; in death benefits from natural causes, $7,750; in disablement benefits from accident, $7,605.70; in disablement benefits on account of sickness, $9,171.60, making a total of $27,777.30 paid out to 1,115 employes, or in case of death to their legal representatives.

DILKE DISCUSSES THE WAR.

Sir Charles Sees Only Defeat for Spain and Says America Is Right.

LONDON, April 19.—Sir Charles Dilke, member of parliament, is quoted in an interview on the Spanish-American crisis as expressing the opinion that the two opposing fleets are about evenly balanced, and that therefore the decisive action will be fought at sea.

"If," said Sir Charles, "the Americans win the war will be over. If Spain wins it will be the beginning of a long struggle which must end in the crushing defeat of Spain."

Continuing, Sir Charles ridiculed the idea of the Spaniards shelling cities, pointing out that it would be no advantage to Spain for her to do so.

Sir Charles expressed the opinion that both sides should be allowed access to British coaling stations, allowing twenty-four hours to elapse between the departure of one nation's ships and the arrival of their enemy to coal. He said he anticipated considerable trouble from the chaotic state of international law, announced that his sympathies were with the United States and explained that the United States was quite right in interfering in Cuba, adding, "although I pity the grand old empire of Spain, which is crumbling."

The Rod and Reel Fishing club will give its first grand ball at Randall hall Thursday evening. The proceeds of this affair will be used to erect a club house for members on the banks of the St. Joe river above Robison park.

MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia. Alum or any other adulterant.

40 YEARS THE STANDARD.

A GUARANTEE.

To Every Person Suffering From

Catarrh, Catarrhal Deafness, Bronchitis, Asthma, Colds, Coughs and Hay Fever.

"HYOMEI"

The New Australian Dry Air Cure.

The Guaranteed Remedy—The Only Rational Treatment for These Diseases.

Since the introduction of Booths' "Hyomei," some months ago, there has been a complete revolution in the method of treating diseases of the air passages.

Heretofore but few, if any, regular physicians could be induced to treat these diseases locally, knowing that medicines never intended the air passages for the use of sprays, vapors, liquids, douches and atomizers; also that such remedies not only failed to reach all parts affected, but proved in many cases positively dangerous.

Today there are over thirty-six hundred physicians throughout the country who are prescribing Booth's "Hyomei," and have testified to this fact, claiming that it is the first and only rational treatment they have ever known, and that its use is always productive of astonishing results.

IT CURES BY INHALATION.

Catarrh.—In the treatment of this disease "Hyomei" is quick, sure and permanent.

Catarrhal Deafness.—"Hyomei" cures more people of this affliction than all other methods combined.

Coughs and colds are broken up in one night.

Asthma is relieved instantly, and permanently cured by "Hyomei."

GUARANTEE—I will refund the money to all persons purchasing Booth's Pocket Inhaler Outfit anywhere in the United States, during 1897, who will say that "Hyomei" has done them no good, on condition that they apply direct to the head office, 23 East Twentieth street, New York City.
(Signed)
R. T. BOOTH.

"HYOMEI" CURES BY INHALATION.

It is nature's own remedy carried to all parts of the head, throat and lungs by the air you breathe. It can be taken at all times and in any place.

There is no danger, no risk. Your money is refunded if it fails to relieve.

"Hyomei" Inhaler outfit, $1.00. Extra bottles "Hyomei," 50c. "Hyomei" Balm, a wonderful healer, 25c. Sold by all druggists, or sent by mail on receipt of price.

Suite 20-21, Auditorium Building, Chicago, Ill. Home Office, 23 East 20th St., New York.

CRESPO KILLED.

Former President of Venezuela Reported Killed in Battle.

NEW YORK, April 18.—A special cablegram (copyrighted from Caracas, Venezuela, to the Evening World, says that President Joaquin Crespo, of Venezuela, was killed in battle, by the leader of the rebel forces, last Friday.

WASHINGTON, April 18.—Up to 3 o'clock no word had come to Senor Andrade, the Venezuelan minister here, of the killing of Ex-President Crespo by rebels. The minister's brother, General Andrade, is now president of Venezuela having succeeded Crespo. The minister thought it strange he had received no advices, but said there had been fighting in the part of Venezuela in which General Crespo was last reported.

DIES BY HIS OWN HAND.

Thomas Carey Felton Is Identified as the Strange Suicide.

BOSTON, Mass., April 19.—The identity of the patient at the Massachusetts general hospital who shot himself last Tuesday night, the facts of which case were suppressed by the officials, have been established. He was Thomas Carey Felton, aged forty-three, a resident of New York and the son of Cornelius Felton, who was president of Harvard university from 1860 to 1862, when he died.

Mr. Felton has been an invalid for years and came here to be treated two weeks ago.

WOMEN WOULD GO TO WAR

They Organize a Company in Western Nebraska.

CHADRON, Neb., April 19.—Some of the enthusiastic Chadron women held a meeting here last night and organized a cavalry company, which they have tendered to Governor Holcomb in case of war with Spain. The members are accomplished horsewomen and "dead shots," they say they will go to Cuba to fight the dons if given a chance.

SENATOR WALTHALL DYING

The Mississippi Statesman Rapidly Sinking Under Disease.

WASHINGTON, April 19.—Senator Walthall, of Mississippi, who has been critically ill for several days, is not expected to survive during the day. His physician announced this morning that there was not the chance in a thousand for his recovery.

AFFECTED BY WAR OUTLOOK

A Great Slump Occurs in Spanish Bonds—American Securities Dull.

LONDON, April 19.—American securities on the stock exchange today opened dull and lower. After the opening prices steadied somewhat, but at 12:30 o'clock the market again turned weak.

Spanish 4's opened 38, and further declined to 38, a net loss of 3%, as compared with yesterday's quotations.

PARIS, April 19.—Spanish 4's are quoted on the bourse today at 39, a loss of 2% from yesterday's final price.

BOARD OF WORKS.

Routine Business at Yesterday Meeting.

Remonstrance Against the Paving of High and Holman Streets—Communication From Council.

The board of works yesterday received communications from City Clerk Monning announcing that the city council had passed resolutions requesting the commissioners to build a bridge over the Maumee river at Walton avenue and called attention to the fact that the time had expired which the Consolidated street railway was to be allowed to place fenders on street cars. Clerk Schmidt was instructed to notify the commissioners and the street railway of the action of the city dads.

A remonstrance against the proposed paving of High street was received and placed on file. Property owners there say a pavement would work no benefit unless a sewer is constructed along the street first. The remonstrators will be heard next Thursday evening.

A remonstrance against the proposed paving of Holman street with asphalt was also received. Only two resident property owners had signed their names to it.

The Home Telephone company was granted permission to lay an additional conduit for underground wires on Calhoun street, from Superior to Lewis, and on Main street, from Court to Maiden Lane, and in the alley between Main and Columbia, from Clinton to Barr. The company was also granted permission to erect an iron pole on Calhoun street, between Washington and Jefferson.

A remonstrance against paving the alley between Wayne and Washington streets, from Calhoun to Harrison, was received and placed on file. The following resolutions were confirmed:

For grading South Wayne avenue, from Home avenue to Organ avenue, and for building sidewalks on both sides of the street; for grading and building sidewalks on both sides of Wildwood avenue, from South Wayne to Fairfield; grading and building sidewalks on both sides of Kinnaird avenue, from South Wayne to Fairfield; grading and building sidewalks on Packard, from Fairfield to South Wayne; grading and building sidewalks on both sides of Cottage avenue, from South Wayne avenue to Indiana avenue; building a sewer in the alley between Fletcher avenue and Walton avenue, from Penn street to Alliger street.

Two of the above resolutions were amended, taking off a portion of South Wayne avenue, and providing for sidewalks on one side only of Wildwood avenue.

A GOOD MAGAZINE.

"Success," a Periodical That Will Be Helpful to All Who Read It.

This is not a paid notice. We desire to recommend to every reader of THE SENTINEL the magazine called "Success." It is the most helpful magazine published and should find a place in every home. It was only started last January, but has already a circulation of more than 50,000 readers. It tells each month how people made a success of life. If you cannot get it at our city book stores or news stands, order it from the publishers, Success company, Cooper Union, New York city. The price is only $1 per year.

Jake's Luck.

Jakie Meyer, the popular violinist, who for many years has played to the delight of large audiences at the Temple, will shortly leave for London, Eng., to claim his rights to $50,000 bequeathed him by the late Lord Meyer, of London. His many friends regret his departure, for they will miss his beaming countenance, which may assume a sort of dignity when he returns.

Might Be Gratified.

He—What is he singing? She—Let Me Like a Soldier Fall. He—If I only had a gun!—Pick-Me-Up.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D., "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

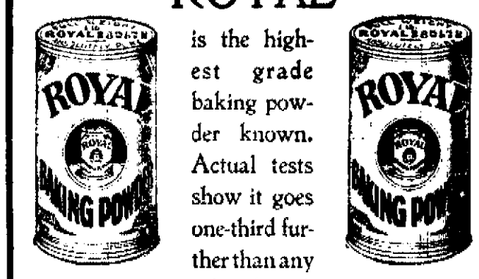
The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

ROYAL



is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER CO., NEW YORK.

CALL FOR MEN.

Captain Curtis Will Strengthen the Artillery.

Issues Orders That Fifty Recruits Will Be Taken Into the Service at Once.

INDIANAPOLIS, April 19.—One of the most important results of the visit to Washington of General McKee and Captain Curtis which came to light last night is the discovery of the fact that the Indianapolis light artillery has been ordered to muster in fifty new men at once and increase its membership from 103 to 153. This was announced last night at the barracks and the recruiting officers began today examining and receiving the new men. There is still a large reserve list and the increase ordered will greatly rejoice some of the men, who thought they were shut out.

It was also announced last night that the Indianapolis light artillery would be expected to take the field at once, and the members must hold themselves in readiness to go at a moment's notice.

Nobody has any idea how many men will be ordered by the general government from Indiana at the outbreak of hostilities if war comes. It will depend entirely upon the time of year, the weather in certain quarters and other contingencies which cannot be anticipated. One regiment may be wanted at once and four may be ordered at the start. No one knows. It is believed that even General McKee does not know this, nor has he any idea. The war department hasn't settled the matter as yet.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Not in Office Wed. and Thurs.

The Successful Remedy for
NASAL CATARRH
must be non-irritating, easy of application, and one that will by its own action reach the inflamed and diseased surfaces.
ELY'S CREAM BALM combines the important requisites of quick action and specific curative powers with perfect safety to the patient. This agreeable remedy has mastered catarrh as nothing else has, and both physicians and patients freely concede this fact. All druggists cheerfully acknowledge that in it the acme of Pharmaceutical skill has been reached. The most distressing symptoms quickly yield to it. In acute cases the Balm imparts almost instant relief.

By Absorption.

Catarrhal sufferers should remember that Ely's Cream Balm is the only catarrh remedy which is quickly and thoroughly absorbed by the diseased membrane. It does not dry up the secretions, but changes them to a limpid and odorless condition, and finally to a natural and healthy character.

The Balm can be found at any drug store, or by sending 50 cents to Ely Brothers, 56 Warren St., New York, it will be mailed.

Full directions with each package.

Cream Balm opens and cleanses the nasal passages, allays inflammation, thereby stopping pain in the head, heals and protects the membrane and restores the senses of taste and smell. The Balm is applied directly into the nostrils.

J. D. Edwards, J. F. Mann, Richard N. Erwin and others, of Decatur, Ind., are in the city to attend the state convention of Hibernians.

Mr. and Mrs. Frank Itenand their daughter left today for Indianapolis, where they will reside in the future. The are traveling overland in a buggy.

There were eighty-six applicants for government positions examined yesterday. Fully two-thirds were seeking employment in the railway mail service.

Visiting newspaper men who were in Fort Wayne yesterday, were E. W. Miner, of the Garrett Herald; H. L. Askew, of the Avilla News, and V. A. Geiger, of the Churubusco Truth.

Owing to sickness there will be no meeting of the Ladies Aid society of the Bethel church at the home of Mrs. George F. Bandtel, No. 358 East Wayne street, tomorrow afternoon.

Daniel Broderick and P. M. McCarty, of Huntington, are in attendance upon the state convention of Hibernians. Mr. McCarty is the democratic candidate for marshal of the Lime City.

The tea to be given by Mrs. C. M. Comparet to the Ladies of the Maccabee Hive No. 6 will be postponed until Wednesday, April 27, from 2 until 5 p m Everyone is expected to bring a thimble.

Patrick Ryan last evening for the Catholic Knights of America, paid over to the heirs of the late P. S. O'Rourke, the sum of $2,000, the amount of insurance Mr. O'Rourke carried in the Knights.

The engagement of Miss May Erickson, of this city, to a prominent business man of Philadelphia, has been announced. The young lady will leave for her future home next week. Good wishes of her many friends will follow her.

The First A. O. U. W. band gave its last progressive pedro and dance of the season last evening at A. O. U. W. hall. These affairs during the winter have been well attended, and members of the band have made each occasion enjoyable for those who attended Some money was realized.

City Civil Engineer Randall has received a letter from Henry Gannett, geographer of the United States Geographical survey of the department of the interior, returning thanks for favors. In this letter Mr. Gannett says that he has taken the elevation of the Pennsylvania depot in Fort Wayne and finds it 775 feet above the sea level

Huntington News-Democrat: Mrs. H. S. Wells was in Fort Wayne today attending the funeral of a daughter of Mr and Mrs Kamps. The child was a namesake of Mrs Wells.—Miss Lizzie Huser, of Luther, Ind., was in the city Saturday en route to her home from Fort Wayne, where she has just completed a ten weeks' course in the Fort Wayne Conservatory of Music. Miss Huser is quite accomplished in music and expects to form a class at her home

Tomorrow night at the Sons of Columbus hall, and under the auspices of that society, there will be an entertainment of which Hon. S. B. McManus, of Lagrange county, will be the chief dispenser. Dr. McManus is known far and wide as the quaint Indiana poet, and he will recite some of his productions that have proved the greatest favorites. Mr. McManus recites his verses with the same natural and dramatic qualities that so conspicuously mark James Whitcomb Riley's efforts, and he is believed by his friends to be no mean rival of the Hoosier Poet. Mr. McManus will compel enjoyment on the part of all who attend

Miss Bertha Young is ill.

W. B. Brown, of Auburn, is in the city today.

Miss Mary Morton is confined to her room by illness.

Miss Minnie Coates, of 57 West Williams street, is very ill

N. T. Mills, of Bluffton, registered at the New Aveline over night.

Miss Lida Snelker, of New Haven, was a visitor in the city yesterday

Miss Belle Fries has returned from Hanover, where she was the guest of friends

Miss Emma Michaels, of Chicago, is the guest of Mrs. John Steiss, at 48 Scott avenue.

Henry Frut, an employe of the Diether Lumber company, is seriously ill with grip.

Mrs. D. Thomas, accompanied by Miss Grace Wilding, has returned to her home in Elkhart.

Mrs. N. J. Davis, the south side hair dresser, who has been ill for a short time, is convalescing

The Ladies' auxiliary of the B. R. Y. M. C. A. have postponed their meeting until Thursday, May .

Miss Ellen Spencer, who was the guest of Miss Emma Jenkinson for a few days, returned to her home in Indianapolis yesterday

The police arrested six boys at the old Methodist college at 2:30 this afternoon. For several weeks boys have congregated at the college and their actions there have been very annoying to the neighbors. The matter was laid before Superintendent Gorsline and he decided to break up the meetings and with this end in view the raid was made this afternoon.

Captain Stoll, of the Pennsylvania company, received word from his officers at Lima, Ohio, last night that two boys had run away from their homes in that city and that they had headed for this city. Their names are Loney Edminston and Guy Bowdle. They are about 16 years old and are riding bicycles. Before they left home they told some companions that they were going to Denver. The father of one of the boys arrived in the city last night and has been making a search for the lads. They may have taken another route between here and Lima.

WEARING THE GREEN

State Convention A. O. H. is in Session.

Almost One Hundred Delegates Are in Attendance—Convention Called to Order at Noon.

The state convention of the A. O. H. convened in Library hall at noon today. There are seventy or more delegates in attendance, all county presidents except four having reported. The convention was called to order by John W. O'Hara, state president, who offered prayer in the absence of priests. Mayor Henry P. Scherer then in a neat and appropriate address welcomed the visiting delegates to the city. President O'Hara responded in his inimitable manner. The convention proceeded to business and a committee on credentials, composed of the several county presidents, was appointed. Adjournment was taken until 3 o'clock this afternoon, at which time the committee on credentials will make its report.

Besides the delegates to the convention there are a number of visitors, including about twenty five priests. At 8:30 tomorrow morning the Hibernians will meet at Library hall and march to St. Patrick's Catholic church, where Bishop Rademacher will pontificate. After mass there will be a parade, weather permitting. The parade will occur about 11:30.

Tomorrow evening a grand banquet will be tendered at Library hall. Hon. Will P. Breen, of this city, will be toastmaster. Election of officers will be held tomorrow afternoon and the convention will not be prolonged until Thursday.

Hibernian headquarters are at the Randall hotel, which hotel has been decorated in green and the national colors in honor to the delegates.

AN ACT OF WAR.

Spain to So Regard the Signing of the Resolutions.

LONDON, April 19.—The afternoon newspapers here today unanimously express the opinion that if President McKinley signs the joint resolution of congress it will preclude the possibility of peace. The papers also think it probable that when the demands of the United States are transmitted to Spain the latter will regard them as an act of war, without waiting for further action upon the part of the United States.

MUST COME HOME.

Military Attaches at Foreign Courts Ordered to Return.

BERLIN, April 19—The United States military attache at Vienna, Lieutenant J. L. Chamberlain, and the United States military attache at St. Petersburg, Lieutenant Arnon, have been called home.

Go hear the "Farmer Poet" at Sons of Columbus hall tomorrow evening. Admission 25c 1912

IS A DECLARATION OF WAR.

CONTINUED FROM FIRST PAGE.

sylvania; Heatwole, of Minnesota, and Dinsmore, of Arkansas, were appointed conferees for the house. The house then took a recess until 8 o'clock.

The senate wrestled with the proposal for a conference, finally consenting. The chair appointed Messrs. Davis, of Minnesota, Foraker, of Ohio, and Moran, of Alabama, as the senate's conferees. The senate then took a recess.

At 8 o'clock the senate again met and listened to the report of the disagreement of the conferees.

Until past midnight there seemed little hope of an agreement. At 1:10 a. m. the conference reached an agreement upon restoration of the words "are and" in the first paragraph, and eliminating the Turpie amendment recognizing the independence of the Cuban republic

The house receded from its amendment striking out the words at 1:15, and at 1:15 the senate receded from its amendment recognizing independence.

Thus the house forced the senate to surrender upon the main point of contention and the resolution, which is practically a declaration of war against the government of Spain, was ready for the signatures which make it a law.

During the several recesses taken by the house while waiting for the reports of the conferees the members put in the time singing patriotic songs. "Dixie," "The Star Spangled Banner," "Red, White and Blue," "The Battle Hymn of the Republic," and an improvised parody, "We'll Hang General Weyler on a Sour Apple Tree," awoke the echoes in the hall of representatives as strong-lunged statesmen warmed up to the spirit of the hour.

A few minutes before 2 o'clock the house and senate adjourned until the regular hour of meeting today.

COURT NEWS.

John J. Garrett Brought back From Iowa—Items of Interest in the Courts.

Deputy Sheriff Gladieux returned at 3:15 this afternoon over the Nickel Plate railway with John J. Garrett, who is defendant in paternity proceedings commenced by Alice Maxfield. The young people live in Cedarville. Garrett had gone to Iowa.

Stenger & Wight were this afternoon awarded the stone work on bridges to be built at Flat Rock, Monroe township, and over Indian creek on the Aboite township line.

William Minnich, a resident of Hoagland, called Deputies Stout and Witte to his home today on a wild goose chase. He thought he had been robbed of $35, but learned after the officers left Fort Wayne that his sister had hidden it away from thieves.

In the divorce case of Eliza Weimer vs. James A. Weimer, Judge Dawson granted defendant a divorce on cross-complaint.

Lyda McCrory commences divorce proceedings against George McCrory, the ex-policeman, alleging cruel treatment. P. B. Colerick is attorney for plaintiff.

The last will and testament of Lawrence Ambruster was today filed for probate. He bequeaths $50 each to George and Ignatus Meyer, sons of his first wife who reside in France. To St Peter's Catholic church he bequeaths $200, Anna B. Smith, his fiancee, is appointed executrix and is bequeathed $300. To the grand children, John Aubrey, jr., Chas. Aubrey and Louis Aubrey a $2,000 life insurance policy in the C. B. L. is bequeathed share and share alike. The home of deceased is also left to the grandchildren. John Aubrey, the son-in-law is left $200 to be expended for gravestones at the grave of his wife, deceased's daughter.

POLO WILL GO.

Spanish Minister to Depart When Cuban Resolutions Are Law.

WASHINGTON, April 19.—Spanish Minister Polo will begin his departure from the United States as soon as notified that the Cuban resolutions are a law.

A Fancy for Old Hats.

The inhabitants of the Nicobar islands, a group in the Indian ocean, have an extraordinary fancy for old hats, and a regular trade in such cast-off headgear is carried on between Calcutta and Nicobar, the much-desired headpieces being paid for in cocoanuts. A tall chimney-pot is the favorite among the Nicobarians, and the acme of fashion is considered to be a high white hat with a black hat-band. This is worth from 50 to 60 cocoanuts and is worn by the Nicobarian dandy when he goes out fishing, the rest of his attire consisting solely of a waistcoat.

WANTED.

Sewing and apprentice girls at 373 Calhoun street.

All lovers of music and humor should not miss seeing and hearing the sightless brother and sister, John and Mary McCay, at Library hall next Thursday night. Their program is a lengthy one, and is full of variety and interest. It embraces selections from Verdi and Gottschalk arranged for the piano. Vocal duetts, soprano solos, baritone solos, standard and popular. Besides the musical part of the program, some impersonations will be rendered by John McCay. His cleverness in this line is really remarkable since he has never seen a human being act. Judging from the manner in which these artists pleased their audience here over two years ago, they will surely be greeted by a crowded house. Admission 25 and 35c. Seats on sale at A. C. Aurentz's. Children, 15c.

Bicycle Experts!

Examine the Racycle Pacemaker and the Racycle Special at the Racycle headquarters, opposite Masonic Temple, 84 Clinton.
WM. O'CONNELL,

IS A DECLARATION OF WAR

Congress Declares Spain Must at Once Evacuate Cuba.

The Measure Now With the President, Who Will Act at Once.

Ultimatum to Be Sent to Madrid, Demanding Prompt Compliance.

Congress Finally Agrees by Striking Out the Independence Clause--Spain Will Be Given a Day or Two to Reply--Refusal Will Be Followed by Hostilities on the Part of the United States.

WASHINGTON, April 19.—The joint resolution adopted by congress early this morning is now in the hands of the president.

Whether the chief executive has yet attached to the fateful document the signature that shall render it a practical declaration of war against Spain is not known.

He is preparing an ultimatum to the Spanish government and this will be signed simultaneously with the resolution.

The resolutions were signed at 12:26 this afternoon by Speaker Reed. They were at once carried to the senate, where, at 12:30 they were signed by Vice President Hobart. At 1:00 the resolutions were returned to the house and at 1:15 they were dispatched to the white house, where they were delivered to the president at 1:23.

It is believed that the president has already put his signature to the document, though announcement of his approval will not be made until tomorrow owing to the fact that the house has adjourned.

A BRIEF SESSION.

House Meets and Hears From Governor and Then Adjourns.

WASHINGTON, April 19.—Proceedings were very dull and slow in congress today. The house early adjourned after a personal explanation by Grosvenor that he in a recent speech had intended no reflection on the loyalty of democrats or populists. He said the south would be foremost in the war at hand.

In the senate Allen offered a resolution recognizing Cuban independence and declaring that the United States would insist Cuba should not be responsible for any debt of Spain. He and Butler discussed it and then the senate took up the sundry civil bill.

A COUNCIL OF WAR.

President McKinley and His Cabinet Hold a Long Conference.

WASHINGTON, April 19.—Soon after the president's signatures is affixed to the joint resolution which everyone here expects is the prelude to war, Mr. McKinley will notify the Spanish government that he has signed the resolution and that its provisions require that Spain shall immediately withdraw her land and naval forces from Cuba and surrender her sovereignty over the island. His notification likewise will state to the United States expects a prompt compliance with its terms.

The time within which Spain will be required to make answer to this ultimatum will be determined upon at today's cabinet meeting, but it is not unlikely that twenty-four or forty-eight hours will be the time limit. It is not improbable that this final message to the queen regent may be communicated through Senor Polo, the Spanish minister, although this point also will be left to the decision of the cabinet.

Under any conditions it is thought that an advance movement of our naval forces will be delayed not more than two or three days at the longest.

Every one connected with the administration realizes that war is to be expected as the result of our ultimatum, and from this time forth the president and the members of his cabinet, it is said, will act as a unit in the execution of a most vigorous policy.

The president did not reach his office this morning until 10 o'clock. Everything about the executive mansion presented its usual quiet appearance. There were very few callers, and those were not admitted to see the president.

The cabinet began to assemble a little before 11 o'clock. Secretary Alger and Secretary Bliss were the first to arrive and were soon followed by the others.

Chairman Dingley, of the house ways and means committee, had a few minutes' conference with the president. It is believed that a war revenue bill has already been prepared or to the least important details and will be presented at once to the house as soon as hostilities actually begin.

It is thought that the secretary of the treasury will be authorized to issue a popular subscription to a loan of probably $100,000,000.

The public will be reached through postmasters, who will post notices in their offices giving all of the details which the general public would be interested in knowing. The subscriptions to the loan as a rule would be made by means of postoffice money orders or certified checks. The secretary, it is thought, will authorize an additional issue of $100,000,000 in 4 per cent. coin bonds running for a period of twenty years.

Although these are said to be the main features of the proposition the full details have not yet been worked out, and in the discussion of the measure by the committee it is not unlikely that important changes may be made even in the general plan.

At 11:30 o'clock Attorney General Griggs left the cabinet room to meet an engagement at the supreme court. Up to that time the question of an ultimatum had not been brought up. Secretary Gage had occupied the most of the half hour in the presentation of his views on the finances.

The cabinet was in session about an hour and a half. At 12:30 an adjournment was taken until 3:30, after a decision was reached to prepare an ultimatum to Spain. The ultimatum and the Cuban resolutions are to be signed simultaneously. Soon after the reasons closed the president and Secretary Bliss took a walk through the white house grounds. Although the official copy of the joint resolution was not before the meeting the copy, as it appeared in the congressional record, was read and discussed.

There was a difference of opinion as to the length of time that should be given to the Spaniards within which to reply to our pre emptory demands for an evacuation of the island of Cuba. One or two of the members thought that twenty-four hours would be sufficient, while a number of others suggested forty-eight hours. The president, however, was of the opinion that we would not be in a position immediately to force our demands even at the end of forty-eight hours, and in view of that fact he thought that at least three days would not be too long a time to permit Spain to have for decision.

It was not with a view to giving Spain any particular consideration that he favored a longer time, but in his opinion it would take that time to put our army and navy forces in position to strike a decisive blow. The question, however, was left open for further consideration at this afternoon's session. The complex wording of the resolution, it is said will make it a matter of some difficulty to frame an ultimatum that will cover the points of the resolution in a satisfactory manner, and it may be late tonight before a satisfactory document can be decided upon.

It was understood that the resolution would not be signed, whenever received, until the ultimatum is also ready for signature, the purpose being that the two may be made one act. As the cortes meets tomorrow it is probable that the ultimatum will be sent in time to be placed before that body on its assembling. It is not thought, however, that any effort will be made to have it reach Madrid at any particular hour.

The Cuban resolution finally reached the white house at 1:20 o'clock with the signatures of Vice President Hobart and Speaker Reed attached. It was in charge of Representative Hager, of Iowa, chairman of the house committee on enrolled bills, who was accompanied by Representative Overstreet, of Indiana. The resolution was taken into Secretary Porter's office and thence to the president. The president did not sign the bill in the presence of the bearers, as they hoped he would do.

When informed that the house had adjourned until tomorrow at noon, Mr. McKinley said that being the case he would not have an opportunity to announce his action before that time. The committee was not with the president more than three minutes.

The cabinet meeting, it was learned during the afternoon, practically settled the question as to how many volunteers shall be called for to supplement the regular army in their operations in Cuba, the conclusion being arrived at that the president shall call for 50,000 men of the national militia.

Secretary Alger after this decision was reached, repaired to the war department and sent for Major General Miles and Adjutant General Corbin. A conference lasting nearly an hour was had as to the means to be employed to give effect to the decision of the president and the cabinet. Considerable progress was made in outlining the plan to be followed, but owing to the complexity of the subject all the details could not be arranged at the first conference.

It is purposed to utilize this additional force in conformity to the terms of the bill submitted today to congress by Secretary Alger through Senator Hawley. According to the decision thereto laid down, presuming the bill to be enacted into a law, the president would first apply to congress for the special permission required in this case to call for volunteers. The men thus secured, whether attached to the first organized militia or not, would technically pass into the service of the United States.

This would be necessary probably in order to escape a violation of the prohibition against sending the state militia out of the country. The additional men would still, however, be actually volunteers, and only in name part of the regular establishment. The law requires that in a call for troops the number required must be distributed according to population among the several states.

In anticipation of this call the department officials have prepared a table showing the number of men that would be required from each state according to the apportionment of the last census.

It was said by Secretary Alger, after the conference, that the matter had not yet advanced far enough to make it possible to send to congress today a message from the president asking for the authority to issue a call for volunteers.

LONG NIGHT SESSION.

How the Cuban Resolutions Were Finally Passed by Congress.

WASHINGTON, April 19.—After one of the hardest fought battles between the two houses, known in many years, congress at a late hour this morning came to an agreement upon the most momentous question it has dealt with in the third of a century. The Cuban resolution was passed. Its provisions mean the expulsion of Spain from the island of Cuba by the armed forces of the United States. There were many roll calls in both houses and each body held tenaciously for its own report. The conferees had great difficulty in agreeing. The first conferences showed a determination on the part of the house not to yield a single point, and it was only after a long consultation with the house leaders that they agreed to allow the little words "are and" in the first section of the senate resolution, which declares that the people of Cuba are and of right ought to be free and independent.

The resolution as finally adopted is that reported from the senate committee on foreign relations, with the addition of the fourth section known as the Teller amendment, disclaiming any intention on the part of the United States to acquire Cuba.

RESOLUTION AS ADOPTED.

The resolution as agreed upon in conference and passed by both branches of congress is that originally adopted by the senate with the clause recognizing Cuban independence stricken out. The resolution follows:

"Resolved, by the senate and house of representatives of the United States of America, in congress assembled:

"1. That the people of the island of Cuba are, and of right ought to be, free and independent.

"2. That it is the duty of the United States to demand, and the government of the United States does hereby demand, that the government of Spain at once relinquish its authority and government in the island of Cuba, and withdraw its land and naval forces from Cuba and Cuban waters.

"3. That the president of the United States be, and he hereby is, directed and empowered to use the entire land and naval forces of the United States and to call into the actual service of the United States the militia of the several states to such extent as may be necessary to carry these resolutions into effect.

"4. That the United States hereby disclaims any disposition or intention to exercise sovereignty, jurisdiction or control over said island, except for the pacification thereof, and asserts its determination when that is accomplished to leave the government and control of the island to its people."

A NIGHT STRUGGLE.

The struggle which began at noon in the house by the amendment of the senate resolution lasted all night. Mr. Dingley's motion, made late in the afternoon, asking for a conference with the senate, prevailed. Messrs. Adams, of Pennsylvania, Grosvenor and Bailey were appointed conferees on the part of the house. Messrs. Davis, Cockrell and Gray were appointed on the part of the senate. The conferees went into session at 5:30 o'clock and remained in session until 11:30 o'clock, when they reported a disagreement. The house refused to recede from its position and the senate refused to recede from its amendment. Another conference was then had, which resulted in the agreement to strike out the words "are and" in the first section of the senate resolution, which declares that the people of Cuba are and of right ought to be free and independent.

[CONTINUED ON FOURTH PAGE.]

A CALL FOR TROOPS.

Eighty Thousand Men Will Be Asked For.

They Will Be Taken From the State Militia.

The Call Will Not Be Made For Several Days.

The United States Regulars Are Moving From All Points to the Big Camps in the South.

WASHINGTON, April 19.—The war department today practically decided that its first call to arms will be for 80,000 men, to be taken from the militia of the several states. There are some complications in the matter which it will take a little time to adjust and which will prevent the issuance of a call to the army for two or three days and may delay it even a little longer.

TROOPS ON THE MOVE.

All Branches of the Regular Service Started South.

WASHINGTON, April 19.—The three branches of the regular army, infantry, cavalry and artillery, began its movement toward the mobilizing points in the south from all parts of the United States today. The four points to which the army moves are Chickamauga, Huntsville, Tampa, New Orleans and Mobile. As soon as resolving those places they will go into camp.

Advance agents of the departments have preceded the troops and made all necessary arrangements for their comfort and convenience. The troops carry thirty days' rations and a number of rounds of ammunition. Telegrams received at the war department today indicate that a large proportion of the army will be on its way south before night fall.

FROM FORT SHERIDAN.

The Dispatch of Troops to the South Has Begun.

CHICAGO, April 19.—The troops at Fort Sheridan, who have been ready to start since Saturday, were to leave for the south today at noon. It had been expected that they would march through the city, but General Brooke, commander of this department, would not permit this. The troops are to go over the Belt line to the Illinois Central and Pennsylvania tracks, the former to take Battery A, Second artillery, and a squad of cavalry to Chickamauga park, and the latter the Fourth infantry to Louisville.

On account of the somewhat limited trackage accommodations at Fort Sheridan, it was decided later that only the Fourth regiment of infantry, who go to Tampa, Fla., would leave today. Battery A, second artillery and the company of cavalry will require considerable time for the loading of their horses, guns, etc., and will not leave until tomorrow for the Chickamauga camping ground. Major General Brooke, who will command the forces at Chickamauga, will leave tonight over the Chicago and Eastern Illinois. He will be accompanied by his staff, Captain Richards, Sixteenth infantry; First Lieutenant Doan, Fourteenth infantry; Second Lieutenant McKenna, Fifteenth infantry; Colonel Sheridan, assistant adjutant general, and Lieutenant Colonel Hartsuff, deputy surgeon general.

A larger number of men will be left at Fort Sheridan than at any post in the department of the lakes. A department prison is located at Fort Sheridan, and as for the present time an unusual number of long time prisoners are in confinement there, a larger force will be left to guard them than would otherwise be the case. General Wade and his staff, formerly in command of the department of the Dakotas, arrived in Chicago today from St. Paul on his way to Tampa, where he will take command of the light artillery and cavalry.

CAMP GROUND SELECTED.

Preparations for the Rendezvous of Soldiers at Mobile.

MOBILE, Ala., April 19.—General Coppinger and staff reached here this morning on the private car of the vice president of the Missouri Pacific. The camp ground has been selected four miles from the city in the healthiest portion of the county. Rising ground, well drained and watered, with a railroad, street car and telegraph facilities, comprising six hundredacres of pine land. General Coppinger, who inspected the site, is perfectly satisfied with Major Pond's choice. The first troops will arrive here tonight.

GREETED BY ALGER.

Secretary of War Reviews the Sixth Cavalry En Route to Chickamauga.

WASHINGTON, April 19.—Troops A, E, G and H, of the Sixth cavalry from Fort Myer, passed through the city early this morning to the railroad station on their way to Chickamauga. They passed in review before Secretary Alger and General Miles and were greeted by crowds along the streets. The station was a scene of bustling activity during the hours necessary to load the cars. At 2:30 o'clock Secretary Alger, accompanied by his wife and daughter, arrived in a carriage. The secretary shook hands with officers and soldiers. After spending some time in this way he drove to the war department while the troops continued their preparations for departure.

BUYS SEVEN YACHTS.

Navy Department Acquires Several New Auxiliary Craft.

WASHINGTON, April 19.—The navy department today authorized the purchase of seven yachts for the auxiliary navy. Most of them are from persons living around New York and Boston. The names of the vessels are as follows: Thespia, Restless, Hawaii, Viking, Ituna, Hiawatha and Aurevole.

WAR FEVER IN KANSAS.

Great Public Demonstration Marks Departure of Fort Leavenworth Troops.

LEAVENWORTH, Kas., April 19.—The troops at Fort Leavenworth who have been ready to move for a week, made their start today. They composed the twentieth infantry, which will go to Mobile, and four troops of the sixth regiment of cavalry, bound for Tampa, Fla. The troops go to St. Louis via the Missouri Pacific, then south over the Illinois Central. Nearly the entire population was at the Fort depot to witness the departure. Business in the city was deserted, schools had been dismissed and factory hands released. Whistles blew and bells rang all over the city. The entire body of soldiers at the national home had come over on street cars with the home band and took part in the demonstration.

TROUBLE GETTING CARS.

Difficulty of Obtaining Transportation for Tampa Troops.

St. Louis, April 19.—Owing to the inability of the Louisville and Nashville railroad company to get cars, the Third cavalry was not able to leave for Chickamauga last night as expected. Sufficient cars were obtained today from Louisville and that command expects to get away before night. The Missouri Pacific and Iron Mountain will move the Eleventh infantry tonight. Eight companies of the twenty-second infantry, Col. Chas. A. Wickoff, commanding, are expected to arrive this afternoon from Fort Crook, near Omaha, for the south. The First and Second cavalry and eight companies of the Twentieth infantry will also pass through St. Louis from the west to their newly assigned posts within the next few days.

WANT ANNEXATION.

Spanish in Cuba Look Toward the United States.

The Weyler Clique Have Faith in This Government—Affairs Quiet in Havana.

(Press special agent of the Associated Press.)

HAVANA, April 19, via Vera Cruz, Mexico.—In the midst of the complicated political situation, one fact stands out clearly and stubbornly, and that is that the better class of people, particularly among the Spanish residents here, grow daily more and more in favor of the annexation of Cuba to the United States as being the only safe solution of the crisis and as the only plan which will guarantee the safety of their persons and the integrity of their interests.

So far as autonomy is concerned, the official of the colonial government have already committed so many mistakes that, should autonomy last a year longer, the people would be so thoroughly convinced of its impotency that they would rebel against it.

The work of fortifying the coasts of Cuba, from Spain's standpoint, is progressing rapidly and effectively. The planting of torpedoes has been progressing with a certain amount of activity, considering the resources at the disposal of the Spanish engineers and military authorities generally.

The insurgents maintain the stand which they have all along held, namely, that they will not accept anything short of independence.

The Spanish officers and patriots of Spain proteed to have received the news of the armistice with feelings of perfect disgust, but they appear to be gradually awakening to the fact that matters are reaching a point which indicates that their stay in Cuba is likely to be of very short duration. At the clubs the officers are already talking about quitting cavalry to leave, and are discussing their future prospects in Spain, where their pay is considerably less than it is here and are reflecting upon the fact that promotion will be very slow when the war in Cuba is over.

In the provinces a feeling of alarm prevails among the better classes and families which can afford to do so are chartering vessels to get away.

Dr. Congosto, the secretary general of Cuba, engaged in an altercation with Senor Corzo, a reporter of the staff of the Union Constitutional, in the office of the censor, Senor Mendez, on yesterday. Subsequently Senor Corzo sent a challenge to Dr. Congosto, who accepted. The meeting has not yet taken place.

Dr. J. W. Thompson, dentist, has decided to again locate in Fort Wayne and has leased his old quarters on East Wayne street.

THE END OF LIFE.

Two Prominent Citizens Called to Rest.

William Horstman Died at An Early Hour Today.

J. H. Grimme, the Merchant Tailor, Passes Away.

Both Men Had Resided in Fort Wayne More Than a Quarter of a Century—Other Deaths and Funerals.

In its selection of victims the angel of death is no respecter of persons. The young and the old, the rich and the poor, the prominent and lowly citizen must finally all yield to death's embrace.

This morning, at 6:30 o'clock, at his home, No. 121 Grant avenue, occurred the death of Wilhelm Horstman, aged fifty-three years, five months and two days. He had been ill with gastritis and Bright's disease and his condition had been serious only a short time. Mr. Horstman was born in Prussia, Germany, but came to Fort Wayne about twenty-six years ago and for many years past has been following the vocation of a street contractor and sewer builder, he having done much of the city's work. Four sons and four daughters survive him, as follows: Gustave H. Horstman, Maria Ehlerding, of Adams county; Louise Eix, who lives on the Leo road; William, jr., Herman, Otto, Augusta and Emma. One sister resides in Wisconsin, but all the other relatives are still in Germany. The funeral will occur Friday afternoon at 2 o'clock from the residence and at 2:30 from St. Paul's Lutheran church, Rev. Lange officiating.

GRIMME.

Monday afternoon at 5 o'clock occurred the death of John H. Grimme, the well known merchant tailor, at his home, No. 82 Brackenridge street. Mr. Grimme had been confined to his home only about ten days. One year ago he suffered a paralytic stroke and ever since has been ailing. Ten days ago he had another attack of paralysis and his constitution could not withstand the shock.

Mr. Grimme was an old and highly respected citizen of Fort Wayne, having long been connected with the business interests of the city and county. He was born in Hanover, Germany, and emigrated to this country at the age of seventeen years. He lived in New York city for about three years, during which time he learned the tailoring trade. He moved to Pittsburg, and later to Cleveland, remaining only a short time in each place. He then moved to Dayton, Ky., where he lived for thirty years. In 1871 he moved to this city where he has since resided. He was at his death aged seventy-five years, eight months. Upon coming to Fort Wayne Mr. Grimme opened a tailoring establishment on West Wayne street, where the Louis Mohr building now stands. By hard and constant labor he built up a large business there. During the war he served his country, being a soldier in the union forces of Kentucky.

In 1848, he was married to Miss Adelaide Rokers. Three years ago they celebrated their golden wedding. Besides his wife, five children survive their father. They are: John C. and Gerhard B. Grimme, Mrs. F. A. Potgen, Mrs. Louis H. Cooke and A. J. Kohler.

The funeral will take place at 9 o'clock Thursday morning from the St. Paul's Catholic church. One of the requests of the deceased was that there should be no floral offerings at his funeral.

SEARWOOD.

The death of Georgia A. Searwood, aged seven years, occurred yesterday afternoon at the home of her parents, 103 High street. The cause of death being pneumonia. Her father is Mathias Searwood, who is an employe of the Pape factory. The funeral will be held Wednesday afternoon, at 1 o'clock, from the residence, and at 2 o'clock from Christ's Lutheran church.

MOREHOUSE.

The Seattle Post-Intelligencer of April 13, contained the following account of the death of a former Fort Wayne citizen:

Horace B. Morehouse, who for the past three years has been connected with the advertising department of the Post-Intelligencer, died yesterday morning at his residence on First avenue. Mr. Morehouse was taken sick five weeks ago with a complication of troubles. He was a native of Dayton, O., and forty-five years of age. Mr. Morehouse came to Seattle in March, 1889, and engaged in business. Before coming here he was in business at Fort Wayne, Ind. During the last two years the Daily Telegraph was in existence he was the advertising manager. In 1885 he became a member of the Post-Intelligencer business department force, and as advertising solicitor was well and favorably known to the business men of Seattle. An upright, conscientious man, he made many friends with those with whom he came to contact. His duties to his employers were discharged faithfully, conscientiously and intelligently. His chief characteristic was his industry, not less than his honesty. His place will not be easy to fill. He leaves a wife and one child, a boy of nine years, besides his mother and stepfather, Mr. and Mrs. N. Young.

The funeral will take place today at 2 o'clock from Bonney and Stewart's chapel, and the services will be private. Interment will be at Lake View cemetery.

RUSSELL.

William Russell, the father of Mrs. S. F. Bowser, Mrs. A. Z. Pollmann and John T. Russell, of this city, and Mrs. I. S. Walker, William J. Russell and George H. Russell, of Grand Rapids, died yesterday at Grand Rapids, where he has made his home for several years past. The remains arrived at noon today over the Grand Rapids and Indiana road, and the funeral will be held from the residence of A. Z. Pollmann, 261 East Creighton avenue, tomorrow at 10 o'clock a. m., Rev. L. L. Dennis officiating, assisted by Rev. N. L. Stanbaugh.

MEYER.

The funeral of Arthur Meyer will occur Wednesday afternoon at 2 o'clock from the home of the parents, No. 138 Harrison street.

OUR MAIL CARRIERS.

See Them in Grass & Pollen's Window.

The Minor Studio Has Incorporated Its Parlors In High Art Work.

In the north show window of the Grass & Pollens drug store, corner of Wayne and Calhoun streets, is a display that is attracting more than the usual amount of attention from passers-by. It is a group of all the mail carriers of the city and is the work of the popular Minor studio, 23 West Wayne street. In the center is the picture of W. D. Page, the present postmaster of Fort Wayne, surrounded by the force of carriers and handsome interior views of the postoffice. At the top of the frame is a group of the former postmasters of the city. At the lower corners are mail carriers' sacks filled with letters, and at the sides are lamp posts on which are the registration mail boxes. At the top in each corner are railway mail sacks, the whole making a wonderfully effective picture.

The Minor studio is justly famous for this kind of work as well as everything else pertaining to the photographic art. The pictures are all finished in the popular platinum finish, in which Mr. Minor has no equal in the state.

The Minor studio makes a specialty of confirmation pictures and is prepared to take them day or night. Having the greatest battery of electric lights for night work in the country, an invention of Mr. Minors and favorably passed upon by all the leading artists of the United States.

ON HALF PAY.

National Express Company Issues a Patriotic Order.

All Employes Who Enlist in the Army Will Receive Half Pay and Be Reinstated at the Close of War.

L. P. Hubbard, local agent of the National Express company, today received a letter from J. A. Vickers, the superintendent, informing him that all employes of the company who are members of the national guard and who enlist in the government service will receive half pay from the express company during their service in the army and will be reinstated in their old positions at the close of the enlistment term. Mr. Hubbard, who is also agent for the American Express company, says he expects to receive similar news from that company in a few days. During the war of the rebellion the American Express company paid all men who enlisted while they were in its employ full pay during their entire service in the army and at its close reinstated them in the company's service. Such patriotism is commendable and will be appreciated by the American people.

ORDERED AT ONCE.

New Warships in Foreign Waters Commanded to Come at Once.

FALMOUTH, April 19.—The United States cruiser Topeka, formerly the Diogenes, has received urgent orders to sail immediately for the United States, without waiting for the United States torpedo boat Somers, which is being repaired here.

THE ERICSSON DAMAGED.

KEY WEST, Fla., April 19.—The United States torpedo boat Ericsson met with an accident at 5 o'clock this morning. She was patrolling about off Sand Key, in the gulf, when she collided with the station pilot boat Hero. The damage to the Ericsson was not serious.

ONLY NATIONAL GUARD

Will Be Given an Opportunity to Volunteer—Not Two Thirds.

WASHINGTON, April 19.—It is stated at the war department this afternoon that only the national guard will be given opportunity to volunteer at this time. The president will reserve the right to appoint all staff and field officers, while the governors of states will designate regimental officers, as was done in 1861.

Mrs. Lizbeth Van Nuys: expert in Facial Massage and care of the Complexion, is at the New Aveline Hotel Tuesday, Wednesday and Thursday of this week. Consultation free. Hours, 9:00 a. m. to 5:00 p. m. 19-21

SPAIN IS FOR WAR.

Prefers to Fight Rather Than Yield.

War Regarded as Now Altogether Inevitable.

Queen's Speech at Opening of Cortes.

Her Words Will Be Firm, Dignified and Satisfactory to All Spaniards—War News From Abroad.

MADRID, April 19—2:30 p. m.—The terms of the speech which the queen regent will deliver at the opening of the cortes tomorrow are jealously guarded, but it is said that the speech will prove firm, convincing and satisfactory to the national sentiments.

It is claimed here that perfect unanimity prevails in Spain to face war rather than yield to the demands of the United States.

NOW EXPECT WAR.

A Feeling is Believed to Be Unavoidable.

MADRID, April 19.—1:15 p. m.—On the receipt of a dispatch from the Spanish minister at Washington, Senor Polo Y Bernabe, giving the result of yesterday's voting in congress, the minister of foreign affairs, Senor Gullon, forwarded to all Spanish ambassadors a memorandum to submit to the foreign governments, setting forth the grievances of Spain, showing all Spain has done to avoid war, and saying the responsibility for war rests entirely upon the United States.

MEDIATION IS USELESS.

BERLIN, April 19.—The German foreign office declares that Dr. Von Holleben, the ambassador of Germany at Washington, instead of joining in renewed representations to the United States, is urging ambassadors to stop their attempts at mediation, as they are useless.

BRUSSELS HAS A FLOOD.

LONDON, April 19.—It is reported that the Dreibund or triple alliance, composed of Germany, Austria and Italy, acting upon the suggestion of Italy, has proposed to the powers a plebiscite, under which the population of Cuba should be allowed to vote for the form of government under which they shall live.

CRUISERS AT CAPE VERDE ISLANDS.

ST. VINCENT, Cape Verde Islands, April 19.—The first-class Spanish cruisers Vizcaya and Oquendo, last reported at Porto Rico, arrived here at noon today, to reinforce the Spanish fleet in these waters.

BANISHING AMERICANS.

Naturalized Citizens in Porto Rico Being Driven Out.

ST. THOMAS, West Indies, April 19.—Advices received here from Porto Rico today show there is agitation there with the object of forcing naturalized Americans to declare themselves and leave the island.

Further reports have also been received here of the excitement following the departure of the American consuls, and it is said that many people are ready to leave the island at the first opportunity.

The Spanish authorities have ordered 80,000 rations for the troops at Porto Rico.

The elections which took place on April 10 resulted, as prearranged, in a liberal victory.

SPAIN'S GRIEVANCES.

Holds the United States Responsible for Preventing Warfare.

MADRID, April 19.—4:15 p. m.—On the receipt of a dispatch from the Spanish minister at Washington, Senor Polo Y Bernabe, giving the result of yesterday's voting in congress, the minister of foreign affairs, Senor Gullon, forwarded to all Spanish ambassadors a memorandum to submit to the foreign governments, setting forth the grievances of Spain, showing all Spain has done to avoid war, and saying the responsibility for war rests entirely upon the United States.

POLO STILL HERE.

Spanish Minister Has Not Left Washington, Though Ready to Go.

WASHINGTON, April 19.—The Spanish minister was still at his post in Washington at noon today. It is well understood that he has quite definite instructions but he will not make those known though his quite evident he has no purpose of leaving Washington today. It is understood that as soon as he received official notice of the fact that the Cuban resolution is a law he will not await further formalities on the part of the United States, such as giving him passports, etc., but will himself take the initiative toward departure. He communicated the action of congress to his government immediately both houses had passed the resolution but is absolutely silent as to the instructions cabled him in reply.

W. S. Putnam, of Rochester, Ind., is in Fort Wayne on business today.

Just Tell Them That You Saw

A 20 lbs. of RAW Cuba. There's a certain sharp and ginger in it of superiority that appeals to the connoisseur at first sight. We class the Imperial Blend very fine Cuba in Quality. Come in and see our prices.

Examine the Chandler Suit which we sell for

$11.50,

worth $15. All other leader-suit ideas at Oak Hall are equally startling

. . . $10.85 . . .

B. L.

The concert of the powers has a barrel organ finale.

The line has again tightened about Spain. It is now war or submission.

It has been decided that Cuba is free. The next thing in order is to make this a matter of international record.

To treat coal as contraband of war is to give Spain a deadly punch in the solar plexus. The United States won't be touched. We've got coal to burn over here.

If the dead heroes of the Maine could hear some of the execrable songs that are being sung about them they would think there is no great glory in the martyrdom of the patriot.

It is said that the government will adopt General Grant's campaign in Cuba. We would have been spared all this trouble if General Grant had adopted its plans himself.

Congress devoted a week to what might have been done in half a day. The passion to talk is a world-wide disease, but it develops its greatest malignancy in the senate of the United States.

The barroom, says a writer, makes a poor bank. You deposit your money—and lose it. Your time—and lose it. Your character—and lose it. Your health—and lose it. Your strength—and lose it. Your manly independence—and lose it. Your self-control—and lose it. Your home comfort—and lose it. Your wife's happiness—and lose it. Your own soul—and lose it.

A western paper recently invited the surviving Union and Confederate officers to give an account of the bravest act observed by each during the civil war. Colonel Thomas W. Higginson said that, at a dinner, at Beaufort, S. C., where whim flowed freely and ribald jests were bandied, Dr. Miner, a slight, bejish fellow who did not drink, was told that he could not go until he had drunk a toast, told a story, or sung a song. He replied: "I can not sing, but I will give you a toast, although I must drink it in water. It is 'Our Mothers.'" The men were so afflicted and ashamed that some took him by the hand and thanked him for displaying courage greater than that required to walk up to the mouth of a cannon.

The malignant perversity of the types has put The Sentinel under obligation to offer its most humble apology to Rev. T. DeWitt Talmage. In yesterday's issue the news article noting the presence of the distinguished preacher in Fort Wayne said, in connection with his proposed military service, that he "has long been fired with marital ardor." The eminent divine's recent happy union with the charming Mrs. Talmage makes such an observation entirely unprovoked. However, it should be stated that two little letters, inoffensive enough when in their proper positions, became transposed. The word intended was "martial," not "marital."

To set the girls how to work. It has been truly said that the poorest girls in the world are those not taught to work. There are thousands of them. Rich parents have petted them, and they have been taught to despise labor and to depend upon others for a living, and are perfectly helpless. The most forlorn women belong to this class. Every daughter should learn to earn her own living, the rich as well as the poor. The wheel of fortune rolls swiftly around; the rich are likely to become poor, and the poor rich. Skill added to labor is no disadvantage to the rich, and is indispensable to the poor. Well-to-do girls should learn to work. No reform is more imperative than this.

The natural resources of Cuba are infinite, it may be said, in variety. Of her area only 10 per cent. is under cultivation, 7 per cent. is not reclaimed and 4 per cent. is under forests. Great tracts of the island are practically unexplored. She had in 1894 a population of a little more than 1,500,000. Of these nearly one-third have been starved to death during the present war. Cuba could support in plenty a population of 10,000,000. Her forests are stocked with the finest wood in the world—wood, several species of which are as hard as iron, turning the edge of the ax and remaining imperishable under water. There are found woods invaluable for the dye industry, ebony, cedar, fustic, lancewood, mahogany, rosewood, jocuma, acana and many others. There are fifty varieties of palm. Her fruits are valuable and little cultivated. Her climate is admirably suited for the olive, and so fertile is the soil and in such constant mood of jollity is Mother Nature that she needs not to be tickled with the hoe to laugh with a harvest, for bananas will grow without cultivation, and like the orange, the lemon and the pineapple, are indigenous. That Cuba has made so little progress in the development of her marvelous resources is due to the curse of Spanish rule and the natural indolence that is characteristic of peoples of the tropics. When the island is free, as it soon will be, American and British capital will find a rich field for investment and development, and Cuba will become a land of wonderful richness and riches.

Spain Must Yield or Fight.

After weeks of diplomatic evasion, wrangling and deception, Spain is again brought sharply face to face with the same inexorable situation.

She must strike her flag in the western hemisphere or see it hauled down by hostile hands.

Spain must yield or fight.

Through their deputed lawmakers the seventy millions of people of the United States have declared that the oppressed and starving thousands in Cuba are of right free and independent. Spain herself must promptly so declare, or within a few hours the strong arm of this nation will be put forth to enforce the high degree of liberty.

Spain must herself elect the issue. If she chooses to evacuate Cuba peaceably, well and good. If she prefers the arbitrament of armed conflict, if it will be a balm to her arrogance to see the remnants of her once vast power in this hemisphere riven and destroyed by the thunderbolts of war, so be it.

No power on the planet can secure to her the longer maintenance of her sway in Cuba. No human agency save her own discretion can avert the impending disasters of an overwhelmingly unequal contest. Her power is shattered, her rule is doomed, and it remains only to complete the final scene of the four centuries of bloody tragedy with which she has crimsoned the history of the western world.

With rifle volley and cannon blast the last dread vestiges of her unholy rule will soon be swept away. This republic, standing as "the sentinel of liberty in the western hemisphere," is firm in its determination, unfaltering in its patriotism, and armed for the conflict.

War can yet be averted and all who think aright will hope that it may. But there is a solitary condition. Cuba must be free.

Spain must yield or fight.

Art Benke, of the Meyer Bros. & Co.'s drug store, was riding his wheel on the Goshen road, Sunday, and in attempting to coast down a hill, he took a header, and cut a deep gash in his chin, necessitating the taking of several stitches to close the wound.

NO ILL-FEELING.

Regular Army and Militia Regard Each Other Amicably.

Adjutant General Corbin Denies That There Is Jealousy and Says Cordial Feelings Exist.

Washington, April 19.—The attention of Adjutant General Corbin, of the army, having been called to certain publications stating that ill-feeling existed between the regular army and the national guard of the several states he stated that, so far as he was informed, the report had no foundation; in fact so far as he could ascertain, or was advised, only the most cordial relations existed and every effort to retain these relations was being fostered and put forth by officers in authority in the war department.

In answer to numerous inquiries as to the manner and the number of troops that may, in the near future, be called into active service, the general stated that it was absolutely impossible for him to give any definite information; that the president doubtless, in any call he might make for troops, would specify the number and character to give each state a representation in proportion to its population. Whether the national guard can be called into service as such is a question about which there is a difference of opinion.

It can be stated, however, that the war department recognizes the fact that the national guard is largely composed of excellent military material, and within the limitations of the law every effort will be made to secure this fine material for any active service that the government may have for troops outside of the regular army.

Numerous inquiries and applications have been made for the appointment of commissioned officers of volunteers. It is quite definitely determined that the war department will deal only with the governors of states, and when the regiments are offered for muster these officers will be mustered in as appointed by the governor.

READY FOR WAR.

The United States Prepared for Operations.

No More Foreign Warships Will Be Purchased—Camp Equipage Engaging Attention.

Washington, April 19.—The bulk of preparations for action are about completed and the work is now reduced to perfecting details. The army is being mobilized and all that remains is to insure the prompt supply of all classes of equipment, and as was stated at the navy department today, the market has been gleaned of available vessels and it now comes to manning them and perfecting methods of commandeering and co-operation. The O'Higgins was the last desirable ship of any size in sight and it has been authoritatively announced that all hope of getting her has been abandoned.

General Greely, in charge of telegraph and telephone communication between seacoast fortifications, announces that this work is in a gratifying state of forwardness.

Superintendent Kimball, of the life saving service, has conferred with Assistant Secretary Roosevelt on employing the men of the coast service in a regularly organized system of reporting war vessels sighted at points remote from ordinary ports of entry. Such a system will be a valuable adjunct to the regular observation service.

A novel departure in naval practice is the formation of a marine battalion which will accompany the North Atlantic squadron and be used in landing operations.

The quartermaster generals department of the army is rushing work on the forts and tent equipage. Ordinarily Philadelphia gets these contracts but recently the war department has contracted for making them at St. Louis, New York and Chicago also. Quite a consignment of tents have been alloted to the militia of the states under the act of congress.

THE NEWSWRITERS.

War Department Will Take Care of the Correspondents.

Washington, April 19.—Assistant Secretary of War Meiklejohn is giving consideration to the arrangements for newspaper men with the invading army in Cuba. He has not yet formulated more than a very general plan.

It is recognized in the war department that the correspondents must be provided for, and it is proposed to attach them to the army in some capacity. This will give them the facilities for transportation and provide them with certain material. They will be permitted to mess with the officers, sharing with the latter the personal exposures of the camp.

They are not likely to have official surveillance beyond the obvious control the commanding general would have over those attached, even in a personal capacity, to his command or his fleet.

They will be permitted to come and go as they please in most instances, and will be enabled to write and file dispatches at will. There is some talk of exercising a censorship over matter sent out from Cuba, as matter of a confidential nature and reports of disasters would naturally embarrass the government and interfere with the success of operations on the island.

The artists on some of the illustrated papers have put in their applications, and representatives of some of the European papers have been to Washington for that purpose.

TO SERVE UNITED STATES.

Many British Officers are Applying for Employment.

London, April 19.—The American embassy here is very busy attending to the applications of those who are desirous of serving in the United States army and navy in the event of war with Spain. Among the applicants are several British commissioned officers, most of whom are on half pay. A majority of them have been attached to infantry regiments, but some of them represent crack cavalry regiments. Five officers from outside of Great Britain have also applied for employment.

MAKING FLAGS.

Busy With Rush Orders for "Old Glory."

Thousands of "Star Spangled Banners" Are Being Made by Hot Hands in New York.

New York, April 19.—Day and night men, women and girls, urged to increased effort by impending war, are putting together for the United States navy the emblems that will flutter defiance in the face of the enemy of the nation. They are making flags at the New York navy yard in Brooklyn, and they are making them as strong as the hearts and the nerves of the men who will fight while life is left in defense of "Old Glory." Many of the operators have been long in this branch of the service. James Crimmins, the foreman, has held his place ever since the department has been established, more than thirty years. Several of the star sewers have been at their work for twenty years, and many of the stripe sewers almost as long.

The last touches to the flags are given by an old sailor, who, with three sharp knives, some strong thread and a coil of rope beside him on the bench, and with a peculiar thimble on his hand, attaches the flag to its rope, taking thirty stitches to each fastening. His stitch is a long sailor's knot warranted never to break or give way. No matter how busy his is he never allows anyone to take his place or even assist him in this work. Since the flags of the navy will have to rough it in all seas and under all conditions of weather, the bunting is thoroughly tested before being made up.

The white cotton cloth from which the stars are cut is folded into about twenty thicknesses. The patterns, then marked on it and cut out with a sharp knife or a hammer and chisel. Each flag has to have ninety stars (forty-five on each side), and these are sewed firmly in place on the blue field by experienced sewing women. Formerly Ben Butler had a monopoly in supplying the nation with bunting, but now the government buys where it can find the cheapest and best material each year.

IRELAND HOLDS OUT HOPE.

Archbishop Cahles the Pope That There Is a Chance for Peace.

London, April 19.—The Rome correspondent of the Daily Mail, telegraphing Monday, says:

"Archbishop Ireland cabled to the pope today, saying he had great hopes that his efforts for the preservation of peace would be crowned with success. The archbishop complains that the greatest obstacle in his path is the violent language used in Roman Catholic organs in Europe against America.

"I learn that the powers are now discussing the advisability of offering their pacific mediation in the controversy between Spain and the United States on the basis of Spain ultimately relinquishing her sovereignty over Cuba, but reserving due compensation."

The Fort Wayne Grand Fraternity will give a social at the hall of the Maccabees this evening.

Mother's Friend

is a liniment for expectant mothers to use externally. It softens the muscles and causes them to expand without discomfort. Nine-tenths of the period of pregnancy there will be no morning sickness, no rising breasts, no headache. When baby is born there will be little pain, no danger, and labor will be short and easy. $1 a bottle at druggists.

TWO GREAT SCIENTIFIC MEN.

What They Have Done and are Doing for the World, and What They Have to Say About Warner's Safe Cure.

Prof. S. A. Lattimore, The Chemist.

These are two great men. One is Prof. Lewis Swift, the astronomer, who has discovered more comets than any man who ever lived before upon the earth. The other is Prof. S. A. Lattimore, Vice-President of the University of Rochester, Professor of Chemistry and Analyst of Foods and Medicines of the New York State Board of Health.

Both these great men are careful observers and deeply interested in everything that can in any way help people to longer life and more happiness. Hence it comes that after careful observation they unhesitatingly endorse a popular preparation.

Professor Lattimore says:

"I know the formula of Warner's Safe Cure. I have investigated the processes of its manufacture, which are conducted with extreme care and according to the best methods. I have taken from the laboratory samples of all the articles used in the preparation of Safe Cure, as well as the medicine into which they enter. I have also purchased from different druggists Warner's Safe Cure and upon examination I find it entirely free from poisonous and deleterious substances."

Professor Swift in conversation said: "I have known of Warner's Safe Cure for years, and I know of what great help it has been to large numbers of people who have used it. Many of these persons have felt that they cannot do without it. These things prove that it realously rally merits the high confidence it enjoys."

Take the advice of the best and most reliable people

Use only that which has been tested thoroughly and endorsed by the highest authorities in the land.

Warner's Safe Cure stands upon a plane by itself.

It is in every sense scientifically superior.

It cures the acids and rheums which are in the blood of every person after going through the strain of a winter.

How?

By driving these poisons from from the body through the kidneys.

It stops headaches by checking their cause.

It checks neuralgia and rheumatism by destroying the uric acid which causes rheumatism.

It keeps you in good health!

Prof. Lewis Swift, The Astronomer.

PROPOSED ARMY.

Movement to Furnish 200,000 Soldiers Immediately.

The Plan Contemplates Reinforcing the Regulars by Calling Out the Militia and 60,000 Volunteers.

Washington, April 19.—Plans are being formulated in congress involving the placing of about 200,000 soldiers, in round numbers, at the disposal of the government within a very short time after the Cuban resolutions are approved by the president. The calculation is based on the following figures covered in plans already in effect or in contemplation, viz: Standing army 27,000; by call for volunteers 60,000; by calling out state militia 75,000 or 150,000; by army reorganization bill 5,000.

Leaving aside the present regular army force, the second and fourth items are practically settled on in committee, while the third, as to state militia, is being actively canvassed, and while there are differing views, they are expected to crystallize into an authorization to call out the number stated. The bill drawn by Representative Hull, chairman of the military committee, authorizes the president to call for something like 60,000 volunteers, to be drawn through the various states.

While this method obviates the legal technicalities involved in the services of state militia organizations per se, it is likely the volunteers thus obtained through quotas furnished by the respective state and territorial governors will come from within state militia ranks. In the house committee on militia a plan to effectually put a large number of the militia at the disposal of the president is being formulated.

Some think one hundred thousand excessive; but Chairman Marsh and others regard the figure as conservative in the view that the resultant is evidently mean war. The president, as now suggested by Representative Marsh, can call out the militia at any time and congress follow up the executive action by legislative enactment providing for their mustering into the United States service.

At the same time the army reorganization bill recently recommitted by the house is being carefully pruned by the military affairs committee to meet objections. It is proposed to extend the army organization to a three battalion war formation, and to increase the batteries of artillery to 200 men each. This measure, it is claimed, may bring 5,000 more men into the regular service to be added to the present 27,000 regular troops.

PHOTOGRAPH BATTLES.

Progress in Noble Lifelike Pictures of War Engagements.

Washington, April 19.—Extraordinary arrangements are understood to be under way for balloon photography. Within two or three days W. J. Rouse, one of the most expert photographers in the United States, has arrived in Washington with a new apparatus which has created a sensation among military experts.

Today he exhibited his new telescope-camera in operation, and it brought a set of chimneys at an actual distance of two-thirds of a mile, within an ordinary 100-yard photographic range. Every detail of the bricks, and even the tiniest interstices in the mortar were plainly shown on the developed photographic plate.

Mr. Rouse will ascend in a balloon from near Havana or some other convenient point in case of a naval engagement, and will be able at an elevation of 2,900 to 3,000 feet to photograph at a range of four miles.

He has already made photographs from balloons at a range of more than three miles, and one of his photographs of an aeronaut in a balloon at an elevation of 4,300 feet, taken from the ground, shows perfect and easily recognizable portrait.

James H. Wallace, a prominent young man of this city, will leave this evening for Oklahoma, where he has made application to teach. Mr. Wallace is a graduate of the South Bend high school and his friends will wish him success in his new western home.

Sign S. Bass post will give a lean soup social at their hall, No. 80 Calhoun street, April 20.

BASE BALL.

Items of Interest to Lovers of the National Game.

Happenings in the Several Cities of the Inter-State Circuit—What the Players Are Doing.

Lucky it was that Manager O'Meara ordered the players to report on April 5. They were all able to get in two weeks of good hard work and escape the necessity of exposing themselves to the unpleasant weather we are now having. Every player, with the possible exception of Babb and Fitch, is in good condition and ready for the season to begin. Yesterday and today the team has been practicing new signals and tomorrow if the weather is favorable they will go to the park, the gates will be locked and private signal practice will be the work of the afternoon. There will be no more games until the opening of the season at Dayton next Monday.

Belden Will Go Home.

Dr. C. E. Barnett states that Ira Belden's condition is such that he will be unable to play for at least a month. He is considerably weakened and at times becomes violent. It is a good humored violence, however, and is caused, probably, by the medicine which he is compelled to take. It is necessary to keep watch at his bed and Manager O'Meara details ball players to this duty. It has been decided to send him to Cleveland and relatives have been written to come after the sick ball player.

Notes.

The Shamrocks will play at South Bend Sunday.

"Chile" Stahl lined out a three-bagger Monday.

Anson umpired a game at South Bend Monday and there was never a kick.

The Inter-State season opens next Monday. Fort Wayne will be at Dayton.

Swaim has gone to Oil City, Pa., to join Guy Hecker's team. He left this morning.

The Fort Wayne outfield, until Belden recovers, will be Cooke, left; Hickey, center; O'Meara, right.

Charles Zimmer has recommended an infielder named Sheelman to Manager O'Meara. With Fitch in good trim he will not be needed.

A Youngstown special says Manager Gear has decided to keep only thirteen players on the salary list, including four pitchers and two catchers.

Hartman is playing second base for Toledo until Erve Beck joins the team. When Beck comes on from Hot Springs Hartman will resume his old place in right.

Dayton seems to have a phenomenal pitcher in young Daugherty. He let Indianapolis down with one hit on Saturday's game. Daugherty hails from New York.

The Shakespeare Literary club will play any team in the city. Address J. Zarbaugh, captain, No. 75 Baker street.

Campbell will do the catching for the team so long as he keeps up to the high standard he has set this spring in practice. O'Meara and Hickey will always be on hand to help him in case of accident.

The Shakespeare Literary club defeated the South Side Athletic club Sunday, by a score of 8 to 3. The genuine has L. B. Q. on each tablet.

Batteries for Shakespeare Literary club, Zerbaugh and Connelly; for South Side Athletic club, Mulhaven and Kavanaugh. The feature of the game was the batting of McKendry and Mannix.

Miss Cora Dawkins, medical nurse, is at her rooms at the Y. W. C. A. for a few days. Miss Dawkins nursed David Spencer through his last illness and since his death has had scarcely any rest.

"Beauty and Power."

The secret of a woman's power is in her complete womanliness, both physical and mental. This does not mean perfection of outline nor regularity of features. It does not mean wit, nor talents nor accomplishments. It means that physical attractiveness that comes from perfect bodily condition and the bright, happy cheerfulness of disposition which only complete health can insure.

A woman who is afflicted with the morning misfortune of a dull, sallow, pimply complexion or that listless movement and manner which provokes only disgust and recreation in the opposite sex, ought to avail herself of the purifying, invigorating power of Dr. Pierce's Golden Medical Discovery which makes a strong, healthy stomach and digestive organism; purifies the blood and imparts a natural stimulus to the excretory functions; insures healthy weight, clear skin, bright eyes and the animated manner and beaming of perfect health.

A lady living in Ward, Lonoke Co., Ark., Miss Callie, of Knox, Rusk Co., writes: "It is with pleasure I write you to say that after a few bottles of Dr. Pierce's Favorite Prescription, Golden Medical Discovery, and 'Pellets' (also valuable medicines for female troubles and weaknesses), I could hardly go about my work. I had used about one dozen bottles of 'Favorite Prescription' and 'Golden Medical Discovery,' and 'Pellets' when I felt like a new woman. I weighed 125 pounds when I began taking your medicines, and my health was so poor I was not able to do my own housework. I now weigh 145 pounds, and can do my own housework and sewing for a family of five persons. I have also taken your 'Pellets' for constipation, and they have done me much good. I had very little, my complexion was bad, and my eyes would not be clear. In the evening they seemed tired in the day. I could hardly open them. My nerves were worn out almost to the limit. I had such a cough; they were afraid I would go into consumption. But as soon as I began taking your medicines I felt so much better every day that I had no fear about me. I also take your medicines in all I shall ever need in my family, for what could be better. They are blessings to suffering females."

Another good thing to have in the house is a vial of Dr. Pierce's Pleasant Pellets. They cure biliousness and constipation and never gripe.

DISPATCH BOAT.

Associated Press' Charters Filibustering Tug Dauntless.

JACKSONVILLE, Fla., April 19.—The famous filibustering tug, Dauntless, is now the dispatch boat of the Associated Press. The United States court has released her upon a bond of $25,000, and she is being provisioned and coaled for her mission in southern seas. She will sail from Jacksonville today with the correspondent of the Associated Press and crew of picked men, knowing every inch of the Florida and Cuban coasts.

The Times Union and Citizen, whose editor carried on the negotiations for her charter, said this morning: "The special correspondent of the Associated Press is now in the city and will take command of the Dauntless. He has been actively engaged completing all arrangements, and today the tug will take on board about sixty tons of coal, besides sufficient provisions to last for the next month. The Dauntless will leave tomorrow, going from here direct to Key West, where other Associated Press correspondents will be taken on board.

THEY ARE DEADLY.

Tests Being Made of a New Explosive Shell for the Government.

PITTSBURG, Pa., April 19.—A new explosive shell, the invention of George W. McMillin, a Chicagoan, is being tested at the Twenty-ninth street works of the Carnegie Steel company, and the result may determine the duration of an encounter with Spanish men-of-war.

It is claimed that they are of a more dangerous nature to the enemy than any other projectile in the navy department. Within the next week they will be forwarded to Sandy Hook testing grounds, where they will be put through the government's most rigid examination.

INSPECTING THE LINE

Consulting Engineer Spencer on His Annual Trip.

Urgent Needs Did Not Go Into the Governor's Stroke—Addition of Ship and Rail.

Mr. Spencer, consulting engineer of the Pittsburg, Fort Wayne and Chicago Railway company, is out on his annual inspection of the property and is accompanied on the trip by Chief Engineer Thomas Rodd, of the Pennsylvania company. Their train left Pittsburg this morning and will arrive in this city at 6:30 o'clock this evening. The party will spend the night here and continue the journey in the morning. Mr. Spencer represents the stockholders of the original company and is not in any manner connected with the Pennsylvania company, which is the lessee of the property and has full control of it.

RAILWAY OFFICIAL CHANGES AT LIMA.

A Lima paper contained the following concerning a gentleman who formerly worked on the Nickel Plate and resided in this city: "It is stated on good authority that G. R. Haskell will retire as superintendent of the Detroit and Lima Northern road on May 1, and that he will be succeeded by W. J. Hawkins. W. M. Segar, for several years general agent of the Lake Erie and Western road here, tendered his resignation two weeks ago and it has just been accepted. His successor will come from Indianapolis, but who he is has not been made public as yet."

LIFE OF AN ENGINE.

The life of locomotives is not as long as is usually believed. Recent comprehensive investigations in England have shown, on the contrary, that locomotives last for only about 500,000 miles on an average. In other words, a modern locomotive, after a run of this length, is so used up that further repairs do not pay. Of course, during the locomotive's life, various parts have to be repaired or renewed repeatedly. The fire boxes, for instance, must be renewed three times, the tires five or six times and the driving axles three to five times.

LINE LOCATED.

A Toledo paper says that the officers and engineers of the Wabash company have located the new line of the company from Montpelier to Toledo. The road will not be built, however, unless the Compton suit results in the loss of the present line.

PERSONAL AND OTHERWISE.

Joseph Haley, Nickel Plate engineer, has gone to Chicago to spend a week with friends.

William Conners, of the Pittsburg machine shop, has purchased a bicycle and now rides to his work.

Samuel Walker has been appointed traveling passenger agent of the Nickel Plate, with headquarters at Chicago.

The traffic agreement between the Grand Rapids and Indiana and the Chicago and West Michigan has terminated.

The Pennsylvania company is doubling its tracks on the Cleveland and Pittsburg division between Newburg and Bedford.

Fireman W. Ostoman has been assigned to engine 12 and Fireman John McLaughlin to engine 171 on the Nickel Plate.

Dick Smith, fireman for the Central Union Telephone company, was badly burned, coming in contact with an electric wire.

Charles Meyers, an employe of the Pittsburg shops, is off duty with a lame hand. Yesterday he ran a splinter in the member, inflicting a painful wound.

Michael Ehrman, an employe of the Pittsburg machine shop, is confined to his home in Bloomingdale by a lame back, the result of an accident last Saturday.

Nickel Plate Fireman T. Maughan had the misfortune to mash one of his fingers by a piece of coal dropping upon it last Sunday. He will be off duty a few days.

The little son of Engineer George Stevens is quite sick and that gentleman has been unable to go out on his run on the Nickel Plate on that account for several days.

A new division of the Brotherhood of Locomotive Engineers will be organized at Bellefontaine on Sunday next. It is expected that Grand Chief Arthur will be present.

Engineer J. A. Swartz has returned from Continental, Ohio, where business occupied his attention ten days. He resumed his duties on the Nickel Plate yesterday.

Master Mechanic Samuel Wass, of Rhinesmith & Simonson's factory, is confined to his home. He was taken ill last Sunday while attending the funeral of Mrs. Wass' father at Larwill.

Master Mechanic C. H. Dunbar, of the Wabash, attended the meeting of the Western Railway club at Purdue university this afternoon. He is a member of that association and is greatly interested in all its work.

Nickel Plate Brakeman Imlady, who had been off duty on account of the sickness of his wife, reported yesterday. M. Deitrich, also a Nickel Plate brakeman, who had been on the sick list, took his run out yesterday.

Business continues good with all western lines, and rolling stock is seldom as fully employed in the spring months as at present. In fact, complaints are heard of an insufficient number of cars to move business offered.

General Manager Adams, of the Columbus Northwestern, last week let the contract for building three new passenger depots and four new depots, at other points. The passenger depots are to be built at Lewiston, Hopeview and Santa Fe.

W. A. McDowell, the Nickel Plate brakeman who was injured at Leipsic junction Saturday night, has been brought to the city and is now at his home on Elm street. Dr. Blunen reports the injured man's condition much improved.

W. Y. Chorry, Will Fitzpatrick and H. P. Hilgeman are in Chicago selecting a uniform for the Penna Company Base Ball club, and the team will appear in its new "togs" for the first time at the game with the Fort Wayne club next Saturday.

The Canadian Pacific and the Soo line will place freight and passenger representatives at Pittsburg. This action is creating a stir in Pittsburg railway circles, as usually a demoralization in rates follow the trail of those companies entering new territory.

T. J. Rohlaugh, general foreman of the paint department of the Pittsburg shops, has disposed of his eleven-months-old colt, Director King, to New York parties, receiving therefor $300, which for so young an animal is considered a good price.

A contract was to have been let April 15 for the extension of the Brice line from Akron to New Castle, Pa., but the company has decided to make another survey, making it an air line as near as possible. This delay will probably mean that the extension will not be built this summer.

Willard Smith did not enter the service of the government, although he went to Erie for that purpose. He was anxious to be assigned to the New Orleans, the battleship upon which Philip Hess is now one of the machinists, and failing in that wish, he refused to enlist. Mr. Smith is now working in the Pennsylvania railway shops at Erie.

The Big Four is endeavoring, it is stated, to secure control of the Lafayette belt railway, either by lease or purchase. For three years the Wabash had a contract, which expires May 1, by which it handled the business done over it. The road runs to the fair grounds, which have become a resort of pleasure seekers, a number of excursions last year having been run to it.

PENNSYLVANIA RELIEF DEPARTMENT.

The monthly bulletin of the Pennsylvania Relief department for March has been issued by R. F. Smith, superintendent. It shows that during the month there was distributed in death benefits on account of accident, $3,250; in death benefits from natural causes, $7,750; in disablement benefits from accident, $7,805.70; in disablement benefits on account of sickness, $9,171.65; making a total of $27,777.30 paid out to 1,115 employes, or in case of death to their legal representatives.

DILKE DISCUSSES THE WAR.

Sir Charles Says Defeat for Spain and Says America is Right.

LONDON, April 19.—Sir Charles Dilke, member of parliament, is quoted in an interview on the Spanish-American crisis as expressing the opinion that the two opposing fleets are about evenly balanced, and that therefore the decisive action will be fought on land.

"If," said Sir Charles, "the Americans win the war will be over. If Spain wins it will be the beginning of a long struggle which must end in the crushing defeat of Spain."

Continuing, Sir Charles criticised the idea of the Spaniards shelling cities, pointing out that it would be no advantage to Spain for her to do so.

Sir Charles expressed the opinion that both sides should be allowed access to British coaling stations, allowing twenty-four hours to elapse between the departure of one nation's ships and the arrival of their enemy to coal. He said he anticipated considerable trouble from the chaotic state of international law, announced that his sympathies were with the United States and explained that the United States was quite right in interfering in Cuba, adding, "although I pity the grand old empire of Spain, which is crumbling."

The Rod and Reel Fishing club will give its first grand ball at Randall ball Thursday evening. The proceeds of this affair will be used to erect a club house for members on the banks of the St. Joe river above Robison park.

To Every Person Suffering From

Catarrh, Catarrhal Deafness, Bronchitis, Asthma, Colds, Coughs and Hay Fever.

"HYOMEI"

The New Australian Dry Air Cure.

The Guaranteed Remedy—The Only Rational Treatment for These Diseases.

Since the introduction of Booths' "Hyomei," some months ago, there has been a complete revolution in the method of treating diseases of the air passages.

Heretofore, but few, if any, regular physicians could be induced to treat these diseases locally, knowing that nature never intended the air passages for the use of sprays, vapors, liquids, douches and atomizers; also that such remedies not only failed to reach all parts affected, but proved in many cases positively dangerous.

Today there are over thirty-six hundred physicians throughout the country who are prescribing Booth's "Hyomei," and have instilled to this fact, claiming that it is the first and only rational treatment they have ever known, and that its use is always productive of astonishing results.

IT CURES BY INHALATION.

Catarrh.—In the treatment of this disease "Hyomei" is quick, sure and permanent.

Catarrhal Deafness.—"Hyomei" cures more people of this affliction than all other methods combined.

Coughs and colds are broken up in one night.

Asthma is relieved instantly, and permanently cured by "Hyomei."

GUARANTEE—I will refund the money to all persons purchasing Booth's Pocket Inhaler Outfit any time in the United States during 1897, who will say that "Hyomei" has done them no good, on condition that they apply direct to the head office, 23 East Twentieth street, New York City. (Signed)

R. T. BOOTH.

"HYOMEI" CURES BY INHALATION.

It is nature's own remedy carried to all parts of the head, throat and lungs by the air you breathe. It can be taken at all times and in any place.

There is no danger, no risk. Your money is refunded if it fails to relieve.

CRESPO KILLED.

Former President of Venezuela Reported Killed in Battle.

NEW YORK, April 19.—A special cablegram (copyrighted) from Caracas, Venezuela, to the Evening World, says that President Joaquin Crespo, of Venezuela, was killed in battle, by the leader of the rebel forces, last Friday.

WASHINGTON, April 19.—Up to 3 o'clock no word had come to Senor Andrade, the Venezuelan minister here, of the killing of Ex-President Crespo by rebels. The minister's brother, General Andrade, is now president of Venezuela having succeeded Crespo. The minister thought it strange he had received no advices, but said there had been fighting in the part of Venezuela in which General Crespo was last reported.

DIES BY HIS OWN HAND.

Thomas Carey Felton is Identified as the Strange Suicide.

BOSTON, Mass., April 19.—The identity of the patient at the Massachusetts general hospital who shot himself last Tuesday night, the facts of which case were suppressed by the officials, have been established. He was Thomas Carey Felton, aged forty-three, a resident of New York and the son of Cornelius Felton, who was president of Harvard university from 1860 to 1862, when he died.

Mr. Felton has been an invalid for years and came here to be treated two weeks ago.

WOMEN WOULD GO TO WAR

They Organize a Company in Western Nebraska.

CHADRON, Neb., April 19.—Some of the enthusiastic Chadron women have held a meeting here last night and organized a cavalry company, which they have tendered to Governor Holcomb in case of war with Spain. The members are accomplished horsewomen and "dead shots," and they say they will go to Cuba or fight the dons if given a chance.

SENATOR WALTHALL DYING.

The Mississippi Statesman Rapidly Sinking Under Disease.

WASHINGTON, April 19.—Senator Walthall, of Mississippi, who has been critically ill for several days, is not expected to survive during the day. His physician announced this morning that there was not one chance in a thousand for his recovery.

AFFECTED BY WAR OUTLOOK

A Great Slump Occurs in Spanish Bonds—American Securities Dull.

LONDON, April 19.—American securities on the stock exchange today opened dull and lower. After the opening prices steadied somewhat, but at 12:30 o'clock the market again turned weak.

Spanish 4's opened 59¾ and further declined to 58, a net loss of 2¾ as compared with yesterday's quotations.

PARIS, April 19.—Spanish 4's are quoted on the bourse today at 59, a loss of 2¾ from yesterday's final price.

BOARD OF WORKS.

Routine Business at Yesterday Meeting.

Remonstrance Against the Paving of High and Holman Streets Considered. Action Postponed.

The board of works yesterday received communications from City Clerk Manning announcing that the city council had passed resolutions requesting the commissioners to build a bridge over the Maumee river at Walton avenue and called attention to the fact that the time had expired which the Consolidated street railway was to be allowed to place fenders on street cars. Clerk Schmidt was instructed to notify the commissioners and the street railway of the action of the city dads.

A remonstrance against the proposed paving of High street was received and placed on file. Property owners there say a pavement would work no benefit unless a sewer is constructed along the street first. The remonstrators will be heard next Thursday evening.

A remonstrance against the proposed paving of Holman street with asphalt was also received. Only two resident property owners had signed their names to it.

The Home Telephone company was granted permission to lay an additional conduit for underground wires on Calhoun street, from Superior to Lewis, and on Main street, from Court to Maiden Lane, and in the alley between Main and Columbia, from Clinton to Barr. The company was also granted permission to erect an iron pole on Calhoun street, between Washington and Jefferson.

A remonstrance against paving the alley between Wayne and Washington streets, from Calhoun to Harrison, was received and placed on file. The following resolutions were confirmed:

For grading South Wayne avenue, from Home avenue to Organ avenue, and for building sidewalks on both sides of the street; for grading and building sidewalks on both sides of Wildwood avenue, from South Wayne to Fairfield; grading and building sidewalks on both sides of Kinnaird avenue, from South Wayne to Fairfield; grading and building sidewalks on Packard, from Fairfield to South Wayne; grading and building sidewalks on both sides of Cottage avenue, from South Wayne avenue to Indiana avenue; building a sewer in the alley between Fletcher avenue and Walton avenue, from Penn street to Allison street.

Two of the above resolutions were amended, taking off a portion of South Wayne avenue, and providing for sidewalks on one side only of Wildwood avenue.

A GOOD MAGAZINE.

"Success," a Periodical that Will be Helpful to All Who Read It.

This is not a paid notice. We desire to recommend to every reader of THE SENTINEL the magazine called "Success." It is the most helpful magazine published and should find a place in every home. It was only started last January, but has already a circulation of more than 50,000 readers. It tells each month how people made a success of life. If you cannot get it at our city book stores or news stands, order it from the publishers, Success company, Cooper Union, New York city. The price is only $1 per year.

Jake's Luck.

Jakie Meyer, the popular violinist, who for many years has played to the delight of large audiences at the Temple, will shortly leave for London, Eng., to claim his rights to $50,000 bequeathed him by the late Lord Meyer, of London. His many friends regret his departure, for they will miss his beaming countenance, which may assume a sort of dignity when he returns.

Might Be Gratified.

He—What is he singing? She—Let me take a Soldier Fall. He—If I only had a gun!—Pick-Me-Up.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You by having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, fetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bros.

ROYAL

is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER CO., NEW YORK.

CALL FOR MEN.

Captain Curtis Will Strengthen the Artillery.

Issues Orders That Fifty Recruits Will be Taken Into the Service at Once.

INDIANAPOLIS, April 19.—One of the most important results of the visit to Washington of General Mc-Kee and Captain Curtis which came to light last night is the discovery of the fact that the Indianapolis light artillery has been ordered to muster in fifty new men at once and increase its membership from 103 to 153. This was announced last night at the barracks and the recruiting officers began today examining and receiving the new men. There is still a large reserve list and the increase ordered will greatly rejoice some of the men, who thought they were shut out.

It was also announced last night that the Indianapolis light artillery would be expected to take the field at once, and the members must hold themselves in readiness to go at a moment's notice.

Nobody has any idea how many men will be ordered by the general government from Indiana at the outbreak of hostilities if war comes. It will depend entirely upon the time of year, the weather in certain quarters and other contingencies which cannot be anticipated. One regiment may be wanted at once and four may be ordered at the start. No one knows. It is believed that even General McKee does not know this, nor has he any idea. The war department hasn't settled the matter as yet.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O.

NERVOUS DEBILITY & SEX. DISEASES.

Hours—9 to 11 a. m., 2 to 5 and 7 to 8 p. m.

Dr. B. A. Stockdale,

33 W. Washington St.,
Fort Wayne, Ind.
Not in Office Wed. and Thurs.

The Successful Remedy for NASAL CATARRH

must be non-irritating, easy of application, and one that will by its own action reach the inflamed and diseased surfaces.

ELY'S CREAM BALM combines the important qualities of quick action and specific curative powers with perfect safety to the patient. This agreeable remedy has mastered a catarrh as nothing else has, and relief comes and patients freely concede this fact. All druggists cheerfully acknowledge that in the history of their experience Cream Balm has been the most distressing symptoms quickly yield to it. In acute cases the Balm imparts almost instant relief.

By Absorption.

Catarrhal sufferers should remember that Ely's Cream Balm is the only catarrh remedy which is quickly and thoroughly absorbed by the diseased membranes. It does not dry or irritate the parts, but changes the secretions to a healthy condition, and finally to a natural and healthy character.

The Balm can be found at any drug store, or by sending 50 cents to Ely Brothers, 56 Warren St., New York, it will be mailed.

Full directions with each package.

Cream Balm opens and cleanses the nasal passages, allays inflammation, the sores heal, the membrane is protected from additional colds, restores the senses of taste and smell. The Balm is applied directly into the nostrils.

J. D. Edwards, J. F. Mann, Richard N. Erwin and others, of Decatur, Ind., are in the city to attend the state convention of Hibernians.

Mr. and Mrs. Frank Ison and their daughter left today for Indianapolis, where they will reside in the future. They are traveling overland in a buggy.

There were eighty-six applicants for government positions examined yesterday. Fully two-thirds were seeking employment in the railway mail service.

Owing to sickness there will be no meeting of the Ladies Aid society of the Bethel church at the home of Mrs. George P. Rambler, No. 358 East Wayne street, tomorrow afternoon.

Daniel Benderick and P. M. McCarty, of Huntington, are in attendance upon the state convention of Hibernians. Mr. McCarty is the democratic candidate for marshal of the Lime City.

The tea to be given by Mrs. C. M. Comparet to the Ladies of the Maccabee Hive No. 6 will be postponed until Wednesday, April 27, from 2 until 5 p. m. Everyone is expected to bring a thimble.

Patrick Ryan last evening for the Catholic Knights of America, paid over to the heirs of the late P. S. O'Rourke, the sum of $2,000, the amount of insurance Mr. O'Rourke carried in the Knights.

The engagement of Miss May Erickson, of this city, to a prominent business man of Philadelphia, has been announced. The young lady will leave for her future home next week. Good wishes of her many friends will follow her.

The First A. O. U. W. band gave its last progressive pedro and dance of the season last evening at A. O. U. W. hall. These affairs during the winter have been well attended, and members of the band have made each occasion enjoyable for those who attended. Some money was realized.

City Civil Engineer Randall has received a letter from Henry Gannett, geographer of the United States Geographical survey of the department of the interior, returning thanks for favors. In this letter Mr. Gannett says that he has taken the elevation of the Pennsylvania depot in Fort Wayne and finds it 775 feet above the sea level.

Huntington News-Democrat: Mrs. H. S. Wells was in Fort Wayne today attending the funeral of a daughter of Mr. and Mrs. Kampe. The child was a namesake of Mrs. Wells.—Miss Lizzie Hiser, of Luther, Ind., was in the city Saturday en route to her home from Fort Wayne, where she has just completed a ten weeks' course in the Fort Wayne Conservatory of Music. Miss Hiser is quite accomplished in music and expects to form a class at her home.

Tomorrow night at the Sons of Columbus hall, and under the auspices of that society, there will be an entertainment, of which Hon. S. B. McManus, of Logansport country, will be the chief dispenser. Dr. McManus is known far and wide as the "quaint Indiana poet," and he will recite some of his productions that have proved the greatest favorites. Mr. McManus recites his verses with the same natural and dramatic qualities that so conspicuously mark James Whitcomb Riley's efforts, and by is believed by his friends to be no mean rival of the Hoosier Poet. Mr. McManus will compel enjoyment on the part of all who attend.

Miss Bertha Young is ill.

W. B. Brown, of Auburn, is in the city today.

Miss Mary Morton is confined to her room by illness.

Miss Minnie Cortez, of 37 West Williams street, is very ill.

N. T. Mills, of Bluffton, registered at the New Avelue over night.

Miss Lida Smelker, of New Haven, was a visitor in the city yesterday.

Miss Belle Faus has returned from Hanover, where she was the guest of friends.

Miss Emma Michaels, of Chicago, is the guest of Mrs. John Stone, at 48 Scott avenue.

Henry Frnit, an employe of the Diether Lumber company, is seriously ill with grip.

Mrs. H. Thomas, accompanied by Miss Grace Wilding, has returned to her home, in Elkhart.

Mrs. N. J. Davis, the south side hair dresser, who has been ill for a short time, is convalescing.

The ladies' auxiliary of the Y. M. C. A. have postponed their meeting until Thursday, May 5.

Miss Ellen Spencer, who was the guest of Miss Emma Jenkinson for a few days, returned to her home in Indianapolis yesterday.

The police arrested six boys at the old Methodist college at 2:30 this afternoon. For several weeks boys have congregated at the college and their actions there have been very annoying to the neighbors. The matter was laid before Superintendent Gorshine and he decided to break up the meetings and with this end in view the raid was made this afternoon.

Captain Stoll, of the Pennsylvania company, received word from his officers at Lima, Ohio, last night that two boys had run away from their homes in that city and that they had headed for this city. Their names are Lonny Rheinstrom and Guy Howells. They are about 16 years old and are riding bicycles. Before they left home they told some companions that they were going to Denver. The father of one of the boys arrived in the city last night and has been making a search for the lads. They may have taken another route between here and Lima.

WEARING THE GREEN

State Convention A. O. H. in Session.

Almost One Hundred Delegates Are in Attendance—Conventions Called to Order at Noon.

The state convention of the A. O. H. convened in Library hall at noon today. There are seventy or more delegates in attendance, all county presidents except four having reported. The convention was called to order by John W. O'Hara, state president, who offered prayer in the absence of priests. Mayor Henry P. Schoner then in a neat and appropriate address welcomed the visiting delegates to the city. President O'Hara responded in his inimitable manner. The convention proceeded to business and a committee on credentials, composed of the several county presidents, was appointed. Adjournment was taken until 3 o'clock this afternoon, at which time the committee on credentials will make its report.

Besides the delegates to the convention there are a number of visitors, including about twenty-five priests. At 8:30 tomorrow morning the Hibernians will meet at Library hall and march to St. Patrick's Catholic church, where Bishop Radomatcher will pontificate. After mass there will be a parade, weather permitting. The parade will occur about 11:30.

Tomorrow evening a grand banquet will be tendered at Library hall. Hon. Will P. Breen, of this city, will be toastmaster. Election of officers will be held tomorrow afternoon and the convention will not be prolonged until Thursday.

Hibernian headquarters are at the Randall hotel, which hotel has been decorated in green and the national colors in honor to the delegates.

AN ACT OF WAR.

Spain to Be Regard the Signing of the Resolutions.

LONDON, April 19.—The afternoon newspapers here today unanimously express the opinion that if President McKinley signs the joint resolution of congress it will preclude the possibility of peace. The papers also think it probable that when the demands of the United States are transmitted to Spain the latter will regard them as an act of war, without waiting for further action upon the part of the United States.

MUST COME HOME.

Military Attaches of Foreign Courts Ordered to Return.

BERLIN, April 19.—The United States military attache at Vienna, Lieutenant J. L. Chamberlain, and the United States military attache at St. Petersburg, Lieutenant Arnon, have been called home.

Go hear the "Farmer Poet" at Sons of Columbus hall tomorrow evening. Admission 25c. 19t2

IS A DECLARATION OF WAR.

[CONTINUED FROM FIRST PAGE.]

sylvania; Reatwole, of Minnesota, and Dinsmore, of Arkansas, were appointed conferees for the house. The house then took a recess until 8 o'clock.

The senate wrestled with the proposal for a conference, finally consenting. The chair appointed Messrs. Davis, of Minnesota; Forraker, of Ohio, and Morgan, of Alabama, as the senate's conferees. The senate then took a recess.

At 8 o'clock the senate again met and listened to the report of the disagreement of the conferees.

Until past midnight there seemed little hope of an agreement. At 1:40 a. m. the conferees reached an agreement upon restoration of the words "are and" in the first paragraph, and eliminating the Turpie amendment recognizing the independence of the Cuban republic.

The house receded from its amendment striking out the words at 1:45, and at 1:45 the senate receded from its amendment recognizing independence.

Thus the house forced the senate to surrender upon the main point of contention and the resolution, which is practically a declaration of war against the government of Spain, was ready for the signatures which make it a law.

A Fancy for the Hair.

The inhabitants of the Nicobar islands, a group in the Indian ocean, have an extraordinary fancy for old hats, and a regular trade in such cast-off headgear is carried on between Calcutta and Nicobar, the much-desired headpieces being sold for its cocoanuts. A tall chimney-pot is the favorite among the Nicobarians, and the acme of fashion is considered to be a high white hat with a black hat-band. This is worth from 50 to 60 cocoanuts and is worn by the Nicobarian dandy when he goes out visiting, the rest of his attire consisting solely of a waistcoat.

WANTED.

Sewing and apprentice girls at 373 Calhoun street.

All lovers of music and humor should not miss seeing and hearing the sightless brother and sister, John and Mary McCoy, at Library hall next Thursday night. Their program is a lengthy one, and is full of variety and interest. It embraces selections from Venti and Gottschalk arranged for the piano. Vocal duetts, soprano solos, baritone solos, standard and popular. Besides the musical part of the program, some impersonations will be rendered by John McCoy. His cleverness in this line is really remarkable since he has never seen a human being act. Judging from the manner in which these artists pleased their audience here over two years ago, they will surely be greeted by a crowded house. Admission 25 and 35c. Seats on sale at A. C. Aurentz's. Children, 15c.

Bicycle Experts!

Examine the Rnycolo Pacemaker and the Rnycolo Special at the Rnycolo headquarters, opposite Masonic Temple, 84 Clinton.
WM. O'CONNELL,
19t6 Manager.

Hon. S. B. McManus, the "Farmer Poet," should be heard by all who can possibly be at Sons of Columbus hall tomorrow evening. 19t2

Don't forget the Rod and Reel Fishing Clubs's ball at Randall hall Thursday evening, April 21.

We are better prepared than ever to do your carpet work. The Zimmer Carpet Cleaning Co. Phone, 496.

BICYCLE SUIT, 50c.

For 50c we can supply you with that which takes the place of bicycle trousers and golf hose. "The Knicker Top," for 50c, converts your trousers into knickerbockers and your socks into golf stockings, thus making a complete bicycle outfit out of your business clothes. The "Knicker Top" saves the cost of bicycle trousers and golf hose; saves lots of trouble and looks as well and answers every purpose of a complete bicycle suit. Cost, 50c. For sale only by
19t2 SAM, PETE & MAX.

Do You Wear Clothes?

Your attention is respectfully called to the fact that the large and well-known concern styled Pixley & Co., Fort Wayne, Ind., will have an expert cutter to take measures free of charge for suits, pants and overcoats. He will also have samples of the goods in full pants lengths, so that you can easily see what the goods look like
Suits to order, $12.00 and upwards.
Pants to order, $3.25 and upwards.
We will show the largest and most complete line of woolens ever put on the market, so that if you contemplate making a purchase elsewhere, don't do so until you have seen our line. This sale takes place on Tuesday and Wednesday, April 19th and 20th. Don't forget the date and place. Our motto—"No fit, no sale."

COURT NEWS.

John J. Darrell Brought Back From Indiana—Items of Interest in the Courts.

Deputy Sheriff Gladieux returned at 3:15 this afternoon over the Nickel Plate railway with John J. Darrell, who is defendant in paternity proceedings commenced by Alice Maxfield. The young people live in Colairville. Darrell had gone to Iowa.

Stenger & Wight were this afternoon awarded the stone work on bridges to be built at Flat Rock, Monroe township, and over Indian creek on the Aboite township line.

William Munich, a resident of Hoagland, called Deputies Stout and Witte to his home today on a wild geese chase. He thought he had been robbed at 4:30, but learned after the officers left Fort Wayne that his sister had hidden it away from thieves.

In the divorce case of Eliza Weimer vs. James A. Weimer, Judge Dawson granted defendant a divorce on cross-complaint.

Lydia McGrory commences divorce proceedings against George McCrory, the ex-policeman, alleging cruel treatment. P. B. Colerick is attorney for plaintiff.

The last will and testament of Lawrence Ambruster was today filed for probate. He bequeaths $50 each to George and Ignatus Meyer, sons of his first wife who reside in France. To St. Peter's Catholic church he bequeaths $200, Anna B. Smith, his fiancee, is appointed executrix and is bequeathed $200. To the grand children, John Aubrey, jr., Chas. Aubrey and Louis Aubrey is $2,000 life insurance policy in the C. B. L. is bequeathed share and share alike. The home of deceased is also left to the grandchildren. John Aubrey, the son-in-law is left $200 to be expended for gravestones at the grave of his wife, deceased's daughter.

POLO WILL GO.

Spanish Minister to Depart When Cuban Resolutions Are Law.

WASHINGTON, April 19.—Spanish Minister Polo will begin his departure from the United States as soon as notified that the Cuban resolutions are a law.
